

teknion

tone + tone SQ

Quiet, yet spirited, design. Visually soft and minimalist, and designed to blend seamlessly with its setting. Tone's rounded frame invites touch, while Tone SQ's rectilinear silhouette asserts presence. Each allows for an expressive and efficient use of materials. Two different mesh styles are available in an uplifting color palette. Exclusive to Tone, an innovative knit sleeve, adapted from the organic structure of a leaf, adds texture; while the Luum sleeve expands aesthetic options.
