

africa upholstered chairs

africa upholstered chairs
product information

In partnership with Vondom, a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces, Studio TK has brought Eugeni Quittlet's Africa collection to North America.

The Africa collection now expands to include an armchair and lounge with upholstered seats, bringing enhanced comfort and support to the way people live and gather. Balanced proportions and a sculpted, inviting form maintain the collection's clean, distinctive silhouette, while durable materials and refined detailing ensure lasting performance. The addition of upholstery extends the collection's comfort and residential warmth across indoor and outdoor hospitality and workplace environments.
