

Studio TK Lead Times

Effective March 2 - March 6, 2026

General

Please check the Price & Product Guide for detailed offerings and options. Lead times are accurate at the time of printing and are subject to change. Updated each Monday. Orders received with multiple product lines will receive the longest lead time for the entire order unless otherwise noted.

COM/COL orders are scheduled on receipt of the order by Studio TK. COM/COL must be received by Studio TK at least ten (10) business days prior to the Estimated Ship Date (ESD). Any delays in the receipt of the COM/COL by Studio TK may cause an order to be placed on hold, causing a delay in production. This delay in production may result in change of an order's ESD. Leather products may experience longer lead times.

Pre-Order

Please contact us at: customersupport@studiotk.com when:

Studio TK orders consist of more than 20 units may receive a longer lead time than stated.

B&B Italia orders consist of more than 10 units may require a longer lead time than stated.

Specials:

Please review lead time on all specials. If a special's lead time exceeds standard posted lead time, the special's lead time will take precedence.

Notes:

You may want to split items off of an order or discuss alternative options.

Please contact customer service for more accurate delivery dates.

The following Luum textiles are discontinued: Actuate Complex Crossgrain Digi Tweed Ecotone Graviton Heather Tech Megacheck Percept Rationale Superspun. Please consider other options using the [Studio TK COM Database](#)
