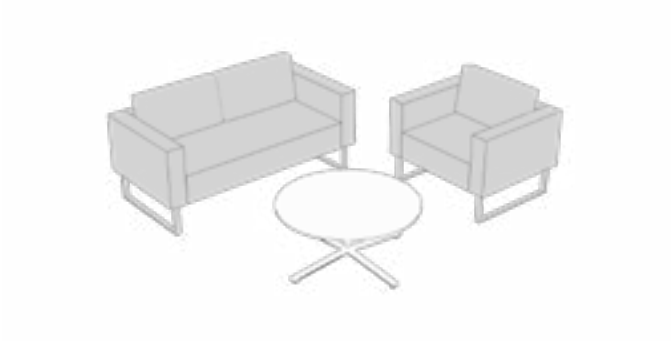
Studio TK offers a variety of seating, tables and screen collections.

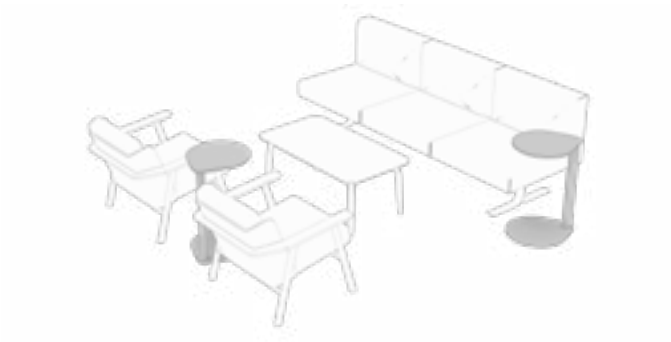


Adventura

Adventura is a flexible lounge collections including a lounge chair, settee and sofa with a variety of options to fit in various workplace applications. Designed by the Studio TK Design team, Adventura brings in classic design details of European styles paired with Studio TK's flexible options to allow designers to select multiple fabrics, finishes and optional details. Inspired by a "choose your own adventure" selection of finishes and configurations makes this simple set of configurations very expansive for refined corporate spaces or crafted start-up environments.

Africa Seating by Vondom

In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Africa seating in North America.
The Africa collection includes a chair, armchair and bar stool. The essence of this collection is reflected in its simple and natural forms. As the Africa collection's designer, Eugeni Quitllet, says: "The most simple things are the most original... The most original thing is to be simple... ." Africa chairs is made of injected polypropylene with fiberglass. Chairs and stools are stackable and available in several colors.



Artifort Compass

Offered through a partnership with Artifort in Schijndel, The Netherlands, Artifort Compass tables are simple, elegant wooden companions that enhance seating spaces and adapt naturally to flexible lifestyles. Designed by Mike & Maaike, Artifort Compass' semi-circular surface is welcoming from many angles, allowing individuals to position and reposition to suit your needs quickly.

Artifort Compass perfectly harmonizes with Studio TK's chairs, lounges, sectionals, and sofas. Its low-profile base slips conveniently under your sofa or chair while its cantilevered design brings the surface comfortably close. Artifort Compass can be rotated to one side, positioned in front, or hovered over your lap, providing the perfect surface for a drink or the ideal position for your laptop.

Ballad Plastic Chairs

Part of the extensive line of seating designed for Studio TK by Patrick Norguet, Ballad plastic work and side chairs feature an easy to clean polymer seat shell or a hybrid polymer and upholstered option for added comfort. Ballad chairs are an ideal solution for a café, employee lounge environment, meeting spaces, office side chairs, collaboration and ideation spaces, and more!

Ballad Plastic Stools

Ballad plastic stools feature an easy to clean polymer seat shell or a hybrid polymer and upholstered seat option for added comfort. Part of the extensive line of seating designed for Studio TK by Patrick Norguet, Ballad stools are available in a counter or bar height and the ideal solution for a café, employee lounge environment, ideation spaces, and more!

Ballad Upholstered Chairs

Ballad offers a form that is pure and simple, with nice details and a little character. Part of an extensive line of seating designed for Studio TK by Patrick Norguet, Ballad fully upholstered work and side chairs come in a variety of options to complete every environment.

Ballad Upholstered Stools

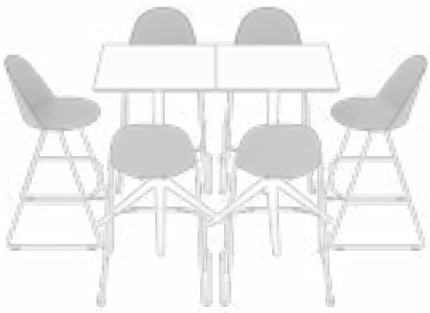
Ballad stool offers a form that is pure and simple, with nice details and a little character. Part of an extensive line of seating designed for Studio TK by Patrick Norguet, Ballad fully upholstered stools come in counter and bar heights to complete every environment.

Ballad Lounge

Combining form and function into the perfect lounge chair that will be a timeless addition to any space. Part of an extensive line of seating designed for Studio TK by Patrick Norguet, Ballad Lounge offers relaxed style and comfort in a traditional low back chair or a high back chair for added privacy.

Ballad Plastic Outdoor Chairs

Designed by Patrick Norguet, the Ballad Plastic Outdoor Chair collection brings the harmony of its indoor origins into the open air. The chairs are available in both arm and armless versions, with a choice of four-leg or sled bases. With seats made from durable plastic, Ballad strikes the perfect balance between form and function. The collection features UV-protected, outdoor-certified paints and finishes, crafted to withstand the elements. With eight frame finishes and three seat color options, the collection offers a rich palette of possibilities for expressive, resilient design.



Ballad Plastic Outdoor Stools

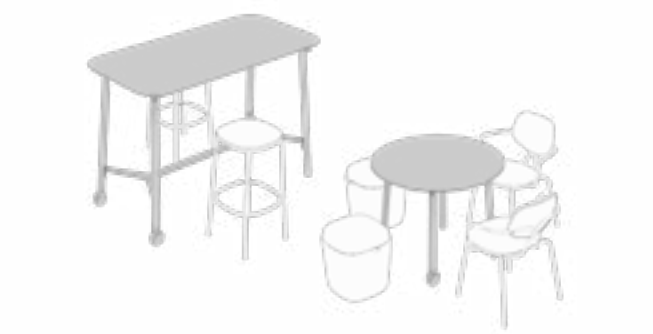
Elevate the rhythm of your outdoor spaces with Ballad Plastic Outdoor Stools, a continuation of the Ballad collection created by Patrick Norguet. Designed in an armless silhouette with two functional heights, bar and counter. Ballad Stools offer a refined simplicity ideal for collaborative moments or quiet interludes. Engineered for outdoor spaces, each stool features UV-protected frames and plastic seats. With eight distinct frame finishes and three plastic seat colors, the collection offers a rich palette of options, allowing you to compose your space with intention and individuality.

Beso by Artifort

Beso, spanish for ‘kiss’, is a versatile and stylish chair program created by Dutch designer Khodi Feiz. Beso collection includes variations of guest chairs, lounge chairs and stools. The juxtaposition between powerful and simplistic in the Beso design allows for a comprehensive seating program that can be placed in a large array of applications. Beso allows for long comfortable work with others, without the need to take a break or stretch your legs.

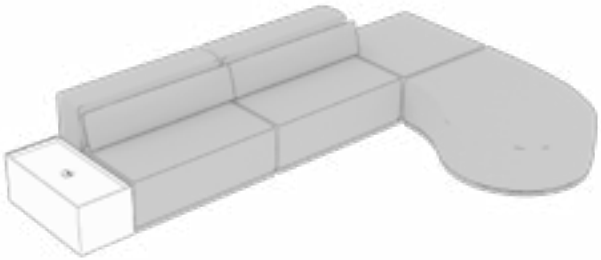
Bevy

Bevy, a dynamic table platform, you can configure to your hearts delight. For sitting, standing, or perching the collection is designed to flexibly solve any spatial configuration. Six heights, as well as a range of top sizes, offer a bounty of permutations to create spaces that allow for heads-down focus or holding court. Reimagining the workplace from the ground up, multiple base options and a variety of finishes offer a range of ways to customize the perfect cultural fit. With a variety of table top shapes and finishes you can create surface appeal with a deeper cultural meaning.



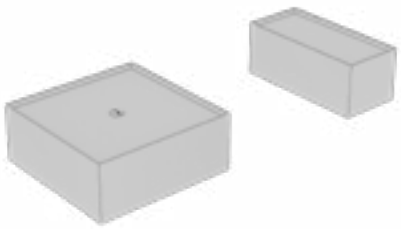
Bevy Mobile

Bevy Mobile allows for fluid multipurpose design with easily movable, change friendly tables that you arrange to your space needs of the moment. Equipped with 4"/100mm wheels to one side, Bevy Mobile is easily reconfigured by a single person to be grouped together for collaboration or broken apart for individual focus time. Each corner features a bag hook for easy access to personal items and lift them up off the floor. Available as a square, round and rectangular work surface, Bevy mobile features hardwood legs for a crafted elegance and painted accents for a custom touch.



Borough

Hospitable by nature, elegant by design, the modular lounge collection introduces a casual sophistication to any social setting. Borough lounge raises the bar of modular seating by combining home seating elements with the modular flexibility necessary for today's workplace. The application options of Borough are endless. The broad array of individual modular pieces expands the possibility of adaptation when planning spaces not only today but well into the future. As the needs of a workplace change, the Borough Lounge can adapt to fill those needs because of its compatible sectional geometry. The uses can be as simple as a single seat banquette to a room-filling back-to-back serpentine. Borough's modular system brings elegance, comfort, versatility, and functionality to any office environment.



Borough Tables

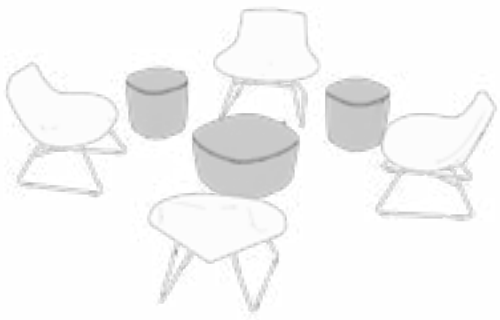
Borough is a collection of hospitality oriented elements set to enhance our daily experience as we journey between our destinations. Ideally sized to pair with the Borough sectional lounge collection or use independently with your favorite lounge seating. The elegant wood case can be paired with a large variety of laminate, wood or glass top options.

Braso by Artifort

Offered through a partnership with Artifort in Schijndel, The Netherlands, Braso from Artifort offers comfortable lounge chairs that are perfect for relaxing or socializing with co-workers. Designed by Khodi Feiz, these inviting chairs feature unique armrests inspired by the natural form of the human arm, making it easy to relax. The corners on Braso are individual joints that bend together for a curve, inviting the user to sit at an angle comfortably with an easy line of sight for social conversations. Choose from a low-back easy chair or high-back armchair, both available with a hardwood four-leg base or a steel four-star swivel base finished in Studio TK's Fundamental and Fashion powder paints.

Cesto

Cesto, spanish for ‘basket’, is a collection of interactive seating and table elements designed to address the dynamic collaborative and social behaviors typical of today’s work environment. The lightweight, easily mobile poufs allow for people within the office to move pieces around the space at their hearts content. The stools allow for quick touchdown collaboration at traditional 29" high tables and the poufs and benches with or without backs were designed for more social spaces and allowing for collaborative work at a 26" high table.



Cesto Tables

These lightweight, easily mobile tables allow for people within the office to move pieces around the space and are at home with any seating line. Composed of an upholstered bottom element and a variety of functional tops, this simple collection offers a comprehensive family of occassional tables for the new social office landscape.

Clip

Clip is a versatile seating option designed by the Swedish architectural and design partnership of Claesson Koivisto Rune. Inspired by the common hair band, Clip’s curved shape supports and wraps around the user, affording both comfort and a sense of openness. Designed for Studio TK, the rounded aesthetic is accentuated by taut upholstery; crisp, clean stitching; and bolstered in the back with a custom-designed clip.

Clique

The Clique bench series configures to today’s diverse office landscape. It is an agile seating system that can act as a perimeter bench program or as a freestanding, soft collaborative bench for impromptu meetings. The ability to pair with 29" high work tables allows Clique to be used in a traditional work height setting with a lifestyle approach. The variation of back styles and two leg options allows for countless applications where no two spaces look the same.

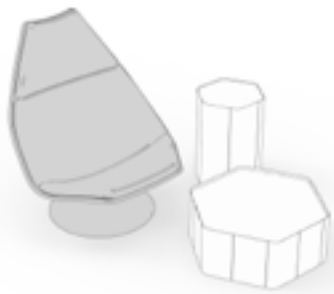
Cover

Designed by Claesson Koivisto Rune, the Cover lounge collection is inspired by classically tailored garments worn in a layered style. The collection plays in tune with any room, office or even home. With a high degree of upholstered comfort, Cover creates a light-scale environment perfect for quick meetings and conferencing or a private nook for individual reflection. The four-star swivel and the four-leg base can be finished in polished aluminum or embellished with color in any of Studio TK's Fundamental or Fashion powder coats.

Delta Seating by Vondom

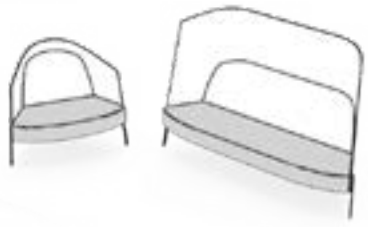
In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Delta seating in North America.

The Delta collection by Jorge Pensi blends equally well with exterior or interior contemporary spaces. The design intent behind the Delta chair was to create a timeless product that constantly seeks to strike a balance between realism and surrealism – matter and antimatter, abstraction and emotion. The goal was to maximize emotions while minimizing resources, questioning the common logic of something new. Delta seating is made of injected polypropylene with fiberglass. Chairs are stackable and available in several colors.



F500 Series by Artifort

The F500 Series, in partnership with Artifort, encourages a moment to relax or recharge during a busy workday. Designed in 1967 by Geoffrey Harcourt RDI, the F500 Series lounge was inspired after noticing his girlfriend sitting in furniture cross legged. With comfort in mind, he designed a chair wide enough for this informal position. Choose from three upholstery styles from a smooth fixed upholstery for sleek modernity to a traditional tufted for elevated formality. Add personalization with a variety of powdercoat finishes to the disk base to create your own refuge.



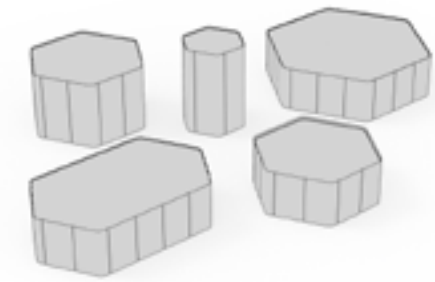
Fractals

Today's technology-enabled workforce is more mobile, dynamic and team-oriented – no longer tied to a desk.

Designed by Jeffrey Bernett and Nickolas Dodziuk. Fractals provides a modular program that creates a new level of planning in a myriad of fluid configurations. The term 'fractals' describes a geometric or physical structure having an irregular or fragmented shape.

Fractals Nook

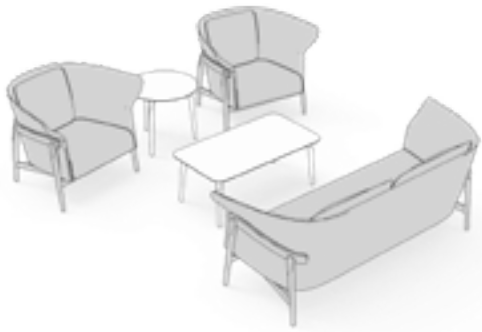
Fractals Nook, an extension of the Fractals Seating product, uses an organic high shell with an added worksurface to create an intimate desk carrel for heads down work. Fractals Nook allows for users to create a distraction free zone for work. The natural curves of Fractals create unique space planning capabilities for socials spaces that require the need for privacy. The addition of the Fractals Nook now allows for new planning scenarios for the complete Fractals line. It offers the ability to intertwine high back lounge pieces with high desk nooks.



Freehand

Freehand occasional tables were designed around the free-flowing pencil of an artist. The inspiration is the juxtaposition of a super mechanical process of extruding aluminum to these forms that are organic and imperfect, and flow from one piece to the next.

Though not perfectly symmetrical, table sides fit together to form a number of geometric shapes that can then be finished with tabletop surfaces.



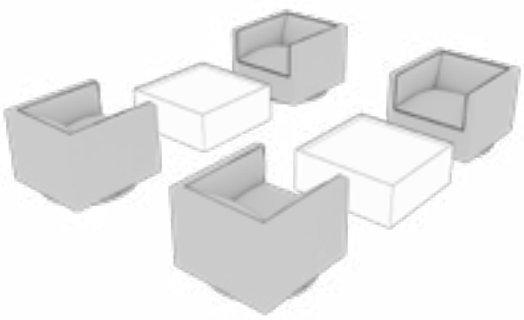
Havn

Havn is a Scandinavian-inspired seating collection comprising a winged lounge chair and settee. In Danish, “havn” means harbor, suggesting that this lounge chair is a good place to “dock” during the day with a coffee or a book. It’s a retreat from the norms of everyday work. Havn enables open lounge settings or focused work with its high back.

Havn Table Series

In coordination with the Havn lounge series, Busk+Hertzog set out to create a small yet versatile series of universal occasional tables that matched Havn seating’s crafted architecture.

Havn tables complement Havn lounge seating both in design and functionality but, at the same time, work perfectly on their own or together with other lounge furniture, within or outside the Studio TK collection. Combining various heights, sizes, shapes, materials and colors, Havn configurations are as endless as the ways they can be applied.



Infinito

Infinito brings a traditional lounge look with a not-so-classic feel to any scenario. Designed with an intentional, rigid exterior and a soft, relaxed interior, Infinito brings the comforts of home to the office.

Jima by Artifort

Offered through a partnership with Artifort in Schijndel, The Netherlands, Jima is a sleek, expressive chair that fits seamlessly into different worlds – home or office. Particularly noteworthy is the single, flowing line running from the top of the back, via the arms to the bottom of the seat. This makes it appear as if the seat cushion is locked in an embrace, providing ergonomic perfection and maximum comfort. Designed by Paris based Patrick Norguet.

Jotta

The strength of the office is in its people and their interactions. Employers must enable their staff to fluidly migrate between focused concentration to social collaboration and back. Jotta, designed by Estudi Manel Molina, services broader applications of the social office landscape by supporting both work postures of lean forward personal productivity and lean back social collaboration. Jotta is available in an iconic cantilevered arm or a loop arm, both with a Four Star Swivel base for casual collaboration and personal focus, or with a height adjustable Five Star Task base for an agile and responsive solution in teaming environments.

Kalm by Artifort

Kalm is Artifort's large, cozy lounge chair by French designer Patrick Norguet. It is a sanctuary in its own right, a place to unwind and get comfortable. With Kalm, Patrick Norguet has created an iconic, luxurious and comfortable high-back armchair for your living room or study.

Kalm is not only a beautiful chair that will earn a special place for itself in your space. Several Kalm armchairs grouped together will define a hotel lobby or meeting room and create a distinguished and iconic image.

Kes Seating by Vondom

In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Kes seating in North America.

Designed by Gabriele + Oscar Buratti, Kes is a simple chair and armchair. The collection of seating is perfectly suited for transitional indoor and outdoor spaces allowing for use in the indoor café as well as the outdoor patio. Kes is a versatile complement to Studio TK's existing tables collections and Vondom's outdoor table solutions.

Formed from injected polypropylene with fiberglass, Kes is stackable and available in several colors.

Kuskoa Bi by Alki

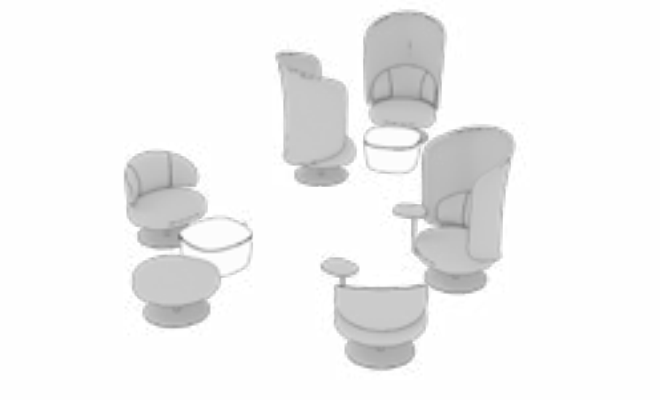
Kuskoa Bi is a statement piece you can sit on. This unique plastic design is derived from plant-based renewable resources. The rugged shell can be finished two ways and optionally upholstered in total or embellished with just an upholstered seat pad. The cut out shell provides ample back and arm support for long stretches of work. Two desk versions offer supreme mobility, available with a 4-star swivel and 5-star caster in two powdercoat finishes. The guest chair sits firmly on a solid oak trestle available in five finishes. Perfect for collaboration and conference room scenarios.

Kuskoa by Alki

Kuskoa is rethinking the role of form and materiality in the new workplace. From large cafes to small collaboration zones, the chair, counter and bar-height stools offer versatile elegance to pair with a range of table types. The stools provide a mid-back support for longer gatherings and a metal foot rest to encourage good posture. A range of material options and finishes provides a variety of ways to express your space. The veneer shell nestles within a solid oak base, which can be finished five ways. Material accents can complement the warmth of the wood with optional inner and outer seat upholstery.

Lasai by Alki

Lasai, a lounge with a calming sensibility and a crafted touch. The low profile, Hans Wegner-inspired recline is ideal for getting comfortable and catching up with colleagues. From the Basque for 'calm', the lounge's visual and tactile cues infuse a sense of balance in today's ephemeral work environment. The single and double seat configurations constructed with a wraparound solid oak structure for a welcoming lifestyle feel for your workplace. The oak frame can be finished five ways to add warmth, while the cushions and outer shell allow for a mix of upholstery finishes that can accentuate a space with a quick blast of color or subdue it with a muted palette.



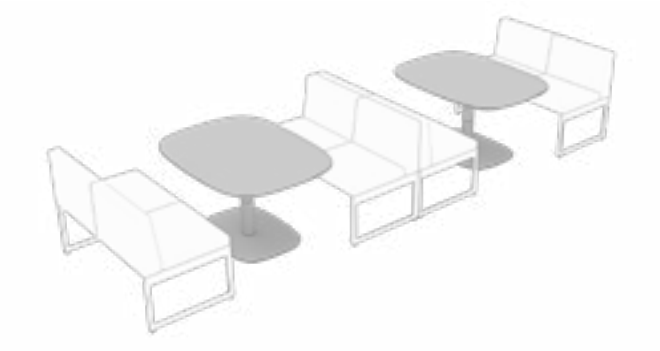
Libelle

Libelle, Dutch for “Dragonfly”, is a functional, yet whimsical, collection of seating options, including: a pouf, a low back lounge chair, and an innovative lounge chair with privacy. Designer Khodi Feiz created Libelle to deliver a personal escape while accommodating small collaborative interactions. An optional tablet arm is a versatile addition that will enhance functionality and can be installed after it’s placed to either the left or right side. The laid back but sophisticated style of Libelle is perfect for today’s flexible work environment.

Mari-Sol Tables by Vondom

Studio TK is offering Mari-Sol Café, Occasional and Work tables in North America in partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces. Mari-Sol is a table collection designed by Eugeni Quitllet that combines technology in its function with sensuality in its shape. Different dimensions allow the tables to adapt to any environment.

Café Tables, Occasional Tables and Work Tables are offered in different combinations of base styles, and various sizes of Round and Square Tops.

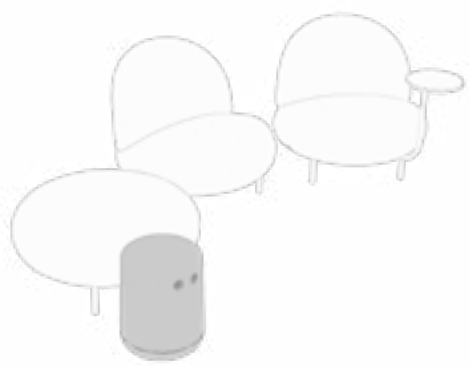


Minuta Tables

Minuta is an ideal platform for casual collaboration with co-workers and the temporary stops made during the day. Designed by Jeff Miller, Minuta is an ideal solution for a lounge; break room; café; meeting space; and the in-between spaces in the office.

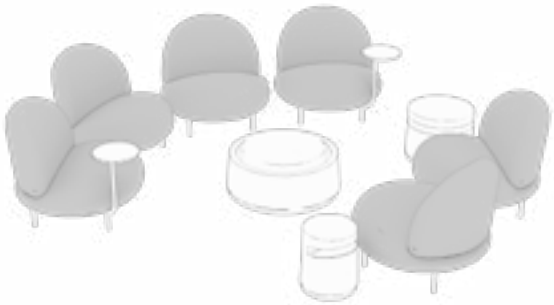
Modus Art / Abe / Arne

Offered in partnership with Modus in South Somerset, UK, and designed by Michael Sodeau, the Modus Art; Modus Abe; and Modus Arne cork occasional tables are a trio that share similarities while serving distinct purposes. Crafted from 100% recycled cork materials left over from the wine bottle cork manufacturing process, these tables have a positive impact on the environment. Cork is water-repellent, easy to clean, and offers sound-insulating properties, creating a memorable and cozy atmosphere.



Modus Bob

Offered in partnership with Modus in South Somerset, UK, the Modus Bob cork stool is designed by Michael Sodeau. Modus Bob features a natural cork finish that feels soft to the touch, a curved base with concave seat, and iconic holes that make it easy to move while adding a distinctive design element. Eco-friendly and functional, Modus Bob is an ideal solution for temporary guest seating applications, adding personality to any environment.



Modus Maluma

Modus Maluma lounge seating is offered through a partnership with Modus in South Somerset, UK. Designed by Claesson Koivisto Rune, this playful seating system takes a circular approach to enhance life today while being mindful of tomorrow. The collection features a round ottoman and chair, which can function independently or be connected to its neighbor using a flexible connection bar. This allows for a movement of +/- 30 degrees around a center pivot point of each sectional piece, enabling free-form seating arrangements.

Nina by Artifort

Nina a contemporary, mid-century modern design by René Holten. Elegant and comfortable for meeting rooms and dining rooms. The rounded, well-fitted back makes the chair comfortable as active seating or in a more relaxed position.

Ora Tables

Ora offers a comfortable gathering place that encourages you to connect with co-workers and linger a little longer. Ora, Italian for hour, is designed by Jeff Miller, with choice in mind. The hourglass shaped base features upper and lower components that are available in a durable polymer or fully upholstered to coordinate with seating. Work surfaces are available in a variety of heights and shapes in a laminate or veneer finish with knife edge.

Pala by Artifort

Designed by Luca Nichetto, Pala is a fully upholstered armchair available on a sleek Disc base or upholstered pedestal. The design follows the shape of the human body and cradles the user, providing a place to relax, decompress and take time for yourself. Pala combines Artifort's heritage with a contemporary approach.

Petal

Petal Lounge provokes an essence of nature and mimics the blossoming of a flower with the natural organic curves of the chair. The sense of tranquility Petal brings into a space adds an inviting atmosphere to any room. Designed by the Studio TK Design team as an accent piece in a traditional lounge environment or used in multiples for a stand-alone greeting space, Petal can enhance any space.

Pico

Inspired by Mt. Pico, Portugal's highest mountain peak, Studio TK's Pico Lounge is perfectly designed for public spaces, offices, lounges, or collaborative areas. Pico brings a sculptural element to today's workspaces from back to front. To achieve this goal, famed designers Flemming Busk and Stephan Hertzog used folded paper to create the natural shape of Pico. The organic appearance of both the low back and high back versions evoke a sense of comfort, encourage free movement, and open various seating postures. Complementing the free-flowing design, three very distinct bases are available: a 4-star swivel base, metal sled base and wood leg base. As a result, Pico is everything you want from a lounge chair; it is inviting, warm, and welcoming.

Point Long Island

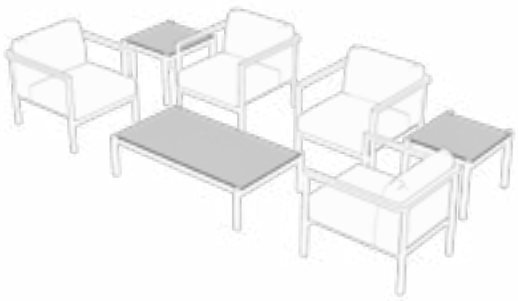
Offered through a partnership with Point Outdoor in Alicante, Spain, Point Long Island is designed by Christophe Pillet and a timeless classic you will never suspect can be used outdoors. Point Long Island's silhouette features straight shapes with thin lines that define this modular lounge seating collection. Eminently versatile, Point Long Island adds a universal elegance to any indoor or outdoor lounge environment.

Point Long Island Tables

Offered through a partnership with Point Outdoor in Alicante, Spain, Point Long Island is designed by Christophe Pillet, these thin profile occasional tables are available in three sizes and can be used indoors or outdoors. Design matched with finishes complementary to Point Long Island Lounge seating.

Point Origin

Simple and straightforward, Point Origin is a collection of lounge seating designed for casual indoor use and specified for outdoor durability. Offered through a partnership with Point Outdoor in Alicante, Spain, and created by designer Mario Ruiz, the collection includes lounge chairs, two—or three-seat sofas, and matching occasional tables.



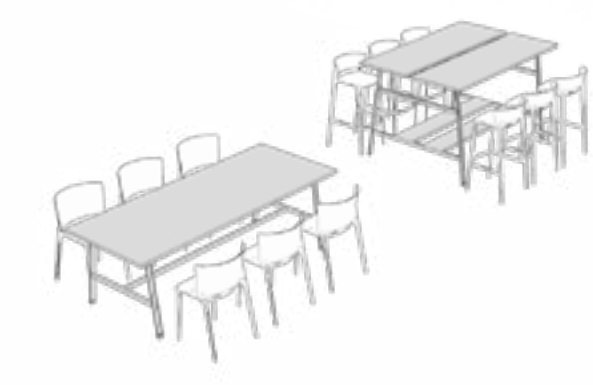
Point Origin Tables

Offered through a partnership with Point Outdoor in Alicante, Spain, Point Origin Occasional Tables are designed by Mario Ruiz as a finishing complement to the lounge seating series. The distinctive occasional tables are available in three sizes and can be used indoors or outdoors. Design matched with finishes complementary to Point Origin Lounge seating.

Qui

A collection of surfaces and seating, Qui is a flexible-use product that offers a multiplicity of deployments in reconfigurable formats.

Designed by Monica Armani, the collection defines and creates environments to encourage meaningful dialogue between a multitude of colleagues and small-format, touch-point areas for quick interactions and exchanges.



Rec Worktables

Designed by Christophe Pillet, Rec worktables are inspired by the raw, rectangular worktable from the industrial age, Rec creates high work postures ideal for today's social spaces. Rec worktables provide compelling high work settings for the more active worker and creative types – those who need to sit or stand and accomplish solo, heads-down work. Rec supports applications that serve both perimeter and open space planning, for personal touchdown, quick gatherings and longer-term collaborative work scenarios.

Rec worktables are offered in three popular heights. Two top styles in multiple sizes are available in linoleum, laminate and veneer. Three base styles are finished in 16 powdercoat colors.

Santé

The French celebrate by saying, "À votre santé" or "to your health." Award winning designer Patrick Norguet created a level of elegance with his latest project, Santé. A series of versatile side chairs and stools, Simple yet smart, Santé is light and agile for movement and is comfortable for hours of work, meetings or just relaxing. Santé projects a lifestyle-oriented sensibility that softens the office landscape and expresses a more casual work culture.

Shark by Artifort

Offered through a partnership with Artifort in Schijndel, The Netherlands, Shark is an impressive chair designed by Rene Holten. Despite its namesake profile, Shark offers exceptional comfort and support with its sturdy design and wrap-around back support. The chair is perfect for a relaxed hospitality dining setting, guest seating, and informal meeting spaces. The seat, back, and arms are fully upholstered and can be paired with a steel four-leg or sled-style base. The base can be personalized and finished in any of Studio TK's Fundamental or Fashion metal finishes, making customization easy.

Sly Tables

The Sly Table series is illusory, tricking the viewer's eye. Although the table surface appears to be angled, it is perfectly level. Sly is a crafted, light-scale occasional table series with a simple, unbalanced approach. The edge detailing creates a sense of non-conformity to traditional norms. Surface materials include linoleum, laminate, veneer and back-painted glass. An exposed plywood edge detail is featured with linoleum tops.

Suit by Artifort

Offered through a partnership with Artifort located in Schijndel, The Netherlands, Suit chair's unique silhouette combines professional elegance with individual personality. Designed by Monica Forster, Suit is fully upholstered and contours the body to embrace the user and the seat and back can be upholstered with complementary or contrasting textiles, allowing for a personalized identity. With an elegant open back, flowing lines, and smooth-rolling casters, this distinctive chair is a comfortable and inviting addition to hospitality, dining, and work environments.

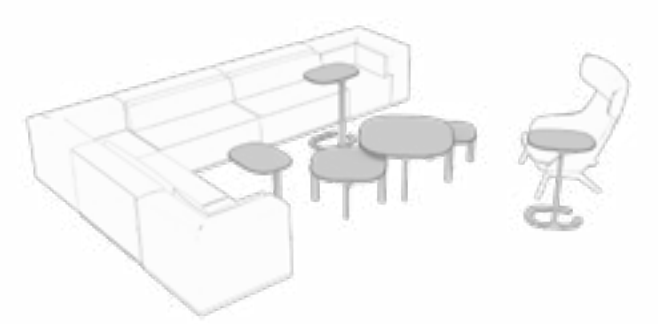
Trine

The Trine Stool, designed by Estudi Manel Molina, was inspired by the classic and iconic three-legged milking stools used on farms in Spain. Manel combined his experiences of growing up on a farm and his artisanal background to create an alluring stool that is as simple as it is complex. Trine takes fabric, metal, and wood to produce a breathtaking design where a unique metal base and footrest seamlessly intertwine with metal or wooden legs. Trine's sizes include a bar height and a counter height, which combined with Studio TK's multiple textiles, wood finishes, and powder coating options, bring flair to all residential, hospitality, and workplace applications.

Vettore

Vettore is a modular lounge system designed with classic, tailored sensibilities while offering an efficient modularity to adapt to evolving flexible work space. Designed by Toan Nguyen, Vettore configures within any environment to create intimate lounge settings or fill spacious public scenarios. Built on a universal base "stage", Vettore allows for unlimited user specification with upholstered or table components to create a customized sofa to fit their needs. Vettore, Italian for "vector" or "array", divides space comfortably and adds elegance to thoughtful casual work styles.

The selection of individual components allows for contrasting textiles and finishes for endless possibilities. Every sofa is custom to every environment. Vettore avoids the conventional modularity of freestanding components and adds a visual lightness to a space through a low profile base.



Waltz Tables

Designed by the team at Studio TK, the Waltz series of tables includes a laptop/task table for temporary workspace and three design matched lounge tables that tie your space together. The laptop/task table is available in a fixed or adjustable height with a large surface. Lounge tables are design matched for a cohesive design and feature three top sizes and heights.

africa by Vondom

features

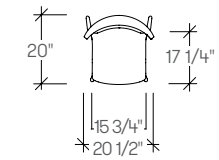
In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Africa seating in North America.

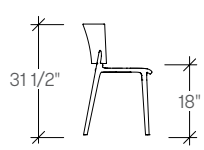
The Africa collection includes a chair, armchair and bar stool. The essence of this collection is reflected in its simple and natural forms. As the Africa collection's designer, Eugeni Quitllet, says: "The most simple things are the most original... The most original thing is to be simple... ."

Africa chairs is made of injected polypropylene with fiberglass. Chairs and stools are stackable and available in several colors.

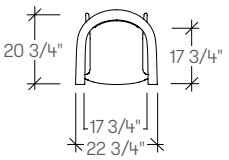
dimensions

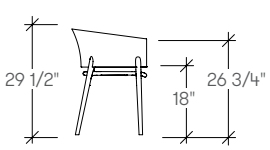
- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements



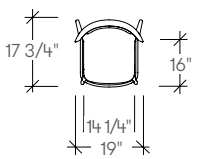


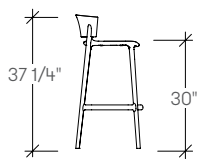
Africa Chair, Armless
(VMAFA)





Africa Chair, Armchair
(VMAFB)



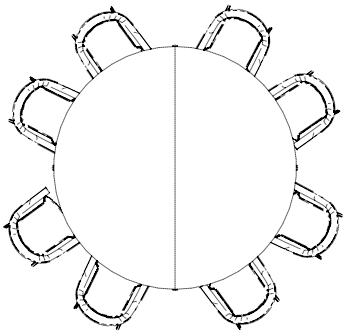


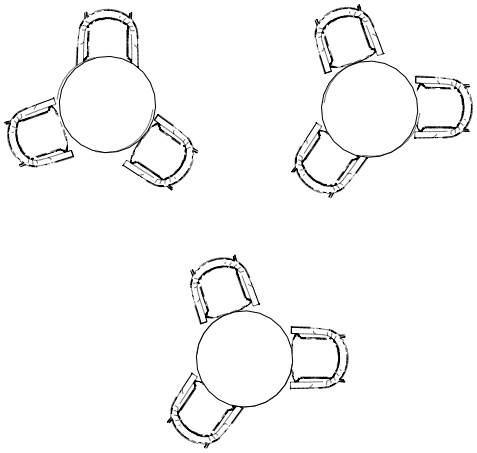
Africa Chair, Barstool
(VMAFC)

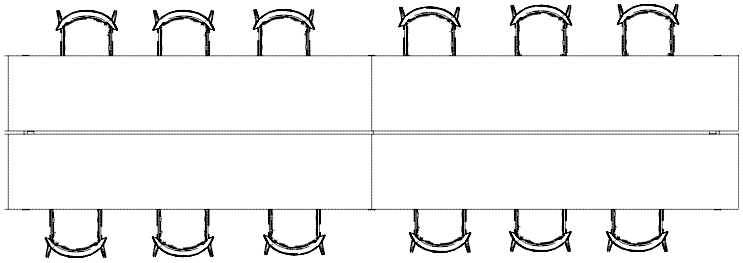
africa

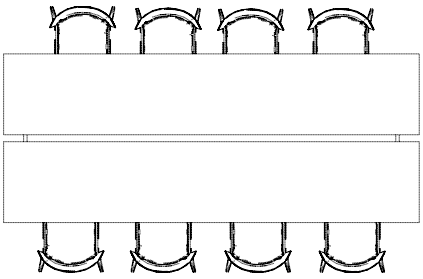
planning

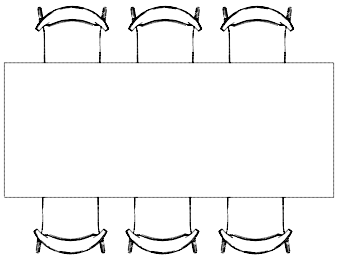
A variety of configurations can be achieved with Africa, allowing for various configurations. The following typicals demonstrate the versatility that can be achieved.











weights

Africa Chair, Armless	8 - 10 lbs
Africa Chair, Armchair	8 - 10 lbs
Africa Chair, Bar Stool	10 - 12 lbs

indoor / outdoor construction

Africa seating is constructed from a durable polymer that is suitable for use indoors in a protected environment, or outdoors in an environment exposed to the weather and natural elements.

ballad plastic chair

features

Choice is central to Ballad plastic seating with easy to clean recycled polypropylene seat shell in five durable finishes and hybrid options of an upholstered seat, or seat and back combination for added comfort and finish options. Designed for Studio TK by Patrick Norguet, Ballad is “pure, a simple form with nice details and a little character.” The result is something special, a complete line of seating that provides good comfort; good value; good quality; and of course, good design.

In addition to multiple plastic and upholstery options, Ballad chairs are available with or without arms in six base options finished in a durable powder paint or rich wood tone.

sustainability

The polypropylene plastic used in the seat shells on Ballad seating contains a minimum of 50% recycled materials.

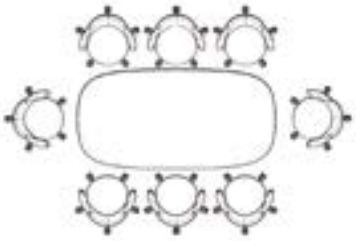
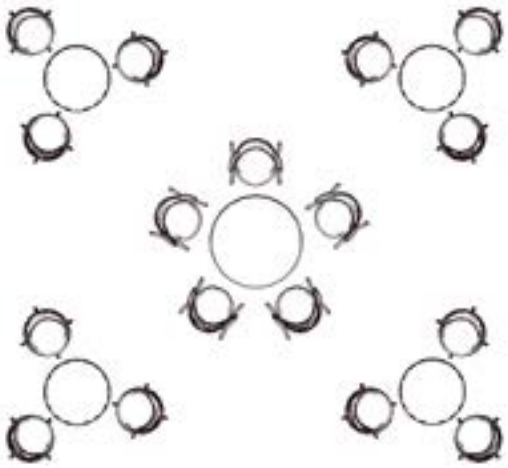
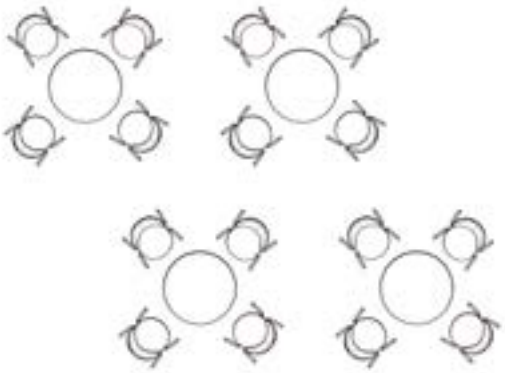
ballad plastic chair

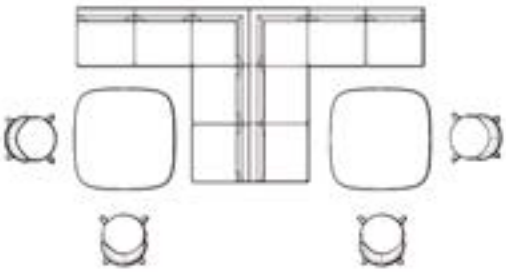
planning

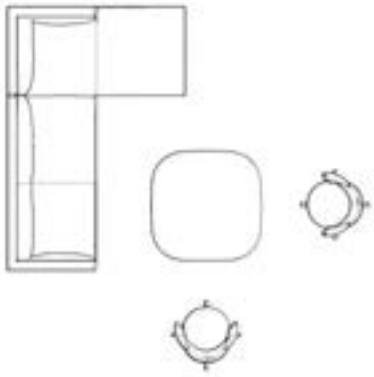
Ballad plastic chairs offer a wide variety of styles and finishes that complement any environment. Available a full plastic seat, partially upholstered seat, armed and armless versions, each style includes six base options for endless variety. Ideally suited for a dining and lounge environment, meeting spaces, office side chairs, collaboration and ideation spaces, and more! Ballad chair bases can be finished in any of Studio TK's Fundamental or Fashion paints or warm hardwood stains.

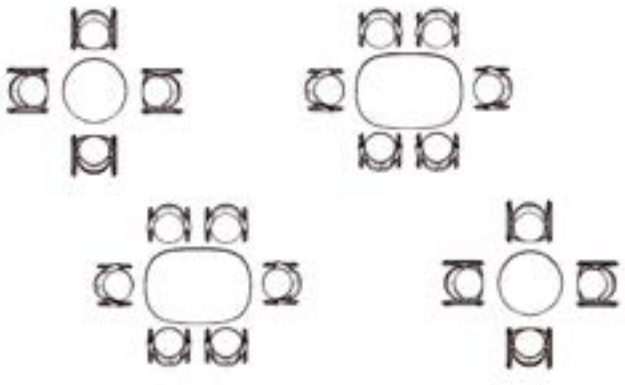






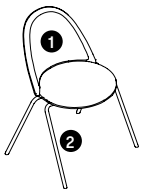






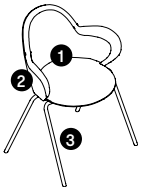
specifying ballad finishes

Ballad plastic chairs are available in a variety of configurations that include plastic and upholstery options with metal or hardwood bases.



TKDNP & TKDJP

1. **Plastic Finish**
   Select plastic seat finish
2. **Frame Finish**
   Select frame finish



TKDL & TKDG

1. **Upholstery Finish**
   Select seat, seat/back upholstery finish
2. **Plastic Finish**
   Select plastic seat finish
3. **Frame Finish**
   Select frame finish

specification example

Ballad plastic chairs are specified for use in an indoor environment and available in a variety of material and finish options. Ballad chairs with partial upholstery are only for use in an indoor environment. The following demonstrates the order that must be selected and will vary dependent on features.

Steps involved in specifying Ballad	Example:
Select the chair style	**TKDG**
Select the base style	TKDG**Y**
Select the upholstery style	TKDGY**B**
Select the upholstery finish	TKDGYB**E352**
Select the plastic finish	TKDGYBE352**SBC**
Select the base finish	TKDGYBE352SBC**52**
Select the caster style (when applicable)	TKDGYBE352SBC52**H**

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

SINGLE UPHOLSTERY		COM [yards]	COL [sq. ft.]

Ballad Partial Upholstered Armchair, Wood Four Star Base	27 lbs

stacking

Ballad Armless Chairs utilizing a Four Leg or Sled Base may be stacked for storage up to four high. Partially upholstered chairs are not stackable.

uv protection

Polypropylene seat shells include a UV additive to deter color fading due to exposure to sunlight. The additive is included at the time of production and is permeated throughout the plastic.

ballad plastic stool

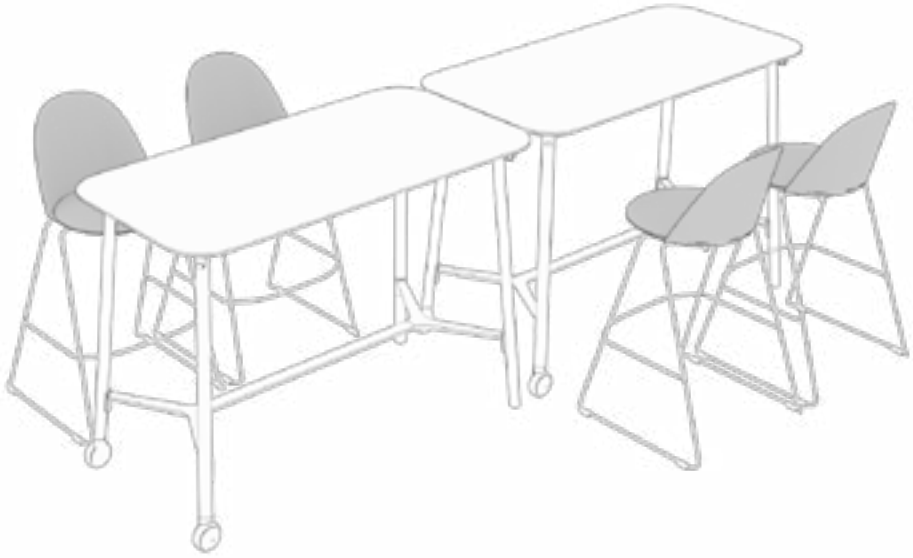
features

Designed for Studio TK by Patrick Norguet, Ballad is “pure, a simple form with nice details and a little character.” Stools extend the line upward with a counter or bar height seat in an easy to clean recycled polypropylene seat shell in five durable finishes and hybrid options of an upholstered seat, or seat and back combination for added comfort and finish options.

In addition to multiple plastic and upholstery options, Ballad stools are available in two base styles finished in a durable powder paint.

sustainability

The polypropylene plastic used in the seat shells on Ballad seating contains a minimum of 50% recycled materials.



dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

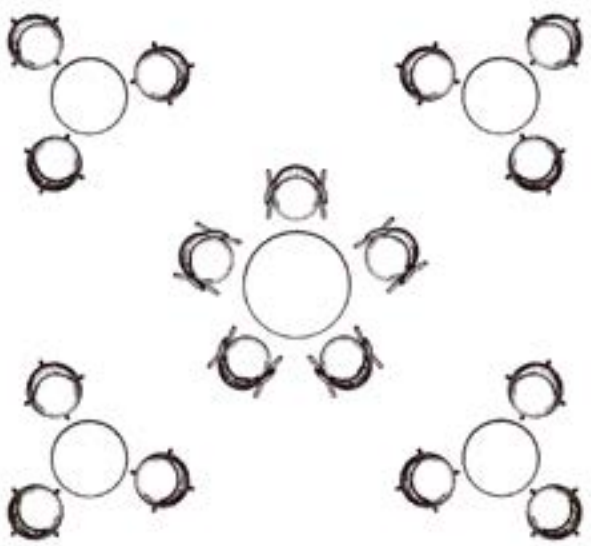
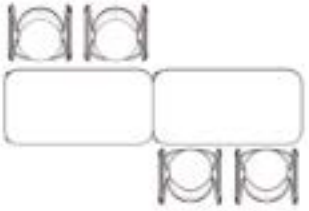
Note: For Armless Stool with Partial Upholstery (TKDC). seat depth is reduced to 16-3/4"

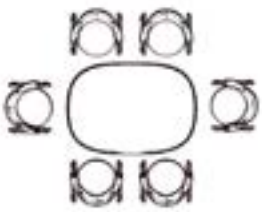
ballad plastic stool

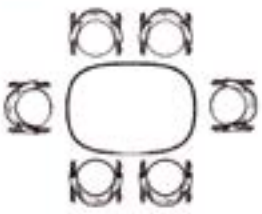
planning

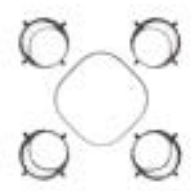
Ballad plastic stools are available in a counter or bar height with a full plastic seat or partially upholstered seat and two base options for endless variety. Ideally suited for entertainment, a café, or lounge environment. Ballad stool bases can be finished in any of Studio TK's Fundamental or Fashion paints and complement Ballad chair and lounge seating.

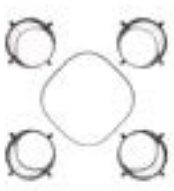


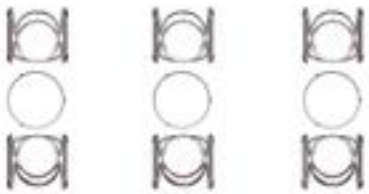












specifying ballad finishes

Ballad plastic stools are available in a variety of combinations, allowing for an expressive use of color and material.

ballad upholstered chair

features

Designed for Studio TK by Patrick Norguet, Ballad is “pure, a simple form with nice details and a little character.” But a great chair is more than just design and the form is secondary to the invitation of comfort. Comfort was at the forefront in the design process for Ballad and the result is something special, a complete line of seating that provides good comfort; good value; good quality; and of course, good design.

Optionality is fundamental to Ballad seating. Chairs are available with or without arms in six base options that are finished in a durable powder paint or rich wood tone. Fully upholstered, Ballad has the option of matching or contrasting textiles on the seat and back.

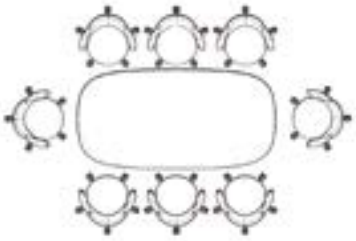
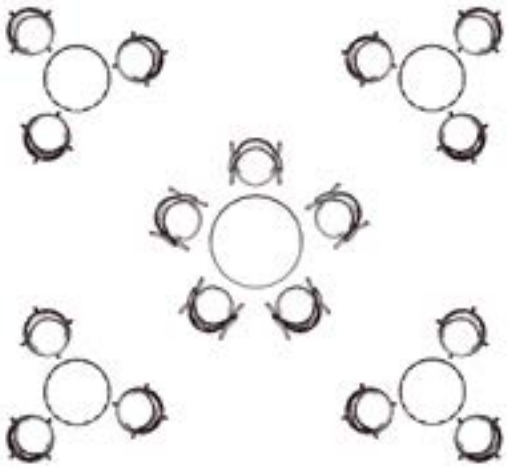
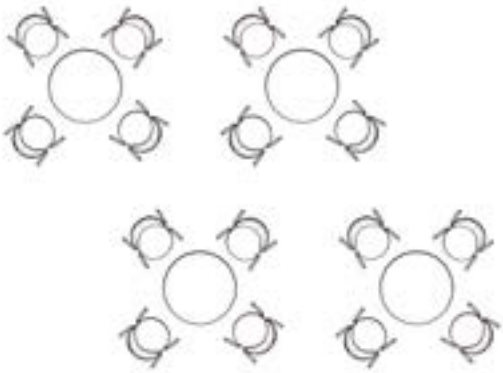
ballad upholstered chair

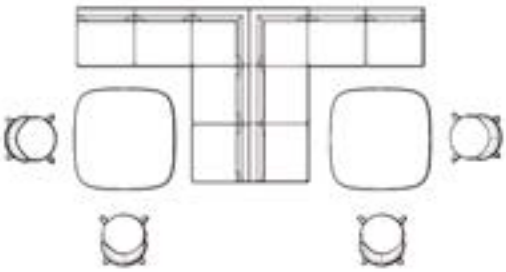
planning

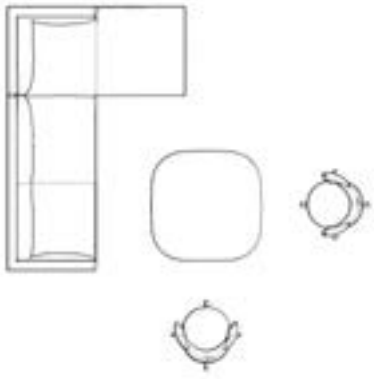
Ballad upholstered chairs offer a wide variety of styles and finishes that complement any environment. Available in an armed or armless version and six base options, this highly versatile chair can go anywhere. Ideally suited for a dining and lounge environment, meeting spaces, office side chairs, collaboration and ideation spaces, and more! Ballad Upholstered Chairs can be finished in any of Studio TK's Fundamental or Fashion paints or warm hardwood stains.

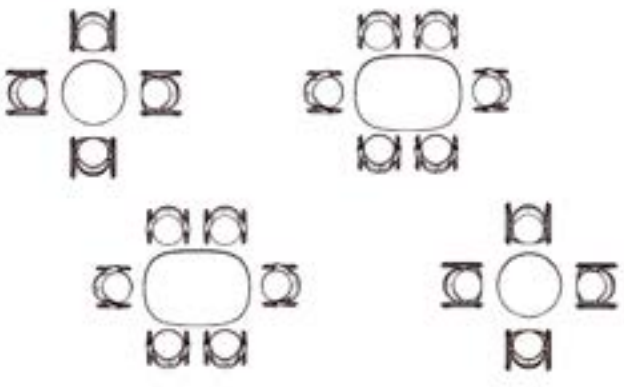












specifying ballad finishes

Ballad upholstered chairs are available in a variety of configurations that include plastic and upholstery options and fully upholstered with multiple upholstery options with metal or hardwood bases.

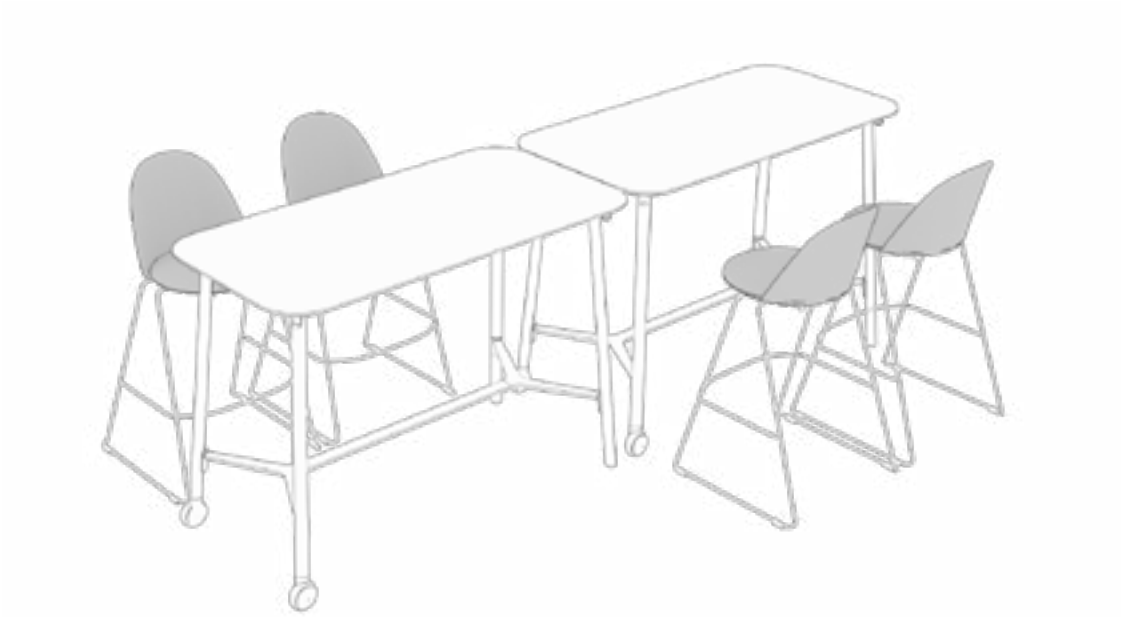
ballad upholstered stool

features

Designed for Studio TK by Patrick Norguet, Ballad is “pure, a simple form with nice details and a little character.” Comfort was at the forefront in the design process for Ballad and the result is something special, a complete line of stools and complementary seating that provides good comfort; good value; good quality; and of course, good design.

Stools are available without arms in two base options that are finished in a durable powder paint. Fully upholstered, Ballad has the option of matching or contrasting textiles on the seat and back.



dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

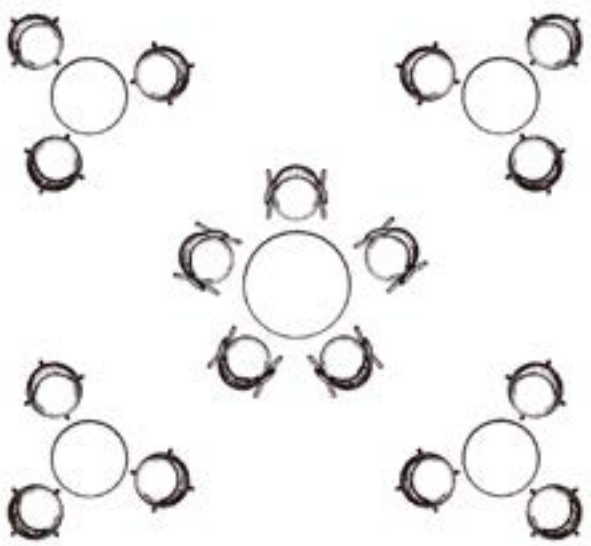
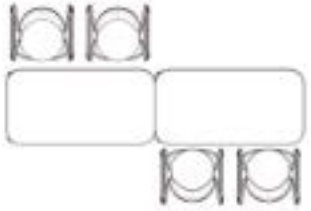
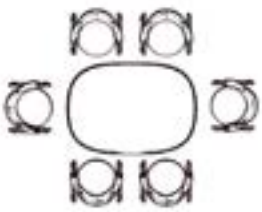
ballad upholstered stool

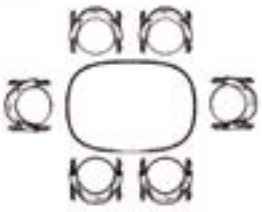
planning

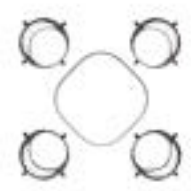
Ballad upholstered stools are available in a counter or bar height with an option of contrasting textiles used on the seat and back. Ideally suited for entertainment, a café, or lounge environment. Ballad stool bases can be finished in any of Studio TK's Fundamental or Fashion paints and complement Ballad chair and lounge seating.

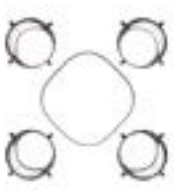


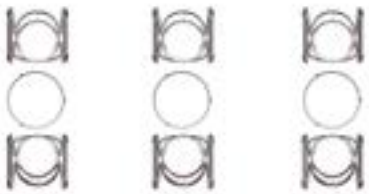












specifying ballad finishes

Ballad upholstered stools are available in a variety of configurations that include multiple upholstery options with metal bases.

specification example

Ballad upholstered chairs are only for use in an indoor environment and are available with a variety of material and finish options. The following demonstrates the order that must be selected and will vary dependent on features.

Steps involved in specifying Ballad	Example:
Select the chair style	**TKDD**
Select the base style	TKDD**X**
Select back height	TKDDX**H**
Select seat height	TKDDXH**2**
Select the back upholstery finish	TKDDXH2**E352**
Select the seat upholstery finish	TKDDXH2E352**E477**
Select the base finish	TKDDXH2E352E477**52**

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

SINGLE UPHOLSTERY		COM [yards]	COL [sq. ft.]
Ballad Fully Upholstered Armless Stool	Seat	3/4	14
	Back	2	36
Ballad Partial Upholstered Armless Stool	Seat	3/4	14
	Seat and Back	2	36

weights

Ballad Fully Uph Armless Stool, Sled Base Bar Height	28 lbs
Ballad Fully Uph Armless Stool, Four Star Base Bar Height	23 lbs
Ballad Fully Uph Armless Stool, Sled Base Counter Height	27 lbs
Ballad Fully Uph Armless Stool, Four Star Base Counter Height	22 lbs

uv protection

Partially upholstered Ballad stools include a UV additive to the polypropylene plastic to deter color fading due to exposure to sunlight. The additive is included at the time of production and is permeated throughout the plastic.

ballad lounge

features

The office is no longer just about work but about a lifestyle and Ballad combines form and function into a lounge chair that will be a timeless addition to any space. Designed for Studio TK by Patrick Norguet, the Ballad lounge chair is not just about aesthetics but rather design centered around user comfort. “The chair needs to be authentic; it needs a balance between comfort and design. We don’t sell a piece of art, we sell a comfortable chair.”

In addition to its elegant simplicity and comfort, the Ballad Lounge Chair places an emphasis on choices of materials and finishes. The lounge chair is available in a traditional low back or in a high back option for more privacy and combined with a pedestal style disc; four-star base with swivel; or a unique wood four-star base with swivel. With an extensive list of textiles to choose from, the seat and back can be finished in complementary or contrasting fabrics for more customizability.

ballad lounge

planning

An ideal platform from which to relax, socialize, or reflect, Ballad Lounge is an ideal complement when combined with Ballad work chairs or stools and fits in perfectly for a lobby or lounge, ideation environment, work commons, and in-between spaces where employees network and collaborate. Available in a traditional low back chair or high back chair for added privacy with an optional ottoman, Ballad Lounge is available in multiple base options that can be finished in any of Studio TK's Fundamental or Fashion paints or warm hardwood stains.

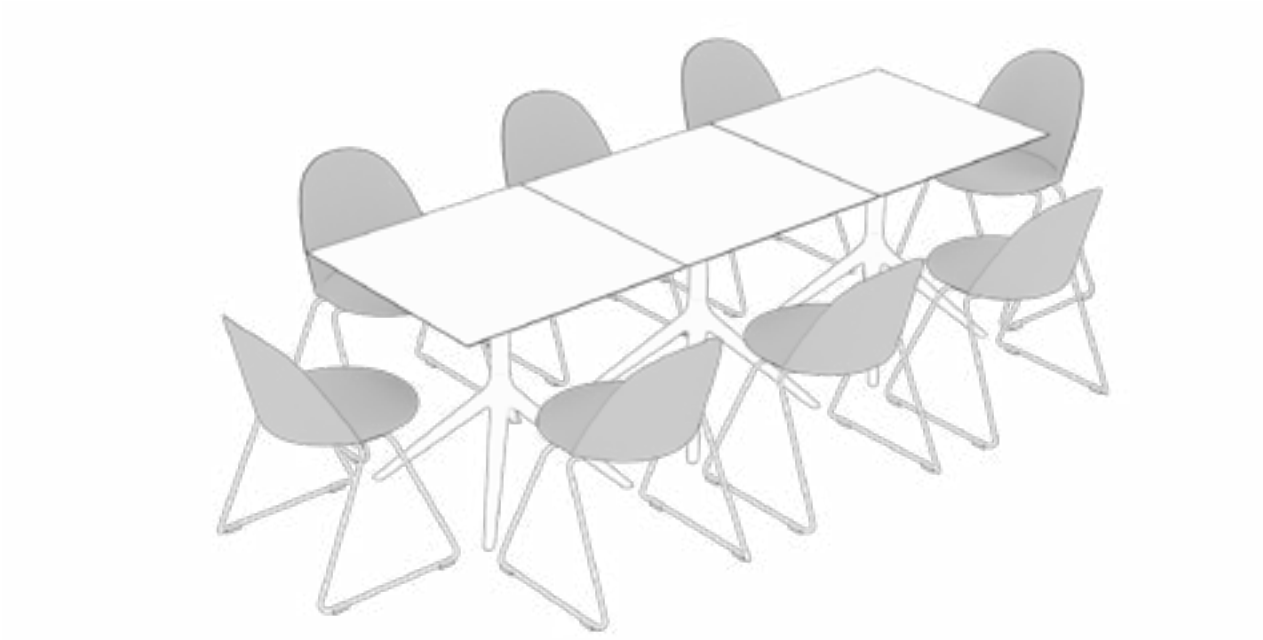
ballad plastic outdoor chairs

features

Like a well-composed melody, the Ballad Plastic Outdoor Chair collection brings the harmony of its indoor origins into the open air. The chairs are available in both arm and armless versions, with a choice of four-leg or sled bases. With seats made from durable plastic, Ballad strikes the perfect balance between form and function.

Now reimagined for outdoor living, the collection features UV-protected, outdoor-certified paints and finishes, crafted to withstand the elements. With eight frame finishes and three seat color options, the collection offers a rich palette of possibilities for expressive, resilient design.

Created by Patrick Norguet for Studio TK, Ballad is more than seating; it's a lyrical expression of design evolution. Like a symphony unfolding in movements, the collection grows and transforms, honoring both style and freedom of choice in every detail.



dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

weights

Ballad Plastic Outdoor Armchair, Four Leg Base	20 lbs
Ballad Plastic Outdoor Armchair, Sled Base	21 lbs
Ballad Plastic Outdoor Armless Chair, Four Leg Base	19 lbs
Ballad Plastic Outdoor Armless Chair, Sled Base	20 lbs

stacking

Ballad Plastic Outdoor Chairs utilizing a Sled Base may be stacked for storage up to four high.

uv protection

Polypropylene seat shells include a UV additive to deter color fading due to exposure to sunlight. The additive is included at the time of production and is permeated throughout the plastic.

outdoor rated paint

Ballad Plastic Outdoor Chairs are finished in a textured paint formulated to withstand prolonged UV exposure and outdoor weather elements.

ballad plastic outdoor stools

features

Elevate the rhythm of your outdoor spaces with Ballad Plastic Outdoor Stools, a continuation of the Ballad collection created by Patrick Norguet. Designed in an armless silhouette with two functional heights, bar and counter. Ballad Stools offer a refined simplicity ideal for collaborative moments or quiet interludes. Engineered for outdoor spaces, each stool features UV-protected frames and plastic seats. With eight distinct frame finishes and three plastic seat colors, the collection offers a rich palette of options, allowing you to compose your space with intention and individuality.

features

Beso, spanish for ‘kiss’, is a versatile and stylish chair program created by Dutch designer Khodi Feiz. Beso collection includes variations of guest chairs, lounge chairs and stools. The juxtaposition between powerful and simplistic in the Beso design allows for a comprehensive seating program that can be placed in a large array of applications. Beso allows for long comfortable work with others, without the need to take a break or stretch your legs.

borough

features

Hospitable by nature, elegant by design, the modular lounge collection introduces a casual sophistication to any social setting. Borough lounge raises the bar of modular seating by combining home seating elements with the modular flexibility necessary for today's workplace. The application options of Borough are endless. The broad array of individual modular pieces expands the possibility of adaptation when planning spaces not only today but well into the future. As the needs of a workplace change, the Borough Lounge can adapt to fill those needs because of its compatible sectional geometry. The uses can be as simple as a single seat banquette to a room-filling back-to-back serpentine. Borough's modular system brings elegance, comfort, versatility, and functionality to any office environment.

borough

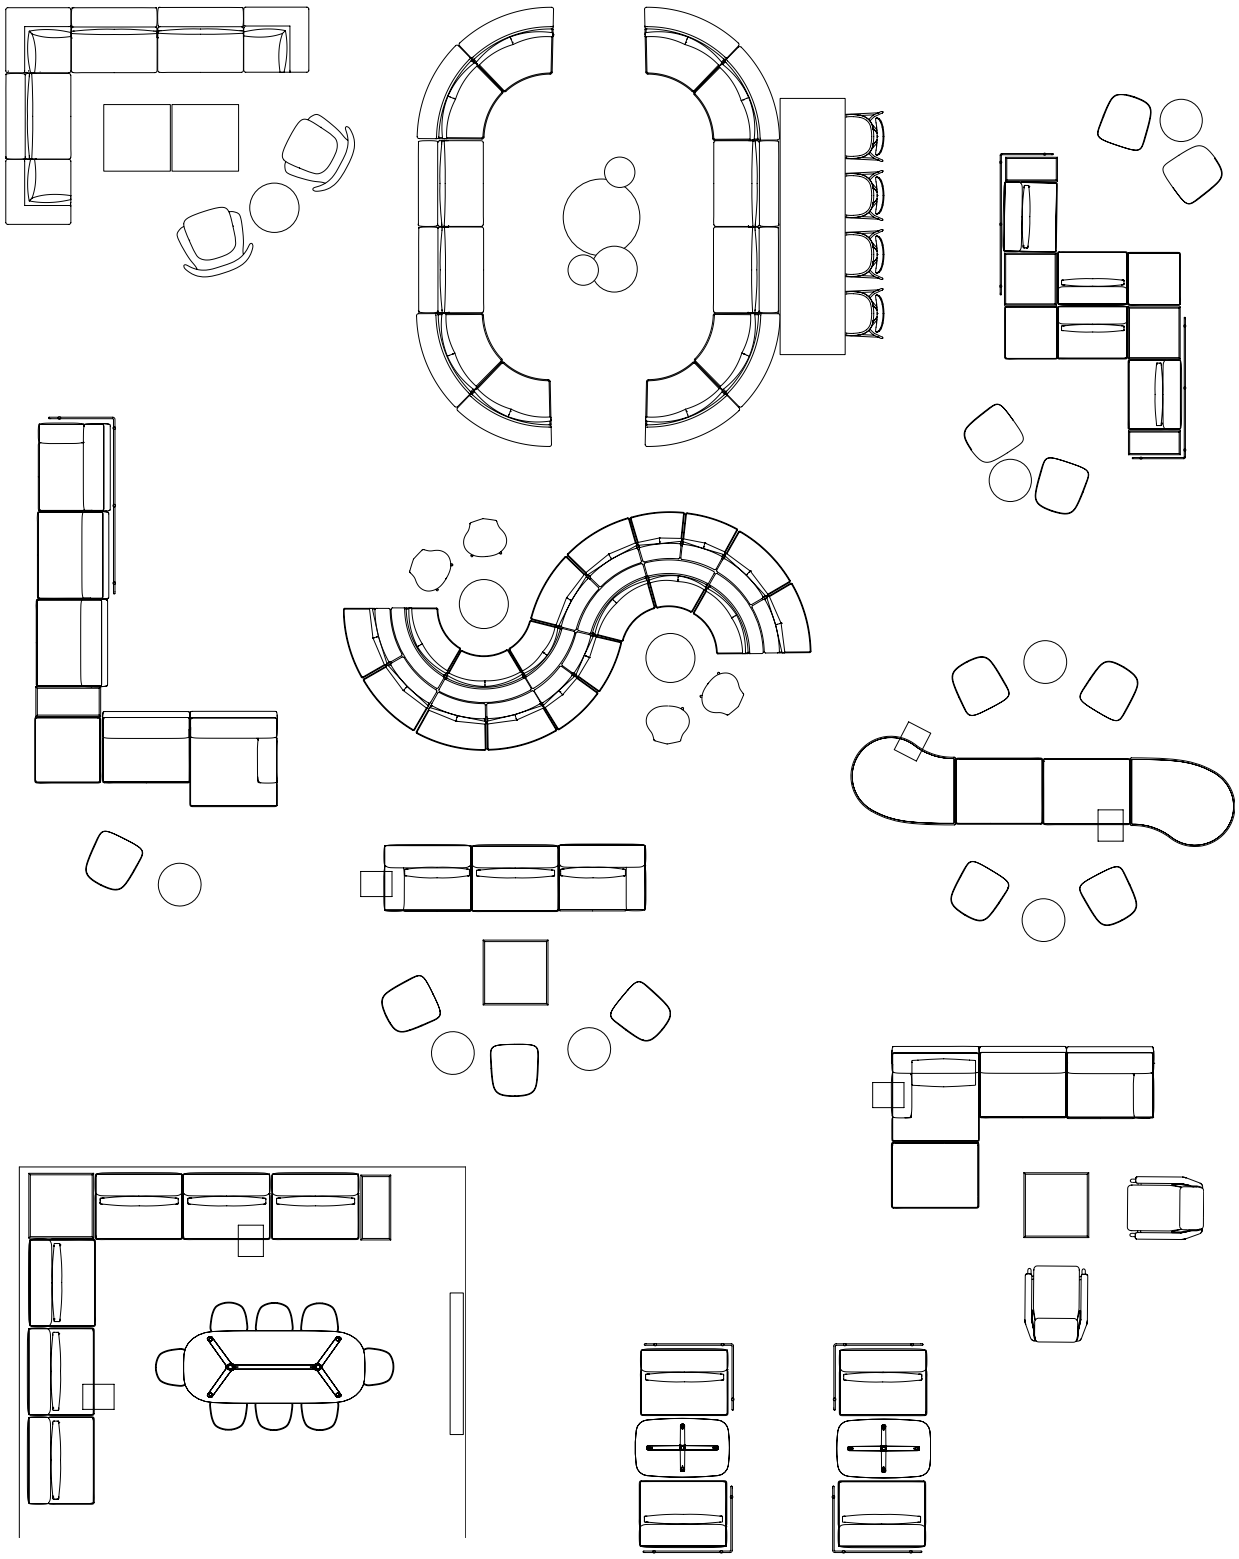
planning

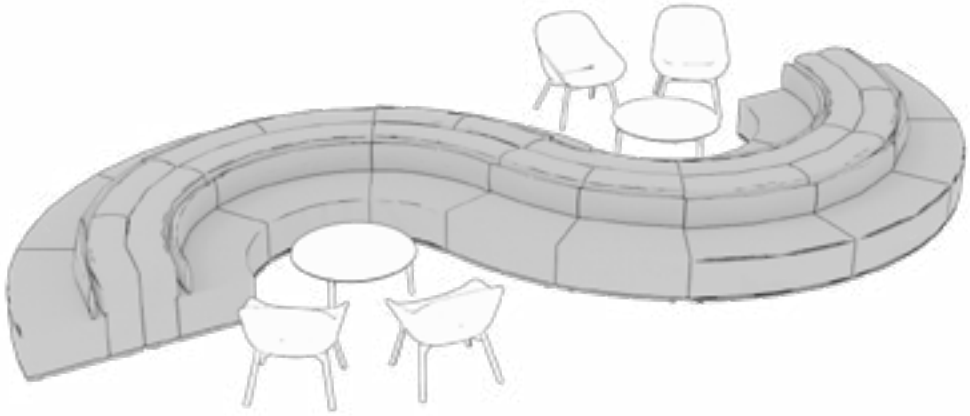
A variety of configurations can be achieved with Borough, allowing for various configurations. The following typicals demonstrate the versatility that can be achieved.

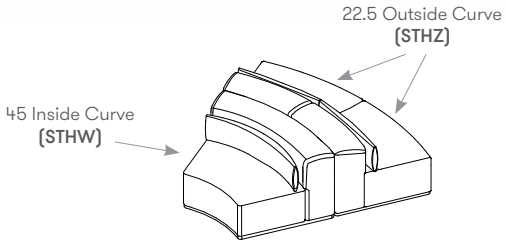


borough

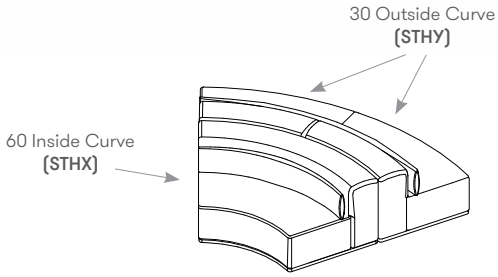
details

The curved modular pieces are designed to form a double serpentine or be placed back to back.

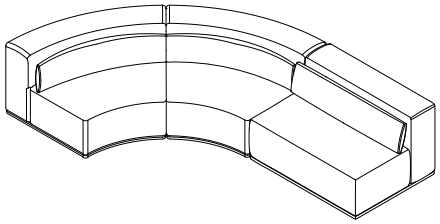




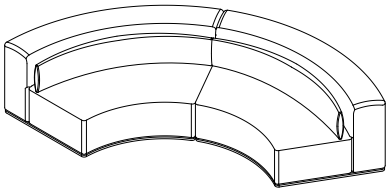
Two 22.5 Outside Curve units pair with one 45 Inside Curve Unit



Two 30 Outside Curve units pair with one 60 Inside Curve Unit



Two 45 units can be ganged to create a curved 90



Two 60 Units can be ganged to create a curved 120

note on finishes

Studio TK does not recommend using patterned or striped textiles on the Borough Lounge. These textiles will become askew during the fabrication process, which causes distortions to the pattern or stripes, deviations to the pattern or stripe across the entire piece of furniture, and pattern or stripe misalignments from sectional to sectional. For these reasons, Studio TK will not accept warranty claims for pattern matching distortions, deviations or misalignments when patterned or striped textiles are applied to the Borough Lounge.

specifying borough finishes

The modularity of Borough permits a wide range of fabric combinations that allows for an expressive use of color, texture and material.

Note:
Studio TK does not recommend using patterned or striped textiles on the Borough Lounge. These textiles will become askew during the fabrication process, which causes distortions to the pattern or stripes, deviations to the pattern or stripe across the entire piece of furniture, and pattern or stripe misalignments from sectional to sectional. For these reasons, Studio TK will not accept warranty claims for pattern matching distortions, deviations or misalignments when patterned or striped textiles are applied to the Borough Lounge.

arm placement

Arm placement is determined by standing in front of a seat. A “Left Facing” arm is to your left when looking at the seat and to your right when sitting in the seat.

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

braso by Artifort

features

Offered through a partnership with Artifort in Schijndel, The Netherlands, Braso from Artifort invites you to make yourself comfortable by embracing you. Designed by Khodi Feiz, these inviting chairs feature unique armrests inspired by the natural form of the human arm, making it easy to relax. The corners on Braso are individual joints that bend together for a curve, inviting the user to sit at an angle comfortably with an easy line of sight for social conversations. Choose from a low-back easy chair or high-back armchair with extra head support for even more comfort. Both are available with a hardwood four-leg base or a steel four-star swivel base finished in Studio TK's Fundamental and Fashion powder paints.

dimensions

- Meets ANSI/BIFMA X5.4

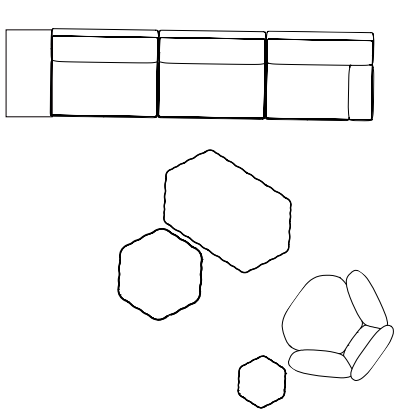
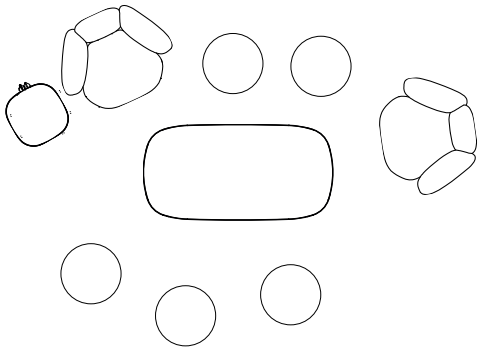
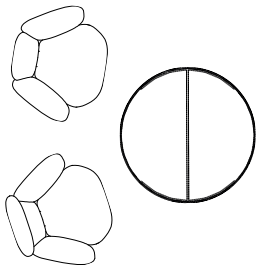
braso by Artifort

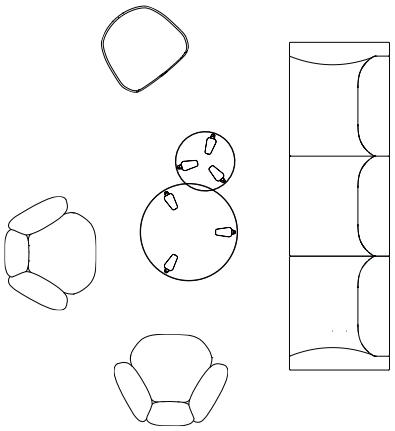
planning

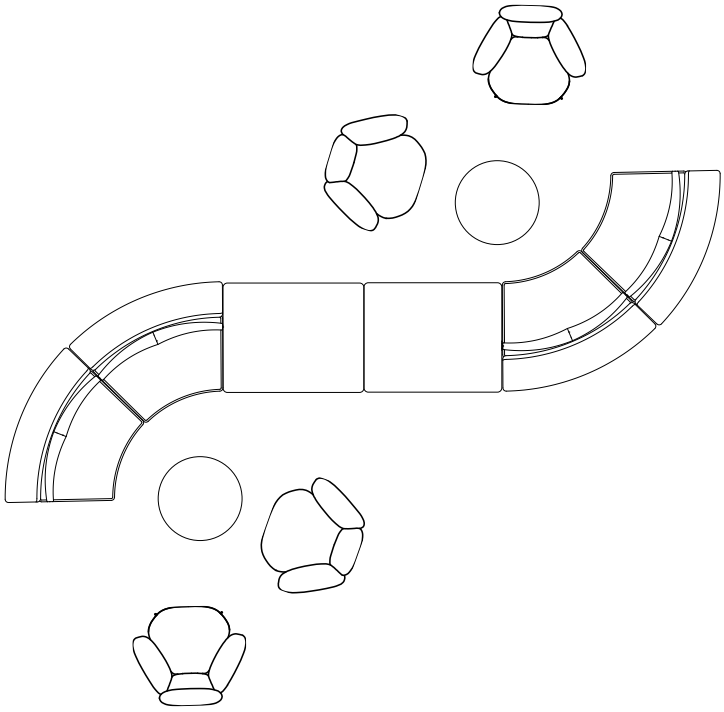
Braso invites you to make yourself comfortable and provide a sense of home with a striking design that embraces the user. An ideal platform from which to relax and socialize, Braso is a fun and ideal complement for an informal lobby or lounge social space, ideation environment and work commons areas where employees network and collaborate. Available in an Easy Chair or High Back configuration with your choice of a Four Star Swivel base available in any of Studio TK's Fundamental or Fashion paints, or a hardwood Four-Leg base in a variety of warm finishes.

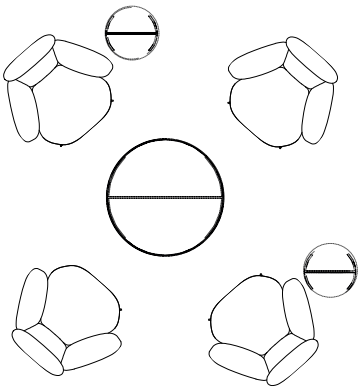




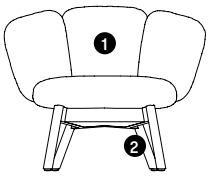








specifying braso finishes

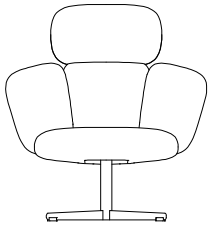


1 Upholstery
Select the seat upholstery

2 Base Finish
Select the metal base / wood leg finish

specification example

Braso is available in several configurations.



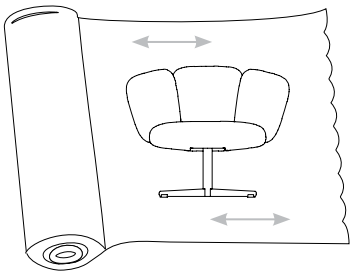
Steps involved in specifying Braso Chairs	Example:
Select lounge chair	**ARX1**
Select the base style	ARX1**X**
Select the back height	ARX1X**H**
Select the upholstery	ARX1XH**E523**
Select the glide style	ARX1XHE523**G**
Select the base finish	ARX1XHE523**G24**

weights

Braso Four Star Swivel Low Back Chair	55 lbs
Braso Wood Four Leg Low Back Chair	45 lbs
Braso Four Star Swivel High Back Chair	63 lbs
Braso Wood Four Leg High Back Chair	53 lbs

special upholstery requirements

Unique characteristics of the Braso seating line require all components be upholstered in a Railroad direction. Consideration should be given when selecting upholstery that features patterns or texture as they will present differently than other seating upholstered in the same pattern applied in an Off The Bolt direction.



technical information

• edge trim • grain direction • grommets
• power accessories • power management

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather is not suitable for use on Braso chairs,

SINGLE UPHOLSTERY	COM [yards]	COL [sq. ft.]
Braso Low Back Chair	3 1/4	n/a
Braso High Back Chair	3 3/4	n/a

ARX1 **braso** lounge chair

Product Options

cesto

features

Cesto, spanish for ‘basket’, is a collection of interactive seating and table elements designed to address the dynamic collaborative and social behaviors typical of today’s work environment. The lightweight, easily mobile poufs allow for people within the office to move pieces around the space at their hearts content. The stools allow for quick touchdown collaboration at traditional 29" high tables and the poufs and benches with or without backs were designed for more social spaces and allowing for collaborative work at a 26" high table.

clip

features

Clip is a versatile seating option designed by the Swedish architectural and design partnership of Claesson Koivisto Rune. Inspired by the common hair band, Clip's curved shape supports and wraps around the user, affording both comfort and a sense of openness. Designed for Studio TK, the rounded aesthetic is accentuated by taut upholstery; crisp, clean stitching; and bolstered in the back with a custom-designed clip.

Clip features a wide range of colors that can create a warm and inviting environment with the use of neutral colors, or an attention getting and iconic atmosphere with a pop of color. Clip's base is available in a five-star task with casters, four-star swivel with glides, four-leg in metal, and four-leg in wood to suit a host of commercial settings. Bases are finished in polished aluminum, powder painted, or a hardwood wood option.

dimensions

Clique dimensions shown in the Studio TK Applications and Pricing Program Guide are a representative of the series and slight dimensional variations occur dependent upon the leg structure. If dimensional information is critical for your project, utilize the symbol for dimensions specific to your model of interest. Symbols are available for download on the Studio TK website.

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

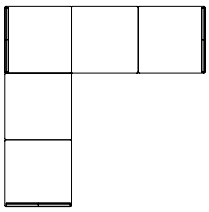
clique

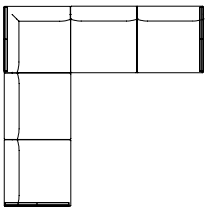
features

The Clique Bench series configures to today's diverse office landscape. It is an agile seating system that acts as a perimeter bench program or as a freestanding, soft collaborative bench for impromptu meetings. The ability to pair 29" high worktables allows Clique to be used in a traditional work height setting with a lifestyle approach. The variation of back styles and two leg options allows for countless applications where no two spaces look the same.

Clique benches consist of the following styles.



Five-Seat Bench,
Left No Back
(shown)



Five-Seat Bench,
Left Full Back

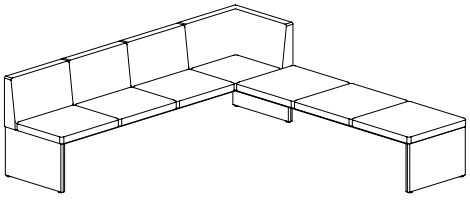
clique details

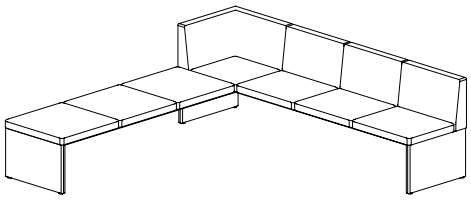
The Parallel leg is the leg on the primary bench and the perpendicular leg is on the run off. The orientation of a bench is determined by the location of the parallel and perpendicular legs.

Units can be placed side-by-side to create a large 'U' shaped lounge spaces.

Full Back placement is determined by standing in front of a seat. A "Left Full Back" (corner seat) is to your left when looking at the seat and to your right when sitting in the seat.



right orientation

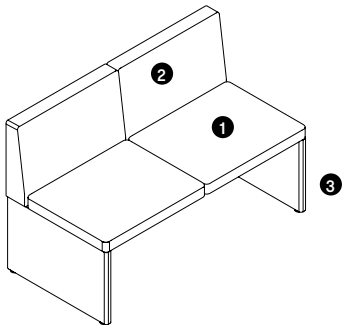


left orientation

specifying clique finishes

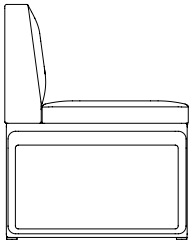
Cliques modularity provides a wide range of fabric combinations which allow for an expressive use of color, texture and material.

The following outlines the specification process for Clique fabric selections.

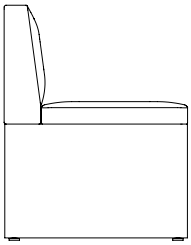


1. **Seat Upholstery**
   Select the seat upholstery
2. **Back Upholstery**
   Select the back upholstery
3. **Base Style and Finish**
   Select the Metal or Upholstered Base and its corresponding finish

Two leg styles are available on Clique to provide various aesthetics.



metal leg

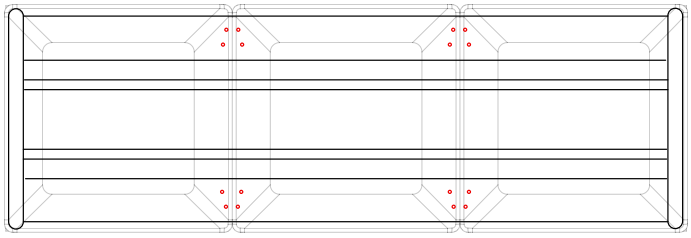


upholstered leg

clique power accessories

Power can be accepted on any bench style and placed in any set of holes desired by the user. Power accessory is sold separately.

Power can be routed on the underside of the bench with magnetic cable managers to the nearest leg or power monument.



Power can be attached between any seat and on either side of the bench, as well for all configurations of the bench.

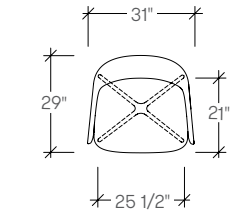
cover

features

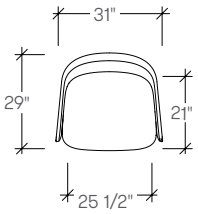
Designed by Claesson Koivisto Rune, the Cover lounge collection is inspired by classically tailored garments worn in a layered style. The collection plays in tune with any room, office or even home. With a high degree of upholstered comfort, Cover creates a light-scale environment perfect for quick meetings and conferencing or a private nook for individual reflection. The four-star swivel and the four-leg base can be finished in polished aluminum or embellished with color in any of Studio TK's Fundamental or Fashion powder coats.

dimensions

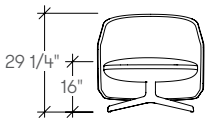
- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

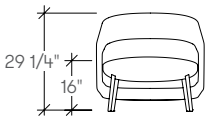


Lounge Chair, Swivel
(STRAA)



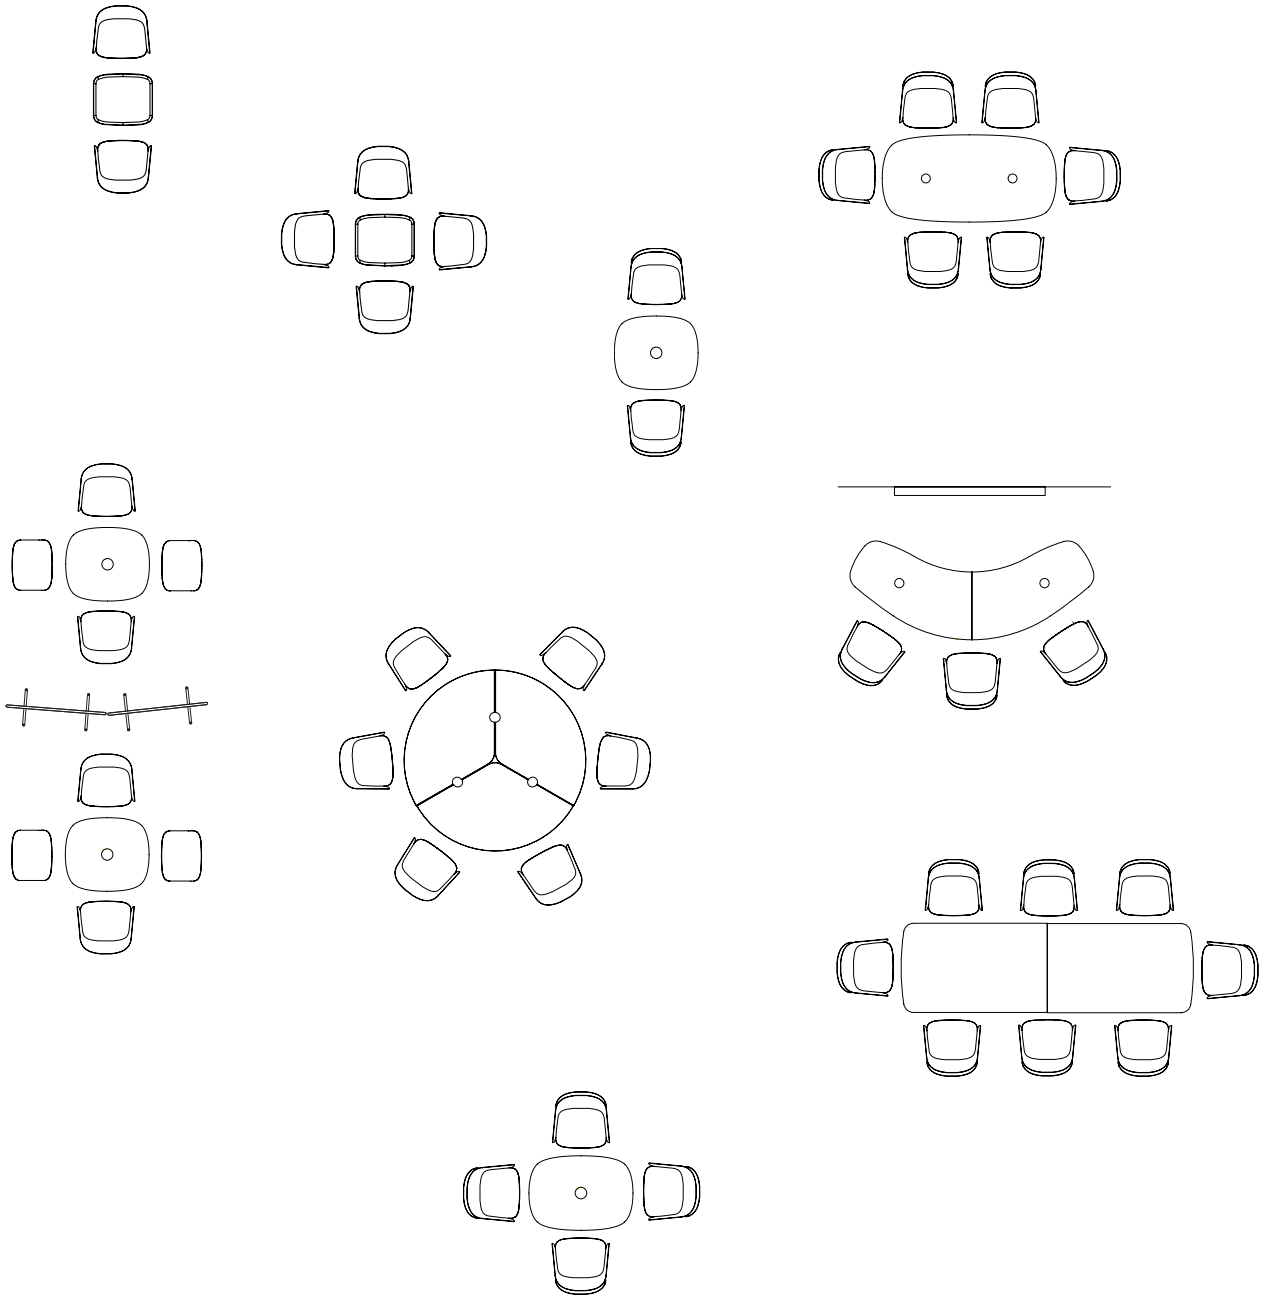
Lounge Chair, Four Leg
(STRAB)





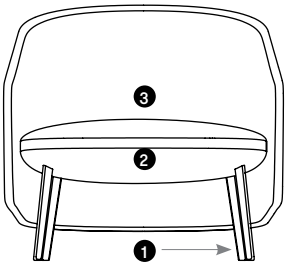
planning

A variety of configurations can be achieved with Cover, allowing for various levels of privacy. The following typicals demonstrate the versatility that can be achieved.



specifying cover finishes

The modularity of Cover permits a wide range of fabric combinations that allows for an expressive use of color, texture and material. The seat back upholstery and privacy back can all be finished in different fabrics if desired.



❶ **Base Style and Frame Finish**
Select the base style (swivel or four leg) and select finish (Polished Aluminum, Fundamental Paint or Fashion Paint)

❷ **Seat Upholstery**
Select the seat upholstery

❸ **Back Upholstery**
Select the back upholstery

specification example

STRAA – Cover Lounge Chair, Swivel	
❷ Seat fabric Gr.5	3658
❸ Back fabric Gr.5	222
Total:	$3880

STRAA – Cover Lounge Chair, Swivel	
❷ Seat fabric Gr.5	3658
❸ Back fabric Gr.3	157
Add Fundamental Paint	70
Total:	$3885

STRAA – Cover Lounge Chair, Swivel	
❷ Seat fabric Gr.5	3658
❸ Back fabric Gr.9	327
Add Fashion Paint	95
Total:	$4080

weights

Cover Lounge Chair	65 - 70 lbs

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

delta by Vondom

features

In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Delta seating in North America.

The Delta collection by Jorge Pensi blends equally well with exterior or interior contemporary spaces. The design intent behind the Delta chair was to create a timeless product that constantly seeks to strike a balance between realism and surrealism – matter and antimatter, abstraction and emotion. The goal was to maximize emotions while minimizing resources, questioning the common logic of something new. Delta seating is made of injected polypropylene with fiberglass. Chairs are stackable and available in several colors.

dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

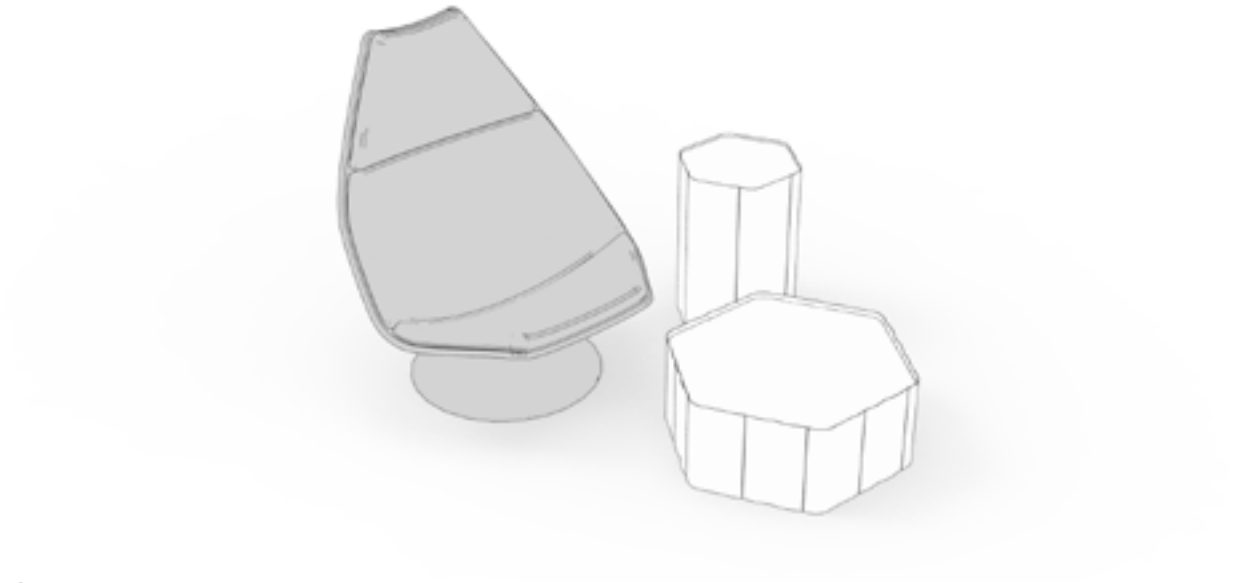
F500 series by Artifort

features

The F500 Series, in partnership with Artifort, encourages a moment to relax or recharge during a busy workday. Designed in 1967 by Geoffrey Harcourt RDI, the F500 Series lounge was inspired after noticing his girlfriend sitting in furniture cross legged. With comfort in mind, he designed a chair wide enough for this informal position. Choose from three upholstery styles from a smooth fixed upholstery for sleek modernity to a traditional tufted for elevated formality. Add personalization with a variety of powdercoat finishes to the disk base to create your own refuge.



dimensions

fractals

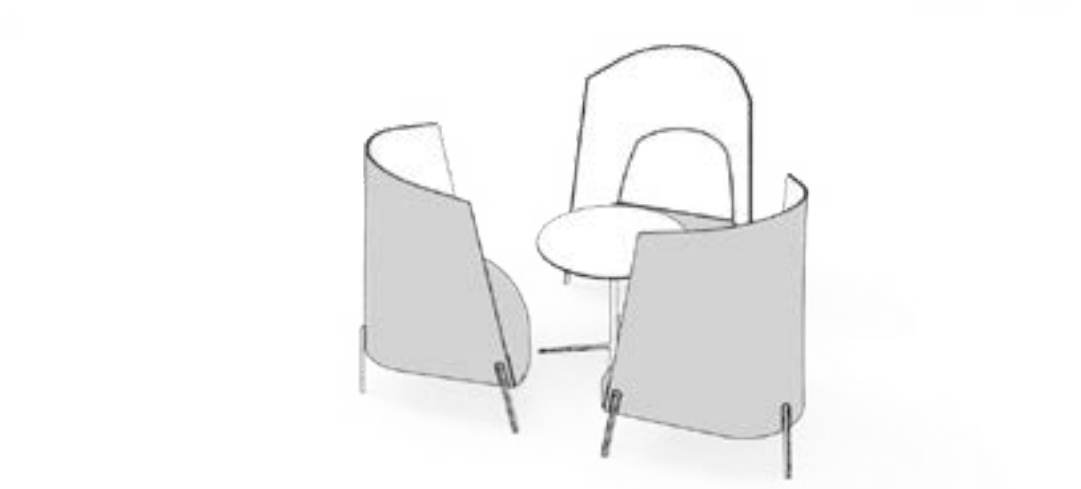
features

Fractals Seating is boldly innovative and visually compelling and opens up new planning possibilities for contemporary, forward-thinking environments. Fractals is designed to support the worker and groups of team-based workers in open and collaborative environments and to provide a modular program that creates a new level of planning.

Fractals consists of two simple pieces: a Settee and Lounge Chair, with either low or high backs to create various degrees of surround and privacy. An optional power unit is available for added functionality and mounts below the seat.

- Fractals seating elements work alone or together to create environments that focus on the needs of individuals or teams
- The Lounge Chair functions well as an alternative to touchdown desking, offering a seating surface wide enough to support the comfortable use of tablets and laptops
- The higher back on the Settee and Lounge Chair provides a clear delineation of space and creates a great sense of privacy

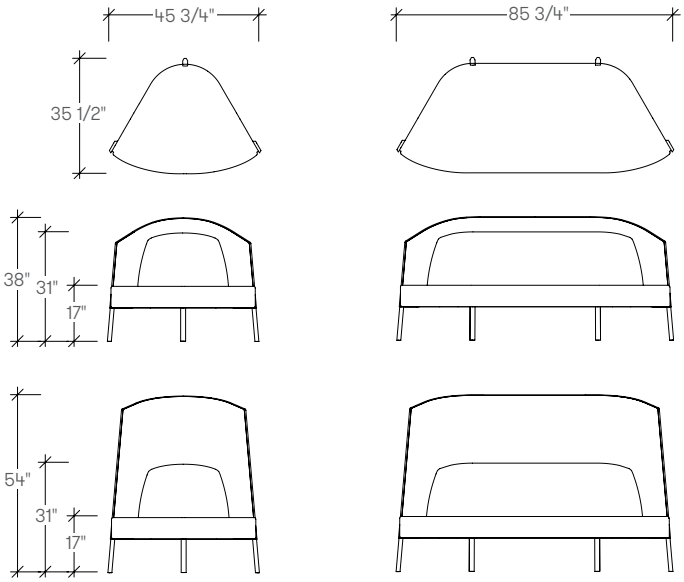
Fractals Seating with an interior and exterior back contrasting upholstery creates booth scenarios to allow for cool or muted colors on the exterior and vibrant colors on the interior. The contrast allows for people to be surrounded by colors for inspiration while keeping the exterior muted as to not distract other in the office.



Bevy Round Coffee Table shown.

dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements



Note
* Due to the height and width of the high-back, it will not fit through a standard 30" wide door. Verify all site dimensions before ordering.

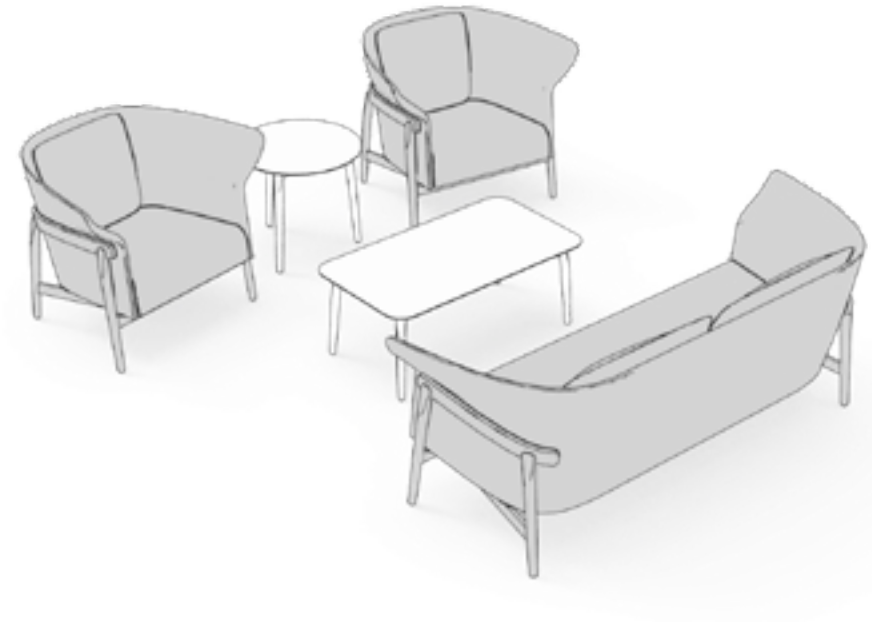
havn

features

Havn is a Scandinavian-inspired seating collection comprising a winged lounge chair and settee. In Danish, “havn” means harbor, suggesting that this lounge chair is a good place to “dock” during the day with a coffee or a book. It’s a retreat from the norms of everyday work.
Havn enables open lounge settings or focused work with its high back. A highly sculptural back that nestles in the craft-oriented frame somewhat “pinches” it together to make the upper form. The back is wrapped organically within the wooden frame, surrounding a soft bolster pillow for comfort. The curved wooden frame cradles the upholstered seat with a carefully crafted void in the rear that makes it visually stunning.



dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

Havn Sofa, High Back	140 - 150 lbs

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

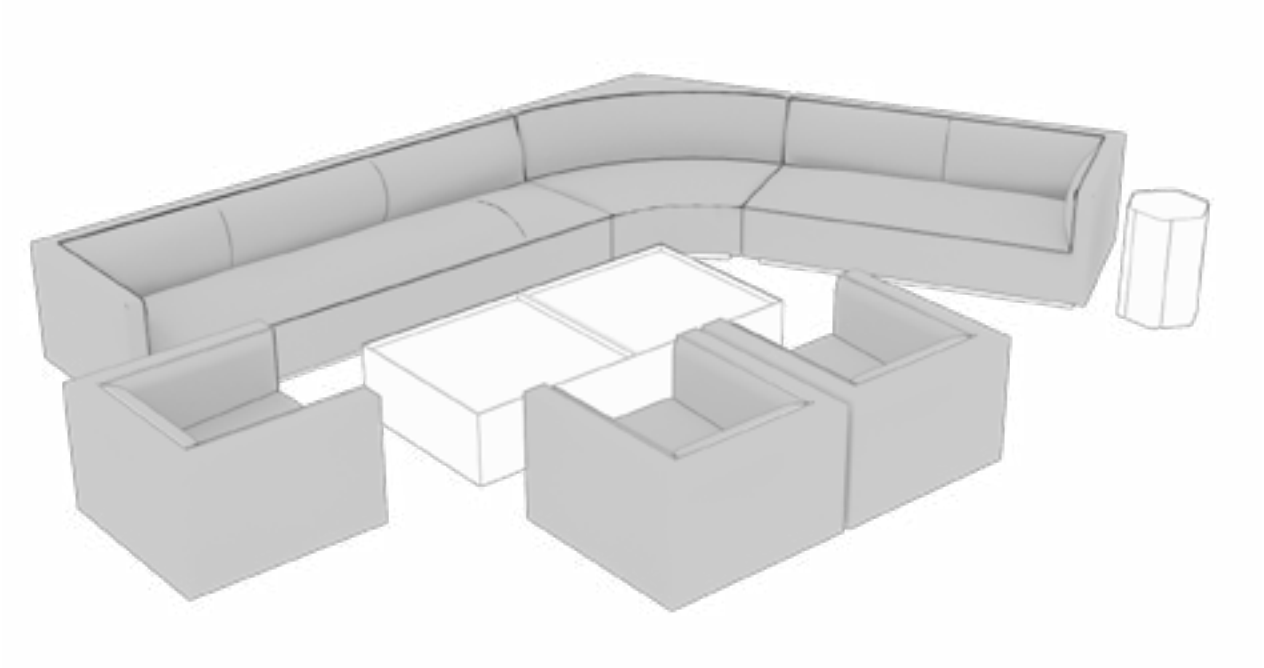
infinito

features

Infinito brings a traditional lounge look with a not-so-classic feel to any scenario. Designed with an intentional, rigid exterior and a soft, relaxed interior, Infinito brings the comforts of home to the office. Available in Lounge Chair, Settee and Three-Seat Sofa configurations with contrasting textile applications possible for multiple variations of color.

Infinito sectional provides all the same comfort and modularity as the Infinito Lounge collection, with an even more lifestyle personality. Ideal for lounges, greeting spaces and public areas, Infinito can be reconfigured in infinite ways since each piece has the same footprint. The Infinito sectional provides even more ability for social connectivity and community.



dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements

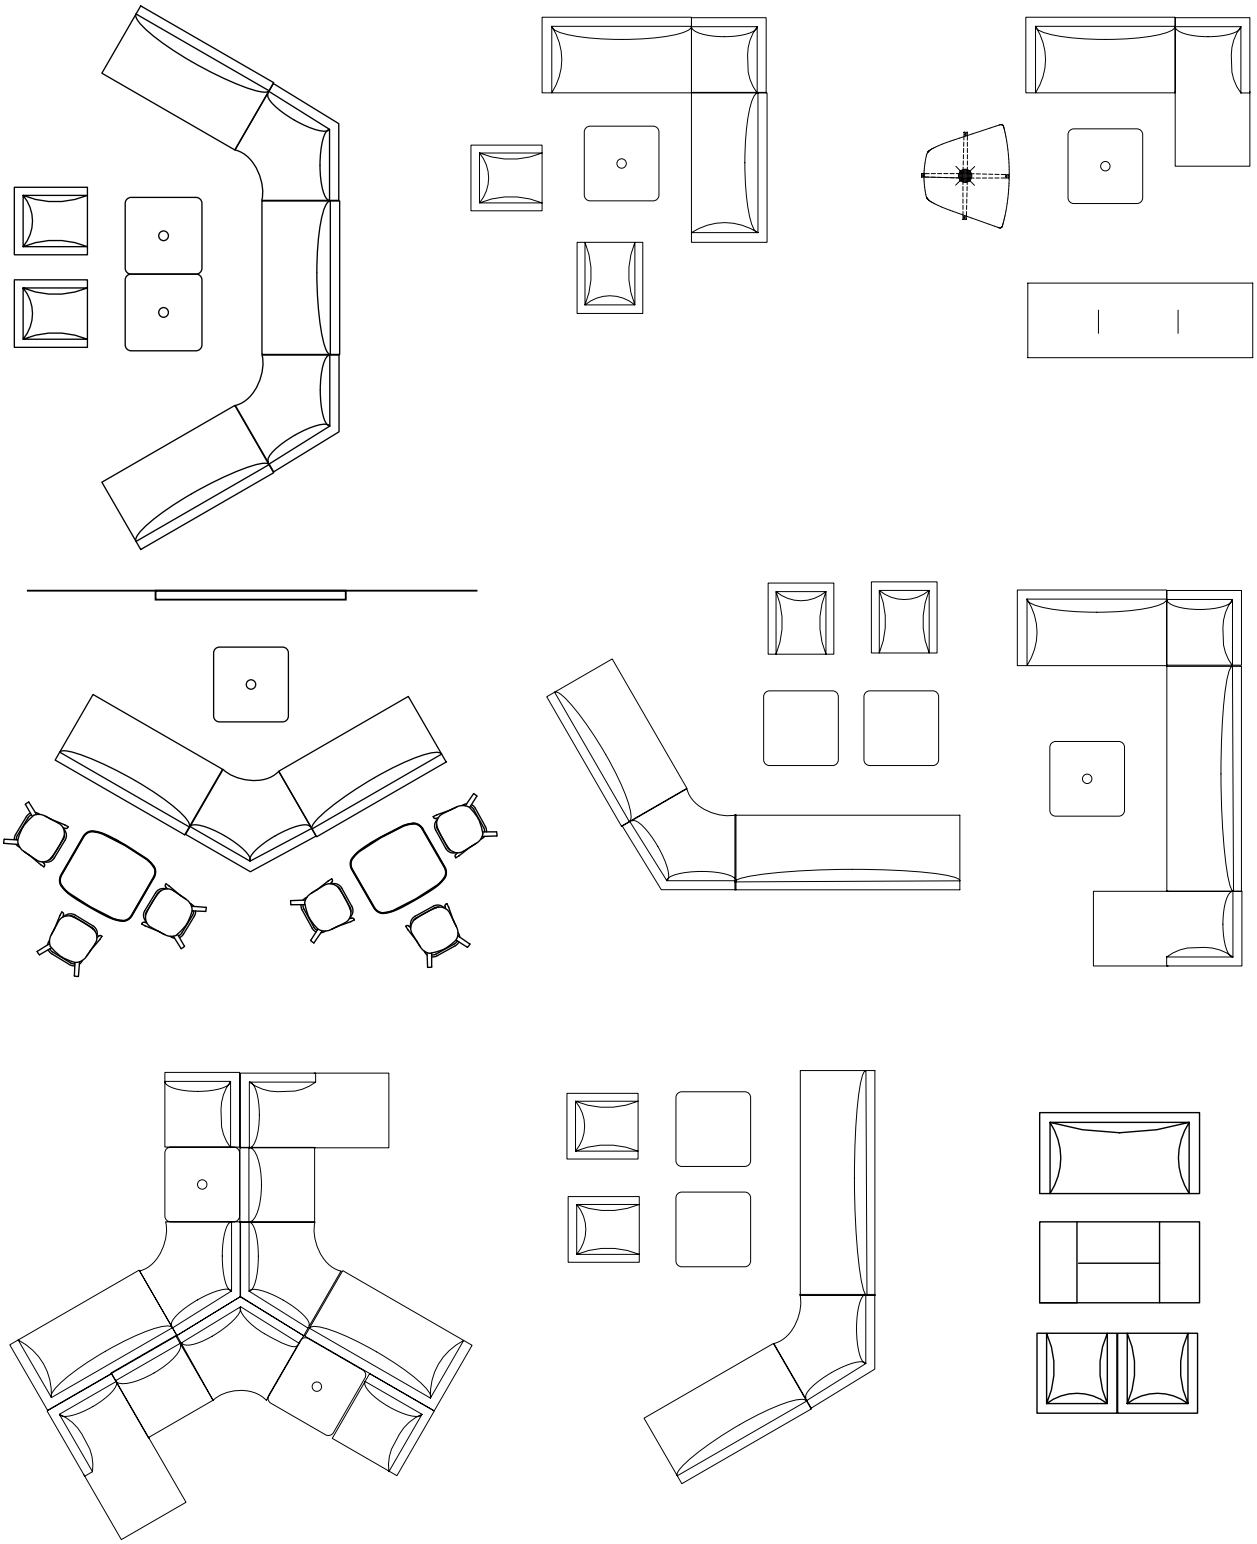
infinito

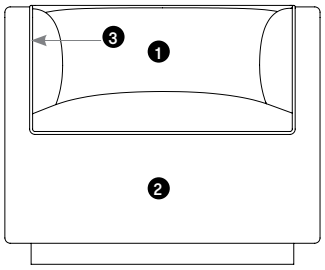
planning

A variety of configurations can be achieved with Infinito paired with other Studio TK pieces, allowing for various configurations. The following typicals demonstrate the versatility that can be achieved. All units are built on the same footprint, providing maximum flexibility.



specifying infinito finishes

The modularity of Infinito permits a wide range of fabric combinations that allows for an expressive use of color, texture and material. The outer frame upholstery, the inner seat upholstery and the seat welt upholstery can all be finished in a different fabric if desired.



1. **Inside Upholstery Finish**
   Select the inside upholstery
2. **Outside Upholstery Finish**
   Select the outside upholstery
3. **Welt Upholstery Finish**
   Select the welt upholstery

arm placement

Arm placement is determined by standing in front of a seat. A “Left Facing” arm is to your left when looking at the seat and to your right when sitting in the seat.

Infinito, Sectional Chaise, Left Arm	120 - 130 lbs

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

jima by Artifort

features

Offered through a partnership with Artifort in Schijndel, The Netherlands, Jima is a sleek, expressive chair that fits seamlessly into different worlds – home or office. Particularly noteworthy is the single, flowing line running from the top of the back, via the arms to the bottom of the seat. This makes it appear as if the seat cushion is locked in an embrace, providing ergonomic perfection and maximum comfort. Designed by Paris based Patrick Norguet.

Jima is available in three versions: a steel 4-legged base, an elegant swivel star-base, and a 5-legged height-adjustable swivel base with castors. The chair is offered in an extensive range of fabrics and colors, encouraging and accommodating any interior style.

jotta

features

Designed for Studio TK by Estudi Manel Molina, Jotta offers a sophisticated alternative to office seating, inspired by the beauty of nature. The thin profile is a reflection of simple forms found in the woods of Molina's childhood home in Spain. "The graceful arch of the cantilever arm reminds me of pine boughs. These natural elements are not only inspirational but also a logical part of the design process. Nature's recognizable characteristics provide functional forms and inspire beauty, connecting us to the natural world."

The versatile design of Jotta makes it a practical choice for various work positions, ensuring comfort and providing support. Its familiar shape embodies both beauty and functionality. The upholstered seat of Jotta offers a soft, casual embrace, making it a comfortable choice for the different work positions people encounter throughout the day. Whether it's focused concentration, organized collaboration, or impromptu social interactions with coworkers, Jotta's organic shape is warm and refined.

Jotta is available in a cantilevered or looped aluminum arm with a fully upholstered seat. Paired with a Four Star Swivel base on glides or adjustable Five Star Task base on casters, Jotta may be finished in any of Studio TK's Fundamental or Fashion metal finishes.

dimensions

- Meets ANSI/BIFMA X5.1

jotta

planning

Jotta is a highly versatile light lounge and conference chair that offers both a lean forward productivity and a lean back human to human engagement profile. Dressed up, Jotta provides a comfortable and formal platform for conference and meeting spaces. Dressed down, Jotta provides an informal catalyst for casual collaboration and personal focus. Jotta is available with an iconic cantilevered or loop arm finished in any of Studio TK's Fundamental and Fashion powder paints and Four Star Swivel base or height adjustable Five Star Task base on casters.

kalm by Artifort

features

Kalm is Artifort's large, cozy armchair by French designer Patrick Norguet. It is a sanctuary in its own right, a place to unwind and get comfortable. With Kalm, Patrick Norguet has created an iconic, luxurious and comfortable high-back armchair for your living room or study.

Kalm is not only a beautiful chair that will earn a special place for itself in your space. Several Kalm armchairs grouped together will define a hotel lobby or meeting room and create a distinguished and iconic image.

kes by Vondom

features

In partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces – Studio TK is offering Kes seating in North America.

Designed by Gabriele + Oscar Buratti, Kes is a simple chair and armchair. The collection of seating is perfectly suited for transitional indoor and outdoor spaces allowing for use in the indoor café as well as the outdoor patio. Kes is a versatile complement to Studio TK's existing tables collections and Vondom's outdoor table solutions.

Formed from injected polypropylene with fiberglass, Kes is stackable and available in several colors.

kuskoa bi by Alki

features

Kuskoa Bi is a statement piece you can sit on. The rugged shell can be finished two ways and optionally upholstered in total or embellished with just an upholstered seat pad. The cut out shell provides ample back and arm support for long stretches of work. Two desk versions offer supreme mobility, available with a four-star swivel and five-star caster in two powdercoat finishes. The guest chair sits firmly on a solid oak trestle available in five finishes. Perfect for collaboration and conference room scenarios.

kuskoa by Alki

features

Kuskoa is rethinking the role of form and materiality in the new workplace. From large cafes to small collaboration zones, the chair, counter and bar-height stools offer versatile elegance to pair with a range of table types. The stools provide a mid-back support for longer gatherings and a metal foot rest to encourage good posture. A range of material options and finishes provides a variety of ways to express your space. The veneer shell nestles within a solid oak base, which can be finished five ways. Material accents can complement the warmth of the wood with optional inner and outer seat upholstery.

lasai by Alki

features

Lasai, a lounge with a calming sensibility and a crafted touch. The low profile, Hans Wegner-inspired recline is ideal for getting comfortable and catching up with colleagues. From the Basque for 'calm', the lounge's visual and tactile cues infuse a sense of balance in today's ephemeral work environment. The single and double seat configurations constructed with a wraparound solid oak structure for a welcoming lifestyle feel for your workplace. The oak frame can be finished five ways to add warmth, while the cushions and outer shell allow for a mix of upholstery finishes that can accentuate a space with a quick blast of color or subdue it with a muted palette.

libelle

features

Libelle, Dutch for “Dragonfly”, is a functional, yet whimsical, collection of seating options, including: a pouf, a low back lounge chair, and an innovative lounge chair with privacy. Designer Khodi Feiz created Libelle to deliver a personal escape while accommodating small collaborative interactions. An optional tablet arm is a versatile addition that will enhance functionality and can be installed after it’s placed to either the left or right side. The laid back but sophisticated style of Libelle is perfect for today’s flexible work environment.

modus bob

features

Offered in partnership with Modus in South Somerset, UK, the Modus Bob cork stool is low carbon; renewable; biodegradable; recyclable and naturally sound absorbent. Warm and tactile, as envisioned by designer Michael Sodeau, Bob is made entirely from waste materials generated during the production of wine bottle corks, so it is both eco-friendly and functional. Modus Bob features a natural cork finish that feels soft to the touch, a curved base with a concave seat, and iconic holes that make it easy to move while adding a distinctive design element.

sustainability

Modus Bob is made entirely from recycled waste materials generated during the production of wine bottle corks, uses a solvent-free binder and is available with FSC certification upon request. Once Modus Bob reaches the end of its life cycle, it can be recycled into a finer grade cork composite ready for life as a new product or biodegraded.

Cork is a renewable material harvested from the outer bark of the Mediterranean cork oak tree without harm to the tree. The bark will regenerate and is typically harvested once a decade. As it regenerates, it can absorb up to five times more CO_2 than a cork tree left undisturbed. Mediterranean cork forests help sequester an estimated 14 million tons of carbon annually.

Cork oak forests are rich in biodiversity, and these trees can live up to 250 years. The cork harvesting process supports communities in southern Europe and northern Africa and is highly sustainable, positively impacting the natural environment.

care instructions

Cork should be regularly cleaned with a soft cloth or duster. Stains should be tackled immediately with warm, soapy water, working from circumference to center and rubbing gently. Repeat as necessary.

All cork items are sensitive to UV and will fade if left exposed to sunlight. Turn regularly to avoid bleach lines.

modus maluma

features

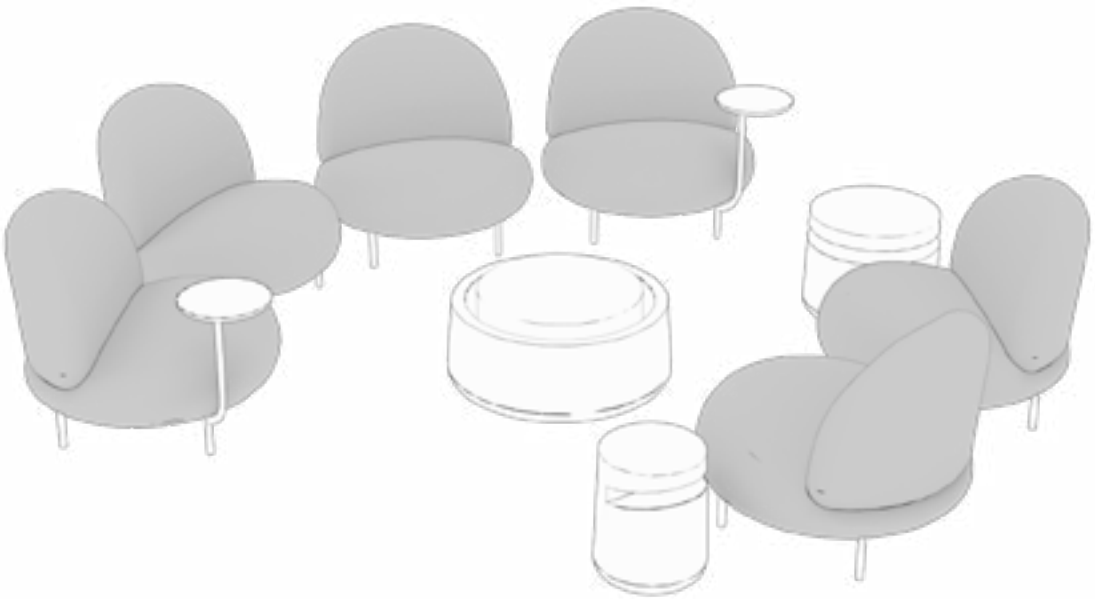
Modus Maluma sofa seating system is offered through a partnership with Modus in South Somerset, UK. Designed by Claesson Koivisto Rune, this playful seating system takes a circular approach to enhance life today while being mindful of tomorrow. The collection features a round ottoman and chair, which can function independently or be connected to its neighbor using a flexible connection bar. This allows for a movement of +/- 30 degrees around a center pivot point of each sectional piece, enabling free-form seating arrangements.

Modus Maluma combines a playful furniture design approach with a serious commitment to environmental protection.

sustainability

Modus Maluma is thoughtfully manufactured with respect for the environment. The spruce plywood frame is constructed using a 50% bio binder, and Maluma is available with FSC certification upon request. Additionally, ottomans and chairs are available with an optional table that includes a Polygood plastic tabletop made from 100% recycled plastic materials from refrigerator appliances and single use cutlery.

At the end of its life cycle, Modus Maluma is designed for easy disassembly, and all components are 100% recyclable. Each piece has minimal fittings and is constructed without glue or staples, so Modus Maluma can be quickly separated into base components. Fabric covers are easily removable, and components can be quickly disassembled into individual materials for recycling and reuse.



dimensions

- Chairs meet ANSI/BIFMA requirements
- Ottomans meet ANSI/BIFMA requirements when using the connector bar with one or more seating components

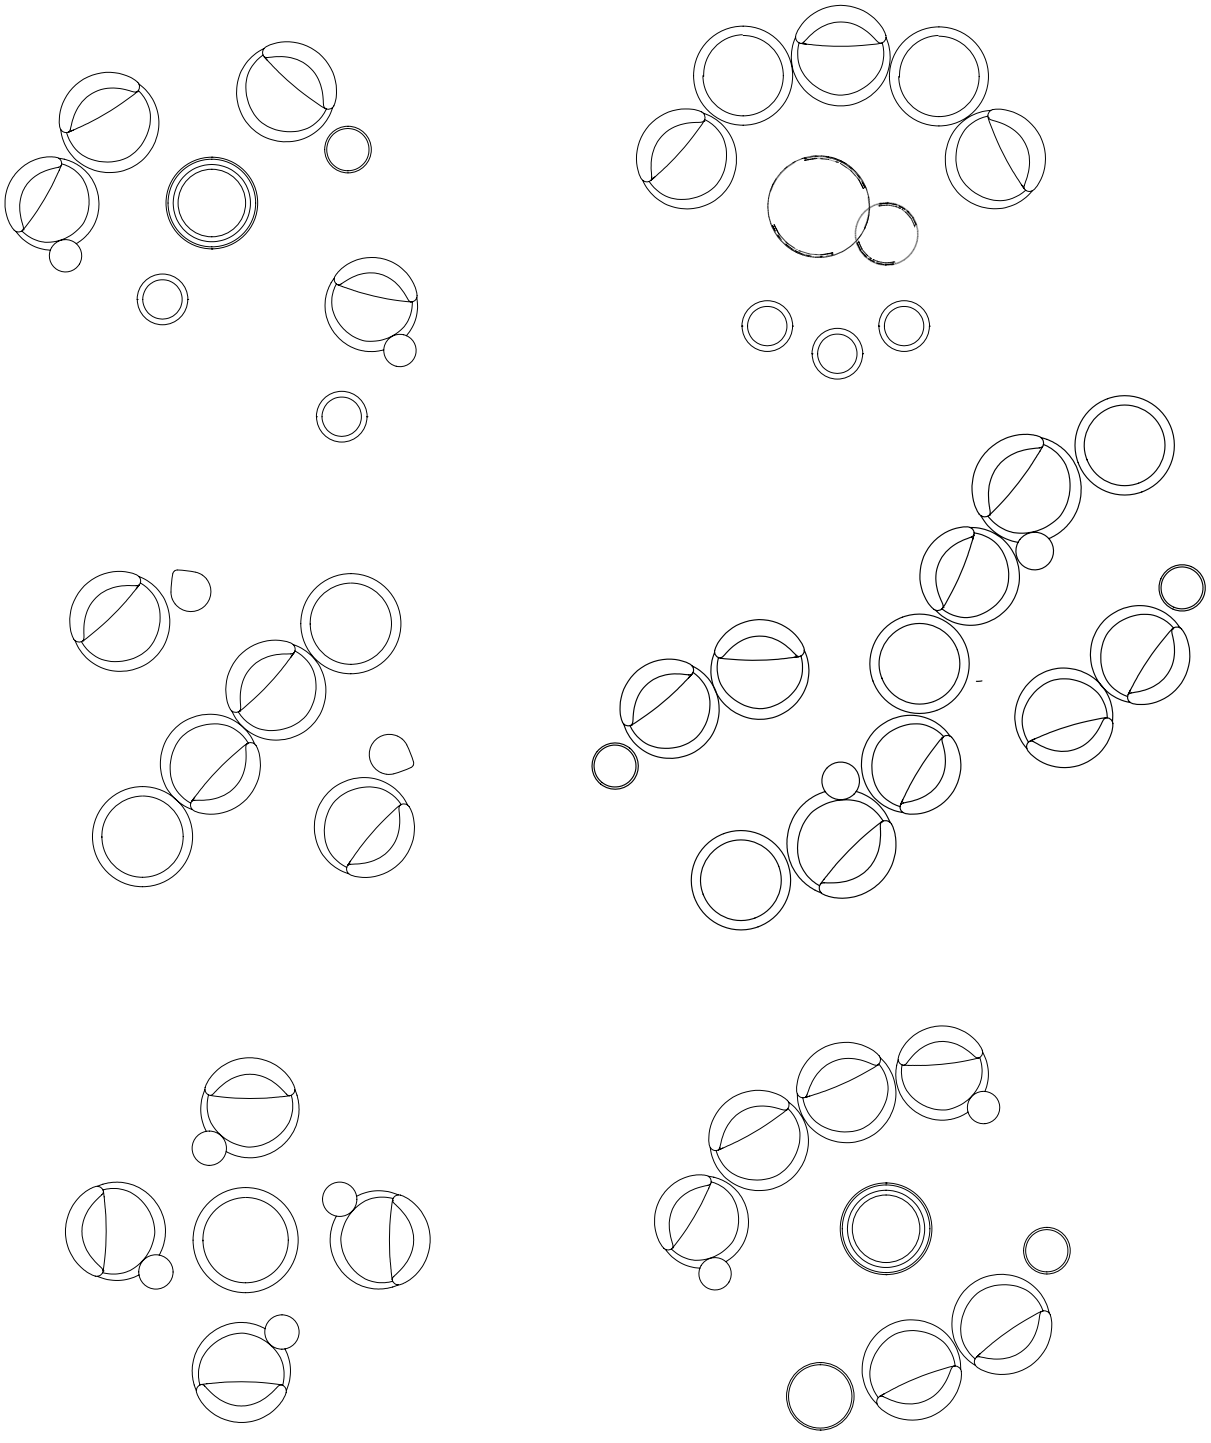
modus maluma

planning

The Maluma collection features a round ottoman and chair, which can function independently or be connected to its neighbor using a flexible connection bar. This connection bar allows for a movement of +/- 30 degrees around a center pivot point of each sectional piece, enabling free-form seating arrangements. Maluma can quickly and easily adapt to a variety of spaces and uses by changing from a straight-line configuration into organic shapes, such as waves, arches, and serpentine lines.



specifying modus maluma finishes

Modus Maluma chairs and ottomans are available in a variety of combinations, allowing for an expressive use of color, texture and material.

Note:
Studio TK does not recommend using patterned or striped textiles on Modus Maluma. Due to the shape, these textiles will become askew during the fabrication process, which will cause distortions to the pattern or stripes; deviations to the pattern or stripe across the entire piece; and pattern or stripe misalignments from seat to back. For these reasons, Studio TK will not accept warranty claims for pattern matching distortions, deviations or misalignments.

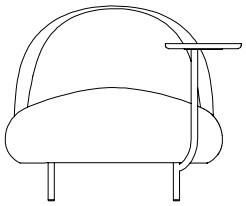
specification example



Modus Maluma is available as an ottoman or chair with an optional table. Table placement is determined by standing in front of a seat. A "Right Facing" table is to your right when looking at the seat and to your left when sitting in the seat. The following demonstrates the order that must be selected and will vary dependent on features.

Steps involved in specifying Modus Maluma	Example:
Select the chair or ottoman	**SMMLT**
Select the configuration	SMMLT**005**
Select the seat upholstery	SMMLT005**E523**
Select the back upholstery	SMMLT005E523**E523**
Select the table surface finish	SMMLT005E523E523**QF**
Select the base finish	SMMLT005E523E523QF**52**

weights

Modus Maluma Ottoman	39 1/2 lbs
Modus Maluma Chair	43 lbs
Modus Maluma Ottoman with Table	44 lbs
Modus Maluma Chair with Table	47 1/2 lbs
Modus Maluma Connector Bar	3 1/2 lbs

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

Product Options

Configuration	Seat Upholstery Finish	Back Upholstery Finish	Base Finish
001 Ottoman	Fabric	Fabric	Fundamental Paint
002 Chair			Fashion Paint

Note Studio TK does not recommend using patterned or striped textiles on Modus Maluma due to the shape of the cushions. Textiles will become askew during fabrication causing distortions to patterns or stripes.
For Fundamental Paint, add $0
For Fashion Paint, add $29
Each ottoman or chair includes a threaded knob on the underside for use with the optional Maluma Connector Bar when ganging configurations together
To gang seating together, use one Maluma Connector Bar (SMMLC101) between each seat (sold separately)

petal

features

Petal Lounge provokes an essence of nature and mimics the blossoming of a flower with the natural organic curves of the chair. The sense of tranquility Petal brings into a space adds an inviting atmosphere to any room. Designed by the Studio TK Design team as an accent piece in a traditional lounge environment or used in multiples for a stand-alone greeting space, Petal can enhance any space.

Paired with an exposed plywood base or one of the two metal base options in an organic paint color, Petal exudes a natural calm. Petal includes three base styles including an exposed plywood base, an auto-return swivel disc base, and a four-leg metal base.

pico

features

Inspired by Mt. Pico, Portugal's highest mountain peak, Studio TK's Pico Lounge is perfectly designed for public spaces, offices, lounges, or collaborative areas. Pico brings a sculptural element to today's workspaces from back to front. To achieve this goal, famed designers Flemming Busk and Stephan Hertzog used folded paper to create the natural shape of Pico. The organic appearance of both the low back and high back versions evoke a sense of comfort, encourage free movement, and open various seating postures. Complementing the free-flowing design, three very distinct bases are available: a 4-star swivel base, metal sled base and wood leg base. As a result, Pico is everything you want from a lounge chair; it is inviting, warm, and welcoming.

point long island

features

A modern classic, Point Long Island's silhouette features straight shapes with thin lines that define this modular lounge seating collection. Offered through a partnership with Point Outdoor in Alicante, Spain, Long Island is designed by Christophe Pillet and a timeless classic you will never suspect can be used outdoors. Pillet's goal was to "make it as desirable and as well finished as a piece of indoor furniture with a similarly detailed design."

Eminently versatile, Point Long Island adds a universal elegance to any indoor or outdoor lounge environment. Featuring a lounge chair, settee, sofa, and sectional components, Long Island's deep seating and thick cushions encourages a relaxed mood that offer comfort and support. The frame and seating cushions can be upholstered in contrasting textiles that will take on additional personality over time as they develop comfort wrinkles.

When specified for use in outdoor environments, Long Island includes water barriers for cushions and a wide choice of textile patterns and colorways specifically designed for UV resistance and durability and to withstand the weather's elements. Point Long Island will become your new classic in indoor and outdoor environments.

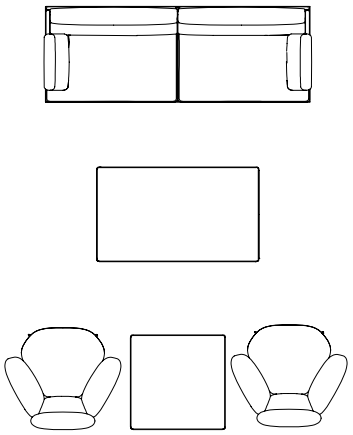
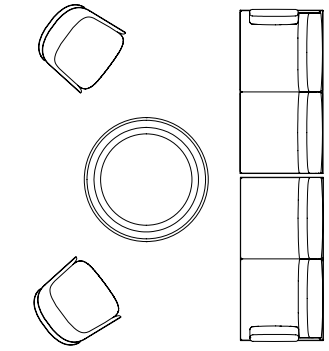
point long island

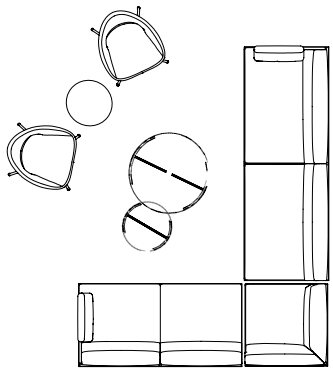
planning

Point Long Island is eminently versatile and includes a lounge chair, settee, sofa, and sectional components that configure for long runs and L shaped configurations. Long Island deep seating encourages a relaxed mood and thick cushions that offer comfort and support. The frame and seating cushions can be upholstered in contrasting textiles and will take on additional personality over time as they develop comfort wrinkles. Thin occasional tables round out the functionality of this line.

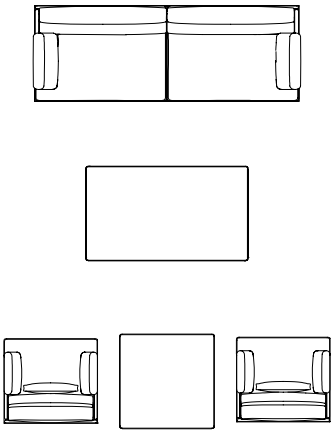
indoor environment applications

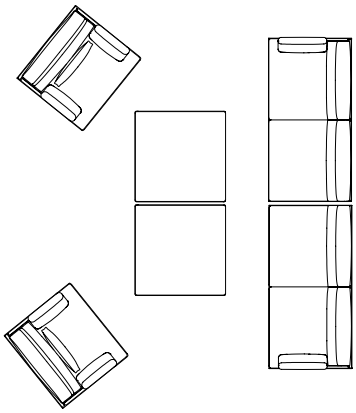


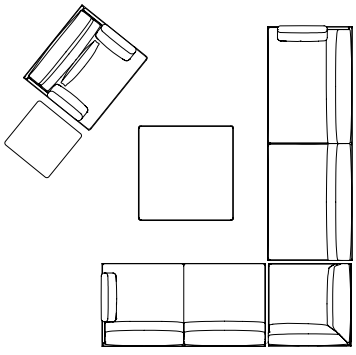




outdoor environment applications



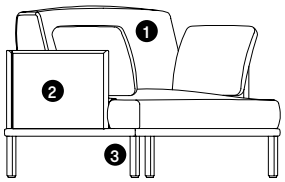




specifying point long island finishes

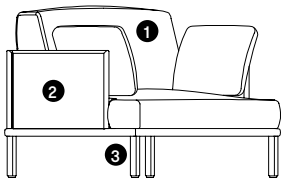
Point Long Island is available in a wide range of fabric combinations that allow for an expressive use of textile color and texture.

Note:
Point Long Island seating specified for use in an outdoor environment include water barrier covers and are only available in textiles approved for use in an outdoor environment. Seating specified for use in an indoor environment include outdoor textiles as an option but do not include water barriers. Indoor seating should never be used outdoors and will not be covered under the Studio TK warranty.



PNLCP1A (indoor use)

1. **Seat Upholstery Finish**
   Select seat upholstery
2. **Frame Upholstery Finish**
   Select frame upholstery
3. **Leg Finish**
   Select leg paint finish



PNLCW1A (outdoor use)

1. **Seat Upholstery Finish**
   Select seat upholstery
2. **Frame Upholstery Finish**
   Select frame upholstery
3. **Leg Finish**
   Select leg paint finish

comfort wrinkles

Upholstered sections feature large and/or long panels that will take on additional personality over time as they develop comfort wrinkles from use.

specification example

Point Long Island lounge seating is available in several seating configurations for use in an indoor or an outdoor environment. Product specified for an indoor environment may not be used outdoors.

Arm placement is determined by standing in front of a seat. A "Left Facing" arm is to your left when looking at the seat and to your right when sitting in the seat.

Steps involved in specifying Point Long Island	Example:
Select the model for indoor or outdoor use	**PNLCW**
Select the seat configuration	PNLCW**1A**
Select the seat cushion upholstery	PNLCW1A**E523**
Select the frame upholstery	PNLCW1AE523**E523**
Select the leg finish	PNLCW1AE523E523**QG**

weights

Point Long Island Lounge Chair	64 lbs
Point Long Island Two Seat Settee	115 lbs
Point Long Island Three Seat Sofa	184 lbs
Point Long Island Corner Chair Sectional	66 lbs
Point Long Island Two Seat Sectional with One Arm	110 lbs
Point Long Island Three Seat Sectional with One Arm	178 lbs

indoor vs outdoor seating construction

Point Long Island lounge seating is available to specify for use in either an indoor or an outdoor environment and has unique model numbers. The overall appearance is the same, however, there are additional construction elements necessary for seating intended for use outdoors where it is exposed to the weather.

cushion water barriers

When specified for use in an outdoor environment, Point Long Island features water barrier covers that are installed over cushions prior to the application of upholstery. These covers provide a protective barrier to prevent the foam from absorbing moisture. Seating specified for use in a protected indoor environment does not include water barriers on the cushions and may never be used outdoors.

outdoor rated textiles

Seating specified for use in an outdoor environment will be limited to order in finish textiles that are specifically designed to withstand prolonged UV exposure and outdoor elements. Seating ordered for use in indoor environments are available in a wider range of textiles that may include textiles also suitable for outdoor use. Note that the use of outdoor rated textiles alone does not approve seating for use in an outdoor environment.

outdoor rated paint

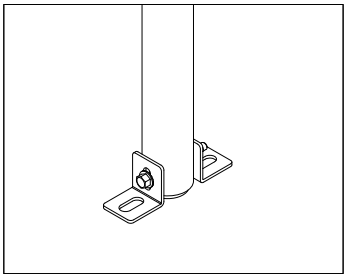
Point Long Island is constructed with aluminum frames finished in a textured paint formulated to withstand prolonged UV exposure and outdoor weather elements. All Point Long Island frames are finished in the same paint regardless of if they are specified for outdoor or indoor use. Point Long Island is not available in any of Studio TK's Fundamental or Fashion Paint finishes.

outdoor covers

Optional outdoor covers are available for added protection to the weather and dirt and debris that can build up. While it is not necessary to use covers in an outdoor environment, their use will reduce the cleaning required.

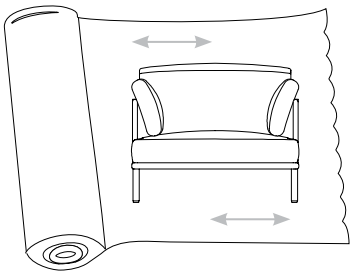
outdoor bracket

Secure your Point outdoor furniture with optional brackets available in a black finish. Each set includes two corner brackets designed to anchor two legs to the ground. Installation requires drilled holes and appropriate hardware, which needs to be supplied by your installer according to your specific installation needs.



special upholstery requirements

The length of Point Long Island sofas requires components to be upholstered in a Railroad direction. Consideration should be given when selecting upholstery that features patterns or texture as they will present differently than other seating upholstered in the same pattern, applied in an Off The Bolt direction.



technical information

• edge trim • grain direction • grommets
• power accessories • power management

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

PNLLW **point long island** lounge sectional, outdoor environment

Product Options

Configuration	Outdoor Seat Upholstery	Outdoor Frame Upholstery	Leg Finish
1C Corner Chair Sectional	Fabric	Fabric	**QG** Gunmetal Grey
2L Two Seat Sectional with One Arm Left, Facing			**QM** Mineral White
2R Two Seat Sectional with One Arm Right, Facing			
3L Three Seat Sectional with One Arm Left, Facing			
3R Three Seat Sectional with One Arm Right, Facing			

Note

Point Long Island is upholstered in a Railroad direction and consideration should be given when selecting textiles that feature patterns or texture

Two seat Settee and three seat Sofa sectional components with one arm include a pair of ganging brackets to hold frames together when configured in an L shape or straight line

Point Long Island is only available in a Mineral White or Gunmetal Grey leg finish

Optional outdoor covers are available for Long Island. While not necessary for use outdoors, covers will provide added protection against dirt and the elements and reduce cleaning time

Care and consideration should be given to potential windy conditions when placing Long Island outdoor furniture on an upper floor balcony or terrace. Optional mounting brackets are available to secure the frames to the ground but cushions are not attached and should be removed during high wind events

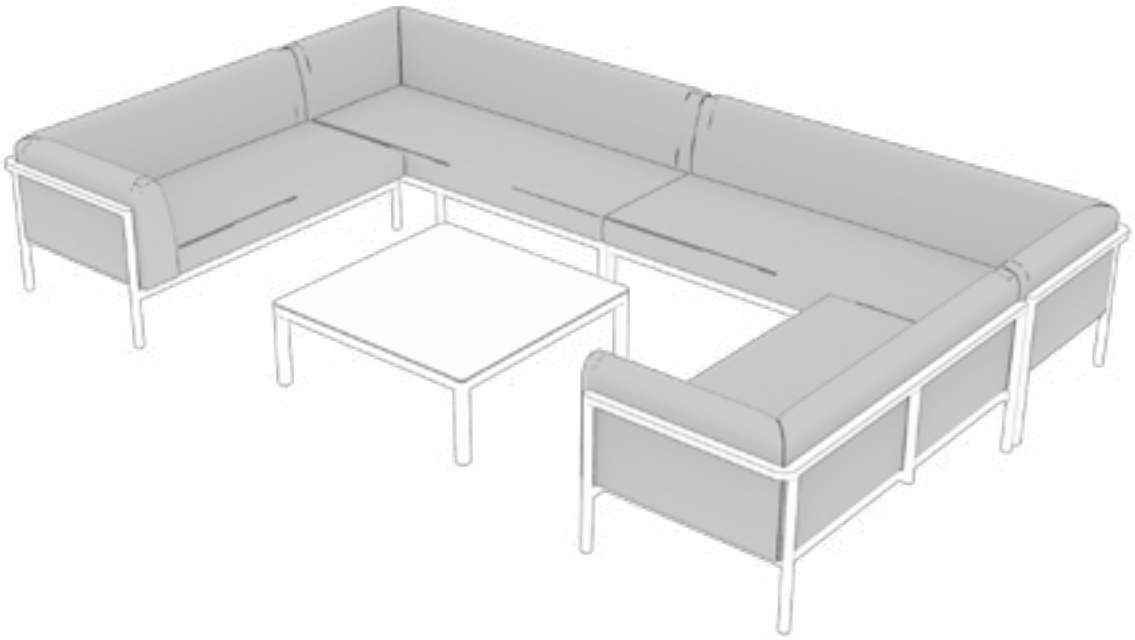
point origin

features

Simple and straightforward, Point Origin is a collection of lounge seating and occasional tables designed for casual indoor use and specified for outdoor durability. Offered through a partnership with Point Outdoor in Alicante, Spain, and created by designer Mario Ruiz, the collection includes lounge chairs and two—or three-seat sofas with matching occasional tables.

Featuring simple lines with discreet design gestures, Origin sofas can be used individually or grouped together with single-arm sofas to create larger configurations or L-shaped arrangements. Despite the simple appearance, the furniture is exceptionally comfortable. Origin features sturdy welded aluminum frames paired with thick foam cushions, available in a wide range of textiles.

When specified for outdoor durability, Origin is equipped with cushion water barriers and various UV-resistant and weatherproof textile patterns and colors designed outdoor use. The aluminum frames of the chairs and sofas can be easily stacked, allowing for minimal storage space when temperatures drop.



dimensions

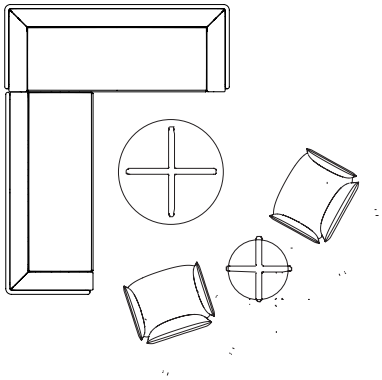
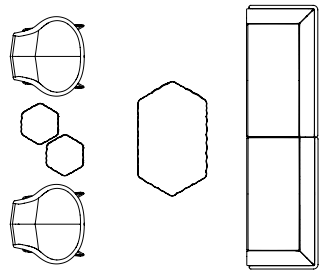
point origin

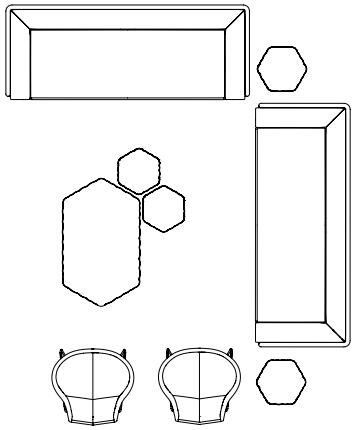
planning

Point Origin features simple lines with discreet design gestures. Sofas can be used individually or group a two-arm settee or sofa together with single-arm version to create L-shaped arrangements. Combine two single-arm settees or sofas together to create a long run. Despite the simple appearance, the furniture is exceptionally comfortable. Origin features sturdy welded aluminum frames paired with thick foam cushions, available in a wide range of textiles.

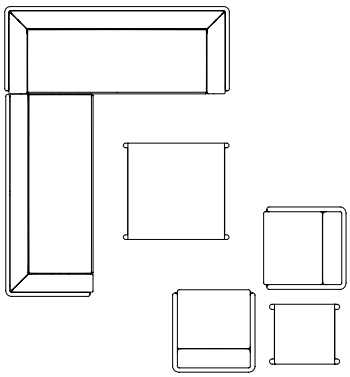
indoor environment applications

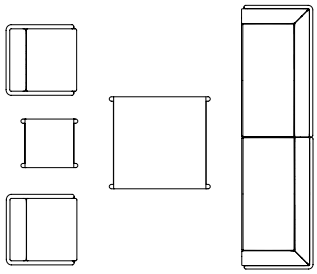


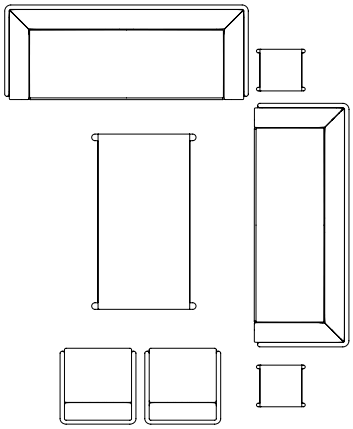




outdoor environment applications





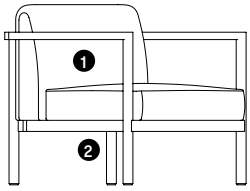


specifying point origin finishes

Point Origin is available in a wide range of fabric combinations that allow for an expressive use of textile color and texture.

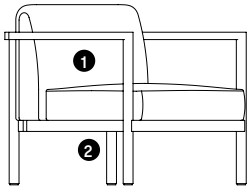
Note:
Point Origin seating specified for use in an outdoor environment include water barrier covers and are only available in textiles approved for use in an outdoor environment. Seating specified for use in an indoor environment include outdoor textiles as an option but do not include water barriers. Indoor seating should never be used outdoors and will not be covered under the Studio TK warranty

PNOCP1A (indoor use)



1. **Seat Upholstery Finish**
   Select seat upholstery
2. **Frame Finish**
   Select frame finish

PNOCW1A (outdoor use)



1. **Seat Upholstery Finish**
   Select seat upholstery
2. **Frame Finish**
   Select frame finish

comfort wrinkles

Upholstered sections feature large and/or long panels that will take on additional personality over time as they develop comfort wrinkles from use.

specification example

Point Origin lounge seating is available in several seating configurations for use in an indoor or an outdoor environment. Product specified for an indoor environment may not be used outdoors. Arm placement is determined by standing in front of a seat. A "Left Facing" arm is to your left when looking at the seat and to your right when sitting in the seat.

Steps involved in specifying Point Origin	Example:
Select the model for indoor or outdoor use	**PNOCW**
Select the seat configuration	PNOCW**1A**
Select the seat cushion upholstery	PNOCW1A**E523**
Select the frame finish	PNOCW1AE523**QM**

weights

Point Origin Lounge Chair	38 lbs
Point Origin Two Seat Settee	86 lbs
Point Origin Two Seat Settee with One Arm	73 lbs
Point Origin Three Seat Sofa	106 lbs
Point Origin Three Seat Sofa with One Arm	101 lbs

frame stacking

Point Origin frames may be stacked for storage during the off season. Like size components (Chairs, Settees with one or two arms, and Sofas with one or two arms) will stack together up to four (4) frames high with the cushions removed.

indoor / outdoor construction

Point Origin lounge seating is available to specify for use in either an indoor or an outdoor environment and has unique model numbers. The overall appearance is the same, however, there are additional construction elements necessary for seating intended for use outdoors where it is exposed to the weather.

cushion water barriers

When specified for use in an outdoor environment, Point Origin features water barrier covers that are installed over cushions prior to the application of upholstery. These covers provide a protective barrier to prevent the foam from absorbing moisture. Seating specified for use in a protected indoor environment does not include water barriers on the cushions and may never be used outdoors.

outdoor rated textiles

Seating specified for use in an outdoor environment will be limited to order in finish textiles that are specifically designed to withstand prolonged UV exposure and outdoor elements. Seating ordered for use in indoor environments are available in a wider range of textiles that may include textiles also suitable for outdoor use. Note that the use of outdoor rated textiles alone does not approve seating for use in an outdoor environment.

outdoor rated paint

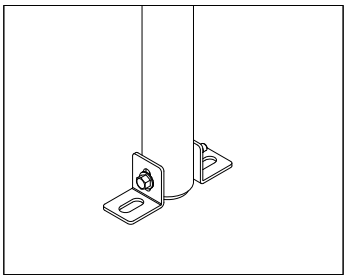
Point Origin is constructed with aluminum frames finished in a textured paint formulated to withstand prolonged UV exposure and outdoor weather elements. All Point Origin frames are finished in the same paint regardless of if they are specified for outdoor or indoor use. Point Origin is not available in any of Studio TK's Fundamental or Fashion Paint finishes.

outdoor covers

Optional outdoor covers are available for added protection to the weather and dirt and debris that can build up. While it is not necessary to use covers in an outdoor environment, their use will reduce the cleaning required.

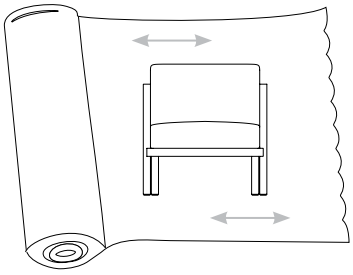
outdoor bracket

Secure your Point outdoor furniture with optional brackets available in a black finish. Each set includes two corner brackets designed to anchor two legs to the ground. Installation requires drilled holes and appropriate hardware, which needs to be supplied by your installer according to your specific installation needs.



special upholstery requirements

The length of Point Origin sofas requires components to be upholstered in a Railroad direction. Consideration should be given when selecting upholstery that features patterns or texture as they will present differently than other seating upholstered in the same pattern, applied in an Off The Bolt direction.



technical information

• edge trim • grain direction • grommets
• power accessories • power management

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

santé

features

The French celebrate by saying, “À votre santé” or “to your health.” Award winning designer Patrick Norguet created a level of elegance with his latest project, Santé. A series of versatile side chairs and stools, Simple yet smart, Santé is light and agile for movement and is comfortable for hours of work, meetings or just relaxing. Santé projects a lifestyle-oriented sensibility that softens the office landscape and expresses a more casual work culture.

shark by Artifort

features

Offered through a partnership with Artifort in Schijndel, The Netherlands, Shark got its name due to the profile resembling the feared predator. But with this chair there is nothing to fear as it provides the perfect platform for hospitality and entertaining or casual work environments. Shark's wrap around construction with added back support provides an extremely comfortable chair for a long evening around the table or a productive meeting. The fully upholstered seat is paired with a steel four-leg or sled-style base that are personalized in any of Studio TK's Fundamental or Fashion metal finishes.

Shark Chair, Sled Base
(ARSQ)

shark by Artifort

planning

Shark's round and well-fitting back provides the user with added support and makes for an extremely comfortable seat that is perfect for a relaxed hospitality dining setting, guest seating, and informal meeting spaces. Shark's distinctive profile brings a friendly elegance to any dining and meeting space. Fully upholstered seat is available in a Four Leg or Sled Base style that can be personalized in any of Studio TK's Fundamental and Fashion powder paints.

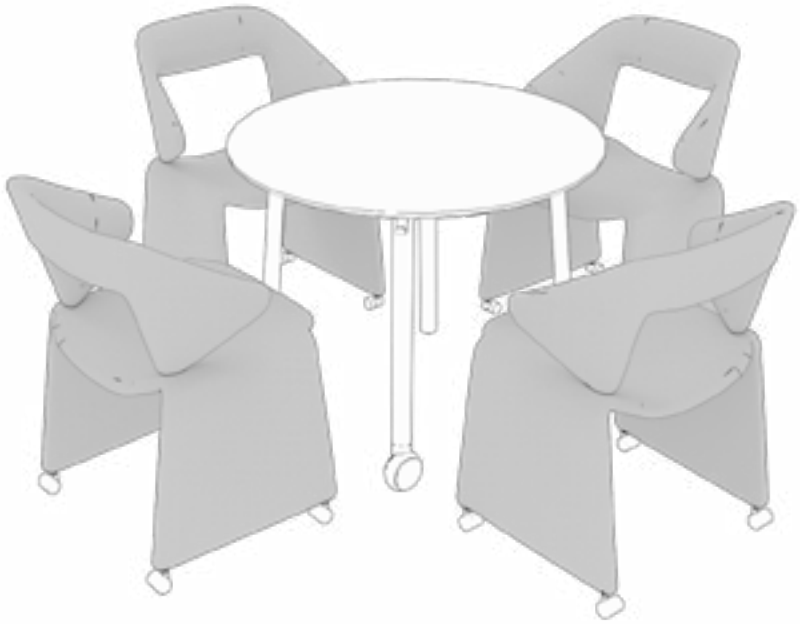
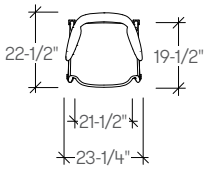
suit by Artifort

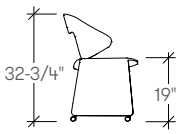
features

Offered through a partnership with Artifort located in Schijndel, The Netherlands, Suit introduces a new standard of seating comfort for the workplace and hospitality, which will enrich the environment and deliver a strong sense of style. Designed by Monica Forster, Suit features an open back that ensures the user can always find a comfortable seating posture. Fully upholstered, the seat and back can be finished with complementary or contrasting textiles, allowing for a personalized identity. On the move with twin-wheel casters, Suit is a distinctive chair and inviting addition to hospitality, dining, and workspaces.



dimensions



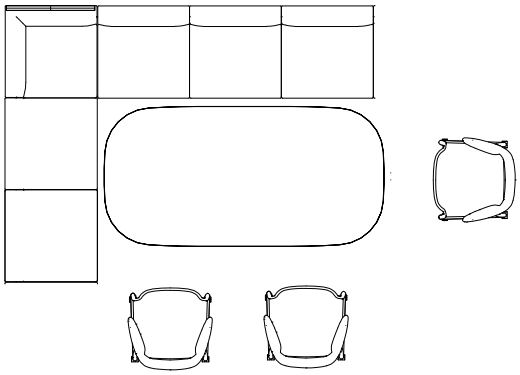


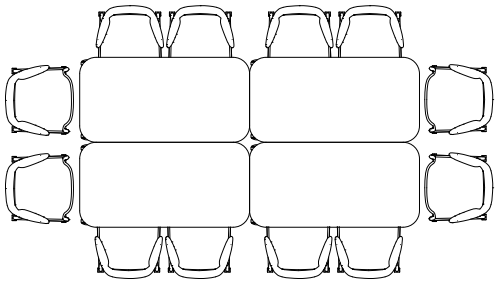
Suit Chair
(ARTC)

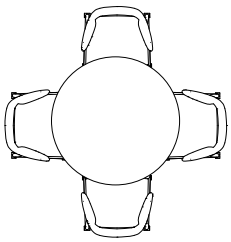
suit by Artifort

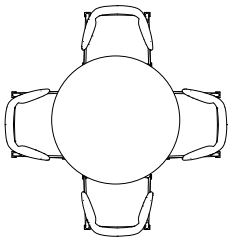
planning

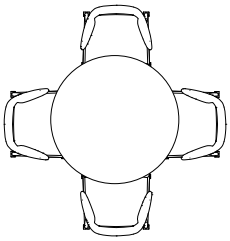
Suit combines easy mobility with distinctive design for a comfortable seating alternative in hospitality, dining and communal work environments. Fully upholstered, Suit's seat and back can be upholstered in a complementary or contrasting textile, allowing for a personalized identity. This compact chair projects a wonderful sense of spaciousness and comfort that allows the user to stay focused and present for hours.

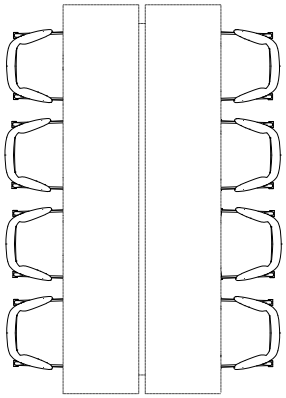


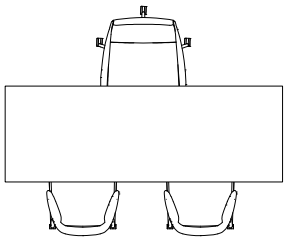


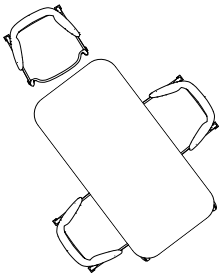


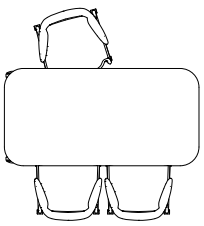


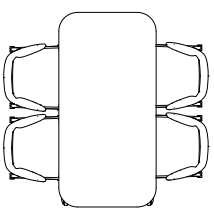












specifying suit finishes

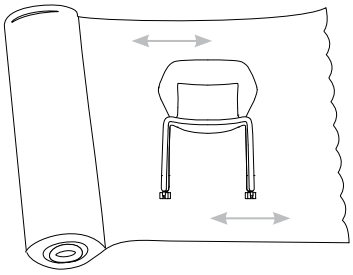
Select Suit chair	**ARTC**
Select the seat and base upholstery	ARTC**E523**
Select the back upholstery	ARTCE523**E523**
Select the caster style	ARTCE523E523**H**

weights

Suit Chair with Casters	29 lbs

special upholstery requirements

Unique characteristics of the Suit seating line require all components be upholstered in a Railroad direction. Consideration should be given when selecting upholstery that features patterns or texture as they will present differently than other seating upholstered in the same pattern applied in an Off The Bolt direction.



technical information

• edge trim • grain direction • grommets
• power accessories • power management

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather is not suitable for use on the Suit Chair.

trine

features

The Trine Stool, designed by Estudi Manel Molina, was inspired by the classic and iconic three-legged milking stools used on farms in Spain. Manel combined his experiences of growing up on a farm and his artisanal background to create an alluring stool that is as simple as it is complex. Trine takes fabric, metal, and wood to produce a breathtaking design where a unique metal base and footrest seamlessly intertwine with metal or wooden legs. Trine's sizes include a bar height and a counter height, which combined with Studio TK's multiple textiles, wood finishes, and powder coating options, bring flair to all residential, hospitality, and workplace applications.

dimensions

- Designed and tested for users up to 300 lbs
- Meets ANSI/BIFMA requirements
- Metal Finishes are always Monochromatic

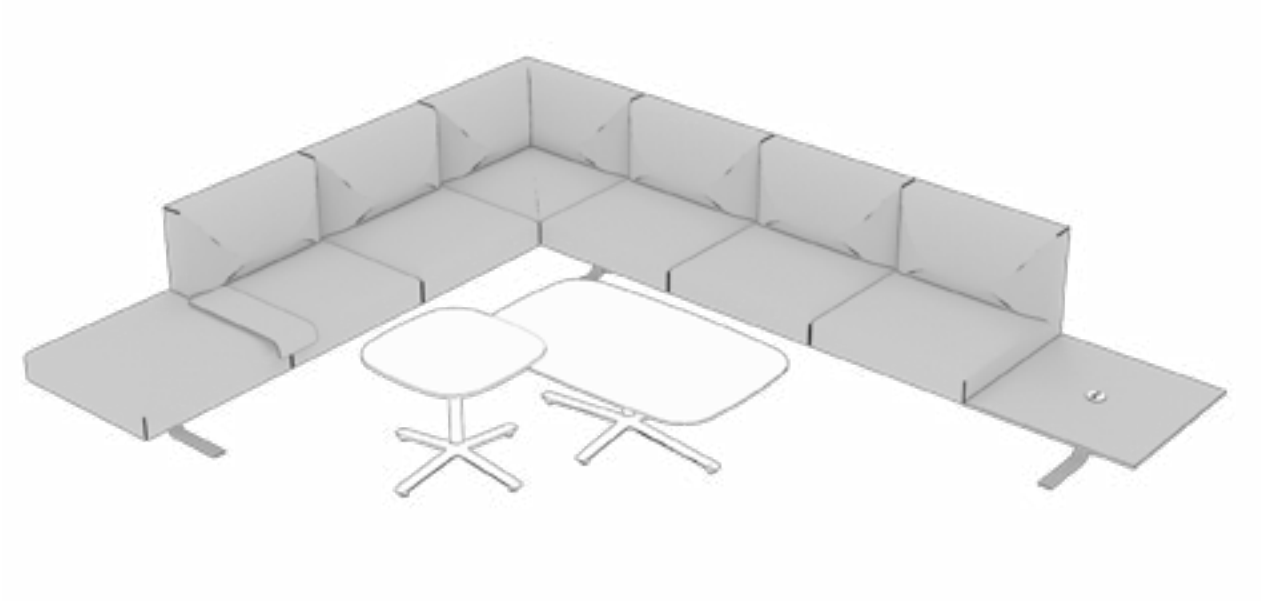
vettore

features

Vettore is a modular lounge system designed with classic, tailored sensibilities while offering an efficient modularity to adapt to evolving flexible work space. Designed by Toan Nguyen, Vettore configures within any environment to create intimate lounge settings or fill spacious public scenarios. Built on a universal base “stage”, Vettore allows for unlimited user specification with upholstered or table components to create a customized sofa to fit their needs. Vettore, Italian for “vector” or “array”, divides space comfortably and adds elegance to thoughtful casual work styles.

The selection of individual components allows for contrasting textiles and finishes for endless possibilities. Every sofa is custom to every environment. Vettore avoids the conventional modularity of freestanding components and adds a visual lightness to a space through a low profile base.



Vettore seating consists of the following preconfigured styles.

North American plug only 6 ft cord

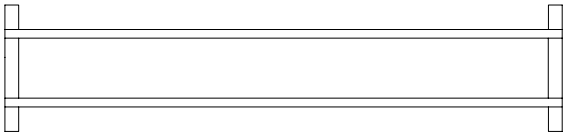
technical information

• edge trim • grain direction • grommets
• power accessories • power management

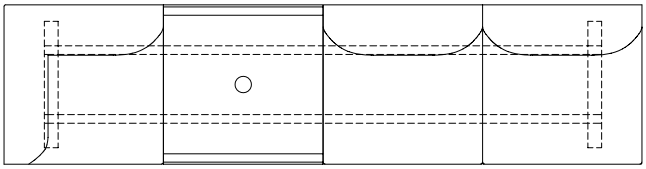
vettore

specifying vettore modular seating

Corner positioning and arm placement is determined by standing in front of a seat. A "Left Side Facing" corner or arm is to your left when looking at the seat and to your right when sitting in the seat.



1. Select the base assembly size (Two Seat, Three Seat or Four Seat)
2. Select base finish (Foundation Paint or Fashion Paint)



1. Select coordinating quantity of upholstered or table modular pieces to be assembled to the base style
2. Select upholstery finish
3. Select table finish, if applicable

artifort compass

features

Offered through a partnership with Artifort in Schijndel, The Netherlands, Artifort Compass tables are simple, elegant wooden companions that enhance seating spaces and adapt naturally to flexible lifestyles. Designed by Mike & Maaike, Artifort Compass' semi-circular surface is welcoming from many angles, allowing individuals to position and reposition to suit your needs quickly.

Artifort Compass perfectly harmonizes with Studio TK's chairs, lounges, sectionals, and sofas. Its low-profile base slips conveniently under your sofa or chair while its cantilevered design brings the surface comfortably close. Artifort Compass can be rotated to one side, positioned in front, or hovered over your lap, providing the perfect surface for a drink or the ideal position for your laptop.

bevy pedestal work tables

features

Bevy is a dynamic table platform that enables endless configuration. Various heights and sizes give people the ability to work in countless ways in any space. Bevy tables fill many different scenarios and spaces. From occasional and coffee tables; cafe, work and personal task tables; to small and larger conference environments, Bevy can be used anywhere. By addressing the diverse needs of various spaces, Bevy allows people to choose how and where they work.

planning

Bevy enables personalization within every configuration through Studio TK's finishes program. Base finishes, including polished aluminum and powder-coat colors, achieve true customization and durability in high-use areas like cafés and dining spaces. Several top sizes in different top surface finishes create an array of choice. A substantial frame under-structure allows for easy wire management, along with providing strength and stability.

bevy work leg tables

features

Bevy is a dynamic table platform that enables endless configuration. A variety of heights and sizes give people the ability to work in a variety of ways in any space. The unique wood-leg version brings a crafted elegance, introducing a more emotional response to otherwise traditionally stagnant environments.

bevy work leg tables

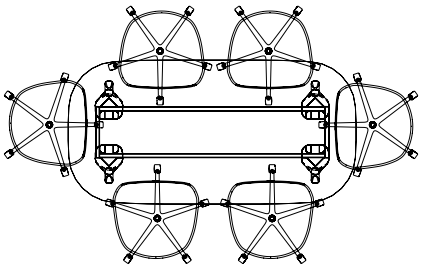
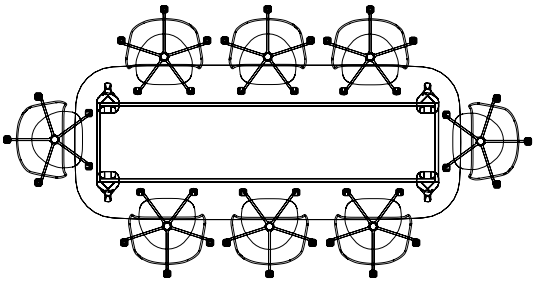
planning

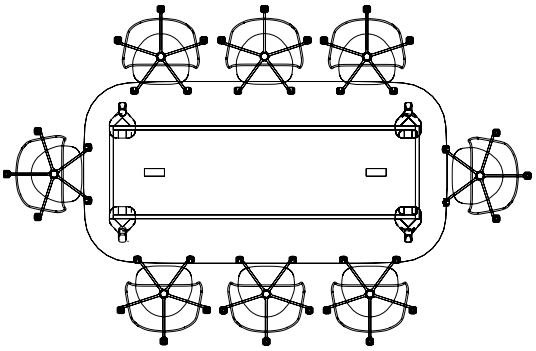
Bevy enables personalization within every configuration through Studio TK's finishes program. The unique wood-leg base is available in a variety of finishes and brings a warmth and elegance to any work, conference or dining environment. Several top sizes in different top surface finishes create an array of choice. A substantial frame under-structure allows for easy wire management, along with providing strength and stability.



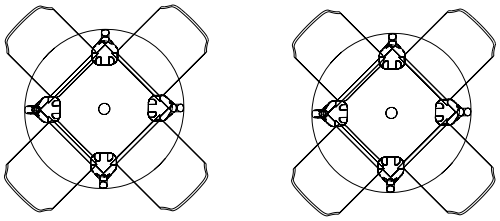
84" x 42" Bevy Leg Table, minimum 6 chairs, Kuskoa Bi 5-Star Base



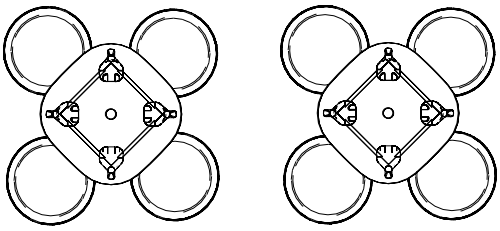
120" x 48" Bevy Leg Table, minimum 8 chairs



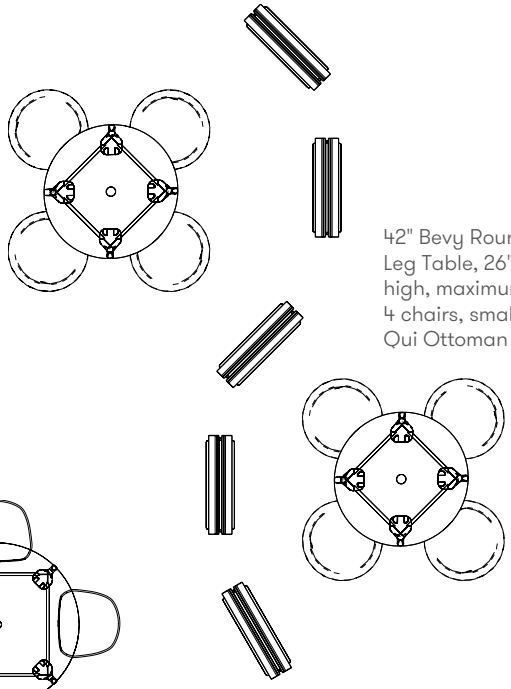
96" x 48" Bevy Leg Table, minimum 8 chairs



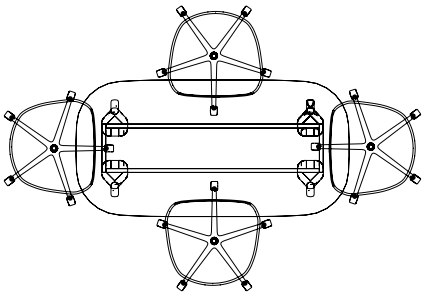
42" Bevy Round Leg Table, maximum 4 chairs, Kuskoa Chair



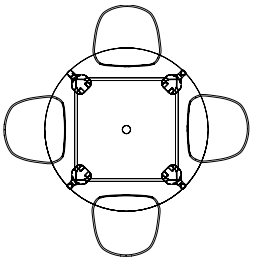
36" x 36" Bevy Leg Table at 26" high, minimum 4 chairs, small Qui Ottoman



42" Bevy Round Leg Table, 26" high, maximum 4 chairs, small Qui Ottoman



72" x 36" Bevy Leg Table, minimum 4 chairs, Kuskoa Bi 5-Star Base



60" Bevy Round Leg Table, minimum 4 chairs, Kuskoa Bi Wood Legs

specification example

Bevy permits a wide range of combinations that vary dependent of the configuration specified. The following demonstrates the order that must be selected.

Steps involved in specifying Bevy Work Leg Tables	Example:
Select configuration	STETM
Select top size	STETMK
Select height	STETMK26
Select power cut out	STETMK26N
Select top surface finish	STETMK26NMV
Select casting finish	STETMK26NMVC9
Select wood leg finish	STETMK26NMVC9BU

When a cut out is specified on Bevy Tables a cable manager will be included to route power down the table leg.

POWER UNITS SOLD SEPARATELY

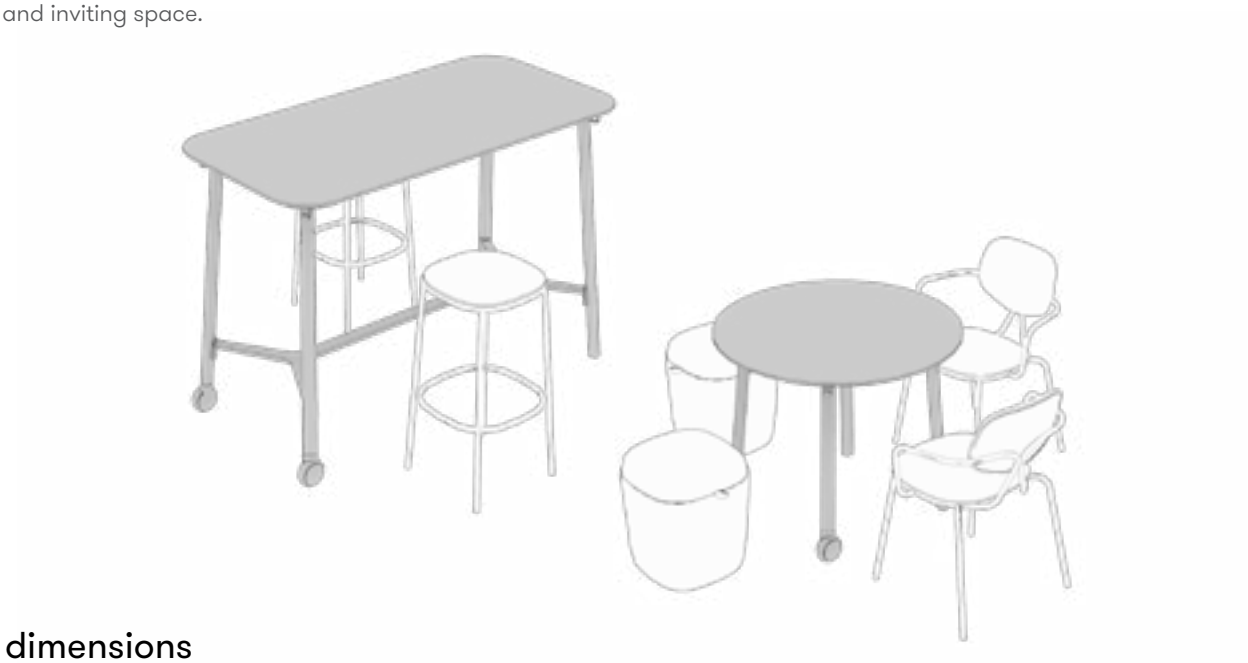
bevy mobile work leg tables

features

In the fast-paced world of agile offices, adaptability and flexibility are key. Designed by Mario Ruiz for Studio TK, Bevy Mobile tables offer a seamless solution for workplaces that need to change quickly and often. With large 4"/100mm diameter wheels to one side, they can quickly transform an area from a communal break space to a scrum area; daily stand-up “water cooler” space; or a “hot desk” for visiting co-workers. Bevy Mobile tables feature warm hardwood legs with work surfaces finished in a coordinating veneer or durable laminate. Corner bag hooks, aluminum details and wheel hubs can be finished with any of Studio TK’s Fundamental or Fashion paints to reflect organizational culture and design. Available in work and bar heights, Bevy Mobile transforms your work and hospitality environment into a warm and inviting space.



dimensions

- Meets ANSI/BIFMA X5.5

Bevy Mobile Rectangular Work Leg Table
(STETZ)

bevy mobile work leg tables

planning

Bevy Mobile tables provide fluid, multipurpose design for communal spaces in work and hospitality environments. Easily reconfigured, Bevy Mobile encourages accidental encounters that lead to innovation when people collide. Personalize configurations with Studio TK's finish program. Warm hardwood legs are available in a variety of finishes with the option of matching veneer or durable laminated work surfaces. Cast aluminum table components and wheel covers are available in Studio TK's Fundamental and Fashion paints for customized details that reflect your organizational culture.

cesto tables

features

Cesto, Spanish for 'basket', is a collection of interactive seating and table elements designed to address the dynamic collaborative and social behaviors typical of today's work environment. The lightweight, easily mobile tables allow for people within the office to move pieces around the space at their hearts content. Composed of an upholstered bottom element and a variety of functional tops, this simple collection offers a comprehensive family of furnishings for the new social office landscape.

fractals nook

features

Fractals Nook, an extension of the Fractals Seating product, uses an organic high shell with an added worksurface to create an intimate desk carrel for heads down work. Fractals Nook allows for users to create a distraction free zone for work. The natural curves of Fractals create unique space planning capabilities for socials spaces that require the need for privacy. The addition of the Fractals Nook now allows for new planning scenarios for the complete Fractals line. It offers the ability to intertwine high back lounge pieces with high desk nooks.

Fractals Nook allows the same broad canvas of the lounge series for the selection of multiple fabrics and finishes to create your own distinctive look. Powdercoat finishes on both the legs and the inner frame are chosen individually as well as inner and outer fabric selection for those environments that encourage space division emphasized by finish.

freehand

features

Freehand occasional tables were designed around the free-flowing pencil of an artist. The inspiration is the juxtaposition of a super mechanical process of extruding aluminum to these forms that are organic and imperfect, and flow from one piece to the next.

Though not perfectly symmetrical, table sides fit together to form a number of geometric shapes that can then be finished with tabletop surfaces. Sides are available in two shapes and three sizes. Freehand can be uniquely decorated in Studio TK's Fundamental and Fashion powdercoat finishes. Tabletops are available in leather, felt, linoleum and glass. The finishes narrative extends from a monochromatic look that's more hospitality-focused, to the felt and leather tops with a pop of color that tells more of a craft story. Freehand's breadth of options allows users and designers to customize to suit their project needs.

Designed by the London-based studio Pearson Lloyd.

havn tables

features

In coordination with the Havn lounge series, Busk+Hertzog set out to create a small yet versatile series of universal occasional tables that matched Havn seating's crafted architecture.

Havn tables complement Havn lounge seating both in design and functionality but, at the same time, work perfectly on their own or together with other lounge furniture, within or outside the Studio TK collection. Combining various heights, sizes, shapes, materials and colors, Havn configurations are as endless as the ways they can be applied.

mari-sol by Vondom

Studio TK is offering Mari-Sol Café, Occasional and Work tables in North America in partnership with Vondom – a leading Spanish provider of furniture for modern indoor and outdoor commercial spaces. Mari-Sol is a table collection designed by Eugeni Quitllet that combines technology in its function with sensuality in its shape. Different dimensions allow the tables to adapt to any environment.

Café Tables, Occasional Tables and Work Tables are offered in different combinations of base styles, and various sizes of Round and Square Tops.

indoor / outdoor construction

Mari-Sol tables are constructed with materials that are suitable for use indoors in a protected environment or outdoors in an environment exposed to the weather and natural elements.

solid core high pressure laminate tops

Work surfaces are constructed from a durable solid core substrate and topped with a durable matte high pressure laminate that is designed to withstand UV exposure; exposure to the elements; and withstand wide swings in temperature.

outdoor rated paint

Table frames are constructed of aluminum and finished in a paint formulated to withstand prolonged UV exposure and the weather. Mari-Sol tables are not available in any of Studio TK's Fundamental or Fashion paint finishes.

mari-sol

planning

A variety of configurations can be achieved with Mari-sol, allowing for various configurations. The following typicals demonstrate the versatility that can be achieved.

minuta

features

Minuta, Italian for minute, are the ideal platform for casual collaboration with your co-workers and the temporary stops made during the day where you take a few minutes and move on. Designed for Studio TK by Jeff Miller, Minuta brings some style to your lounge, break room, café, meeting space, and the in-between spaces in the office where you take a break; perform some quick work; collaborate on a project; or just socially interact with your co-workers.

Minuta features a pedestal that is tapered at the center and allows the unique ability to custom finish in the upper and lower portions in a complementary or contrasting paint. Tops are available in four height options with a circular, square or rectangle shape and available in durable high-pressure laminate and refined wood veneer with knife edge, or a back painted glass surface that can coordinate with the pedestal finishes. Optional power adds functionality and cleanly routes power cords down the inside of the pedestal to exit at the base.

modus art / abe / arne

features

Offered in partnership with Modus in South Somerset, UK, and designed by Michael Sodeau, the Modus Art; Modus Abe; and Modus Arne tables are a trio that share similarities while serving distinct purposes. Modus Art is the smallest of the three, featuring an angled cutout that is perfect for holding a book. The medium-sized Modus Abe has a lower shelf running around its entire perimeter. The largest table, Modus Arne, is designed to function best as a central coffee table, showcasing a concentric cutout on the top that is ideal for magazines.

sustainability

Modus Art; Modus Abe; and Modus Arne are made entirely from recycled waste materials generated during the production of wine bottle corks, using a solvent-free binder and are available with FSC certification upon request. Once they reach the end of their life cycle, the tables may be recycled into a finer grade cork composite ready for next life as a new product or biodegraded.

Cork is a renewable material harvested from the outer bark of the Mediterranean cork oak tree without harm to the tree. The bark will regenerate and is typically harvested once a decade. As it regenerates, it can absorb up to five times more CO_2 than a cork tree left undisturbed. Mediterranean cork forests help sequester an estimated 14 million tons of carbon annually.

Cork oak forests are rich in biodiversity, and these trees can live up to 250 years. The cork harvesting process supports communities in southern Europe and northern Africa and is highly sustainable, positively impacting the natural environment.

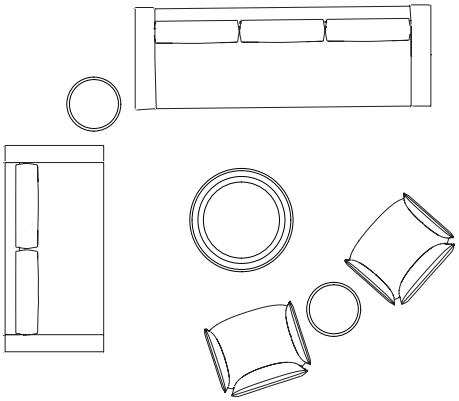
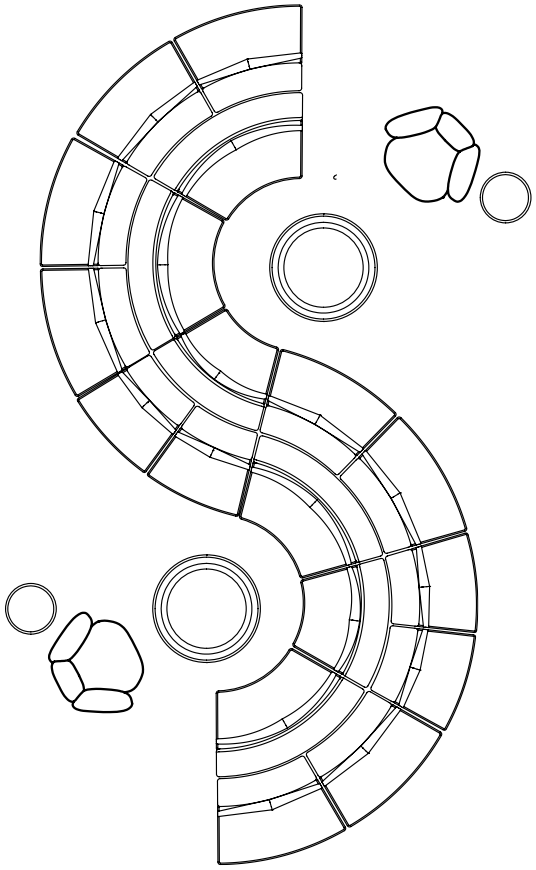
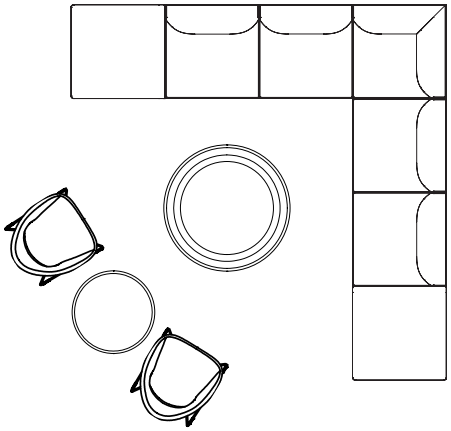
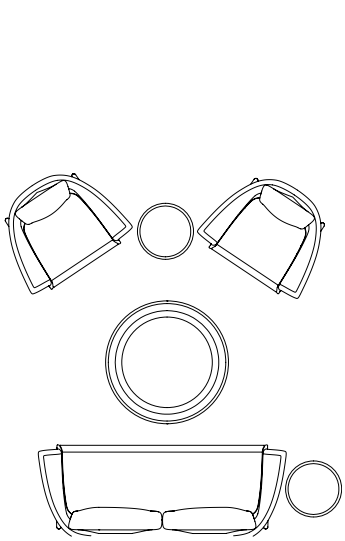
planning

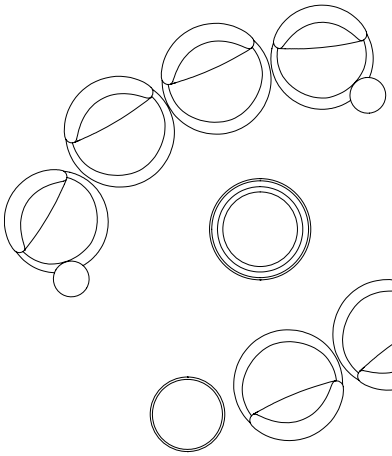
Modus Art, the smallest of the three, features an angled cutout that is perfect for holding a book. The medium-sized Modus Abe has a lower shelf running around its entire perimeter. The largest table, Modus Arne, is designed to function best as a central coffee table, showcasing a concentric cutout on the top that is ideal for magazines. Constructed entirely of cork, these sturdy tables feature a natural cork finish.

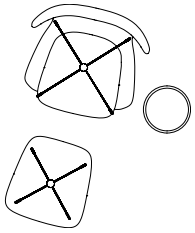






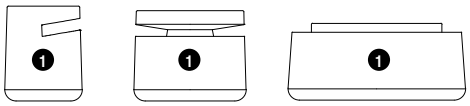






specifying art, abe and arne finishes

Art, Abe and Arne occasional tables feature a natural cork finish.

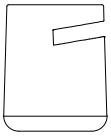


SMART SMABE SMARN

1 Cork Finish
Select cork finish

specification example

Cork tables are available in three sizes.



Steps involved in specifying cork tables	Example:
Select the Art, Abe or Arne cork table	**SMART**
Select the configuration	SMART**001**
Select the cork finish	SMART001**MNC**

care instructions

Cork should be regularly cleaned with a soft cloth or duster. Stains should be tackled immediately with warm, soapy water, working from circumference to center and rubbing gently. Repeat as necessary.

All cork items are sensitive to UV and will fade if left exposed to sunlight. Turn regularly to avoid bleach lines.

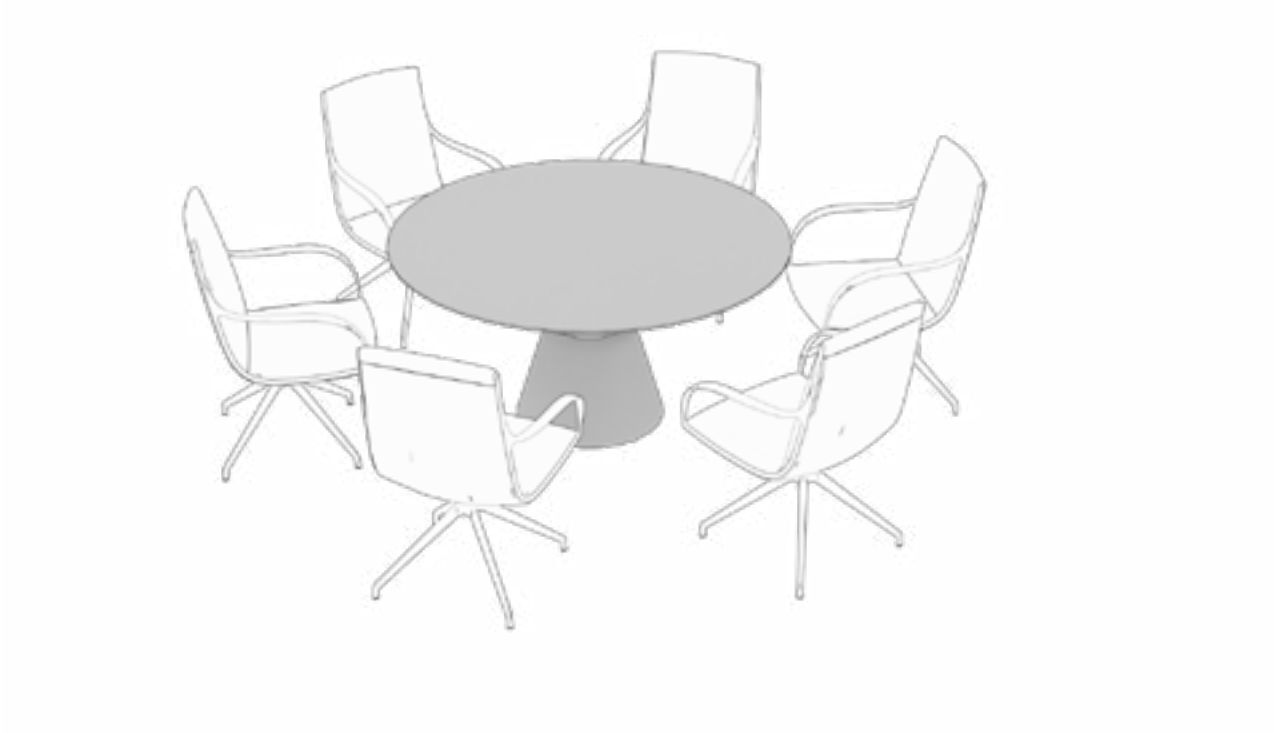
ora

features

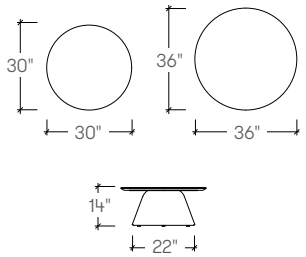
Ora, Italian for hour, offers a comfortable gathering place with refined finish options that encourages you to connect with co-workers; build social connection; and linger a little longer. Designed for Studio TK by Jeff Miller, Ora is ideally suited for collaboration; break out and incubator spaces; departmental gathering points; executive office multi-purpose zones; and casual dining environments.

Designed with choice in mind, Ora features an hourglass shaped drum base that has the option of a durable polymer or fully upholstered finish that coordinates with seating and absorbs noise. Individual upper and lower base sections can be mixed and matched between polymers and textiles for an endless variety of applications. Table tops are available in multiple heights and round, square or rectangular shape with soft corners and high pressure laminate or veneer surfaces. Optional power adds functionality and cleanly routes power cords down the inside of the pedestal to exit at the base.

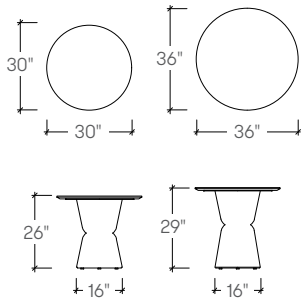


dimensions

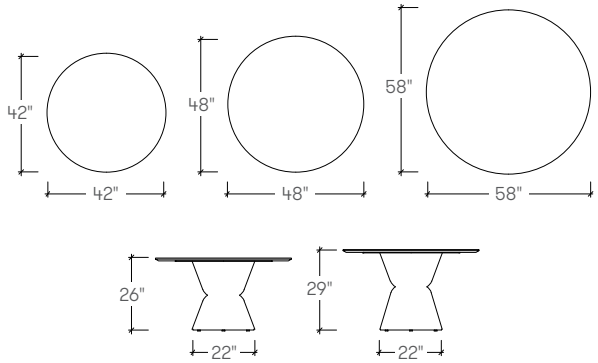
Ora tables are sold as a base and a top separately, both must be ordered. The dimensions shown are representative of the final product with the base and top combined.



Ora Round Occasional Table
(TKQ2B base / TKQ1R top)



Ora Round Work Table
(TKQ2C or TKQ2E base / TKQ1R top)



Ora Round Work Table

Ora tables are sold as a base and a top separately, both must be ordered. The dimensions shown are representative of the final product with the base and top combined.

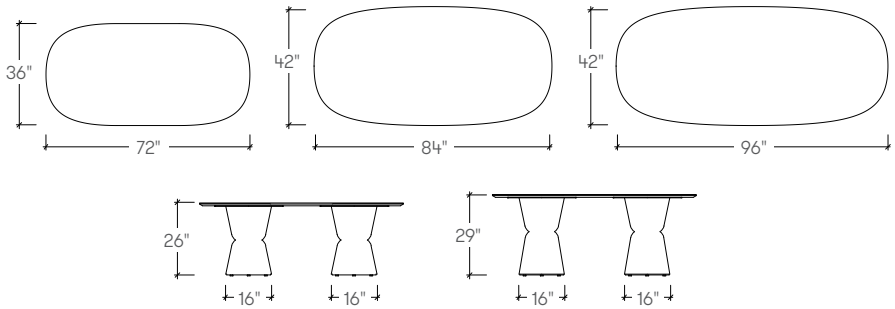
Ora Rectangle Work Table
(TKQ2D or TKQ2F base / TKQ1T top)

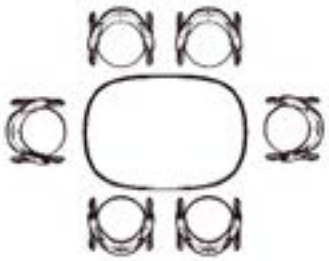


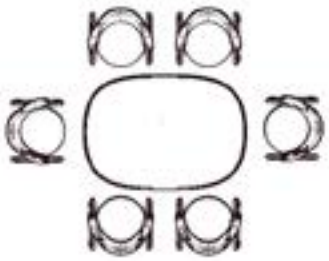
Ora Rectangle Work Table
(TKQ2C or TKQ2E base x 2 / TKQ1T top)

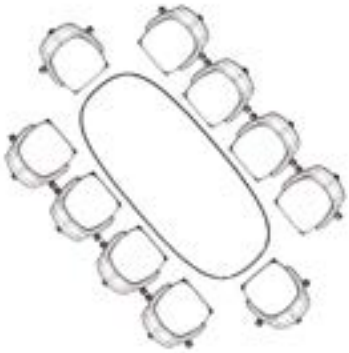
ora

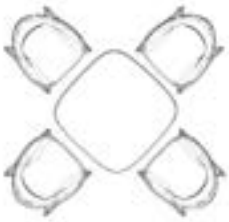
planning

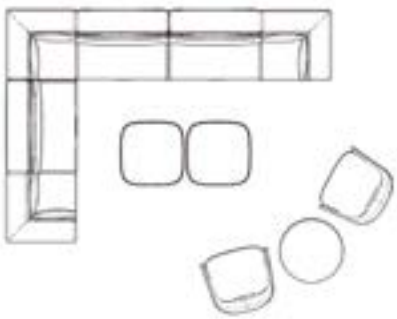
Ora is an ideal solution for collaboration and socialization in lounge spaces, café and dining, break-out and incubator spaces; meeting rooms; office multi-purpose zones; and the in-between areas. Tables are available in an occasional, work and café height with multiple sizes in a round, square or rectangular work surface.







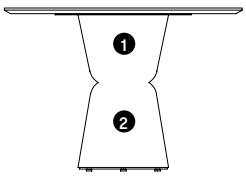




specifying ora finishes

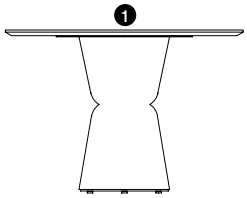
Ora tables are available in a variety of finish and material combinations. Base and top components are sold separately, bases are available in a plastic or upholstered finish and work surfaces are available in a high-pressure laminate or wood veneer.

Note:
Studio TK does not recommend using bold patterned or striped textiles on Ora table bases. Due to the shape, these textiles will become askew during the fabrication process, which will cause distortions to the pattern or stripes; deviations to the pattern or stripe across the entire piece; and pattern or stripe misalignments from upper and lower bases. For these reasons, Studio TK will not accept warranty claims for pattern matching distortions, deviations or misalignments.



TKQ2E

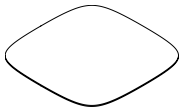
1. **Upper Base Finish**
   Select plastic or upholstery finish
2. **Lower Base Finish**
   Select plastic or upholstery finish



TKQ1R

1. **Surface Finish**
   Select surface finish

specification example



Ora table bases and tops are sold separately and both must be ordered. Reference the base to top compatibility chart prior to ordering. The following demonstrates the order that must be selected and will vary dependent on features.

Steps involved in specifying Ora tops	Example:
Select the top style	**TKQ1S**
Select the top size	TKQ1S**42**
Select the power cut out	TKQ1S42**D1**
Select the top finish	TKQ1S42D1**RU**

Steps involved in specifying Ora bases	Example:
Select the base style	**TKQ2F**
Select the table height	TKQ2F**29W**
Select the upper base finish	TKQ2F29W**E523**
Select the lower base finish	TKQ2F29WE523**SBA**

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

SINGLE UPHOLSTERY		COM [yards]	COL [sq. ft.]
Ora Base, Wide for Occasional Table 14"h	Bottom Section	2	36

point long island tables

features

Point Long Island Tables feature a thin profile that matches the Point Long Island Lounge Seating. Offered through a partnership with Point Outdoor in Alicante, Spain, Long Island is designed by Christophe Pillet.

Available in three sizes, a side table and two coffee tables, these tables provide an elegant simplicity to any lounge environment. Bases are constructed from extruded aluminum and finished in a durable textured powder paint and tops are a solid core with a solid or marble pattern. Point Long Island Tables will become your new classic for use indoors or in an outdoor environment.

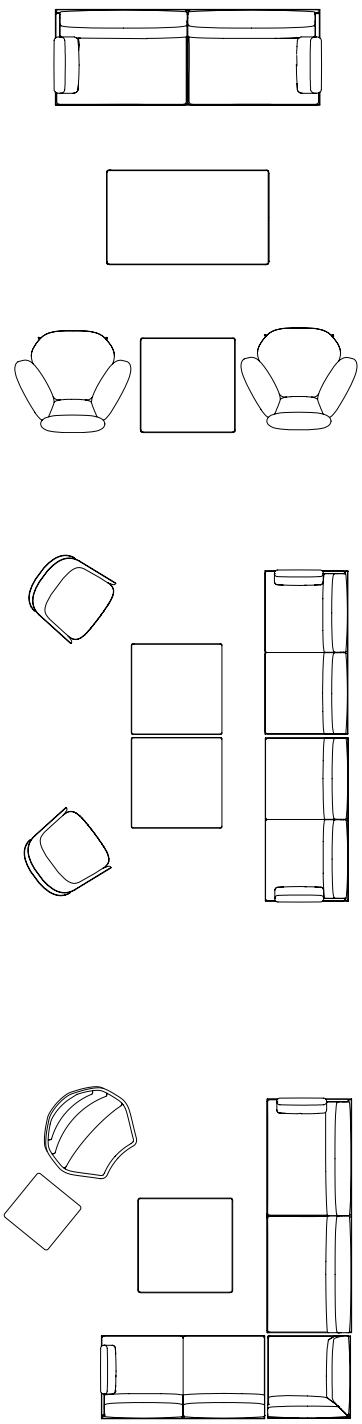
point long island tables

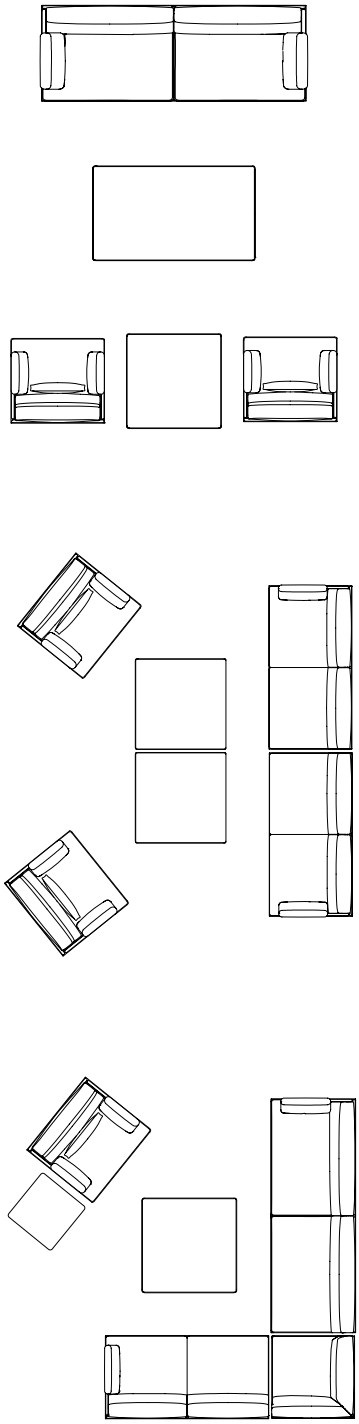
planning

Point Long Island Occasional Tables are eminently versatile and available in three sizes. They offer an elegant simplicity that enhances any indoor lounge setting while being designed to withstand the elements in an outdoor environment.

indoor environment applications

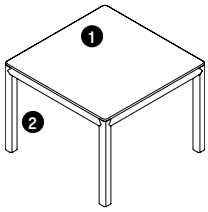


outdoor environment applications



specifying point long island table finishes

The Point Long Island table is available in a select finish offering to complement the Point Long Island lounge seating.



1. **Point Solid Core Surface Finish**
   Select grade and finish of tabletop

2. **Frame Finish**
   Select frame paint finish

specification example

Point Long Island tables are available in a side table and two coffee table configurations. All Point Long Island tables are built for use in both an indoor or an outdoor environment.

Steps involved in specifying Point Long Island	Example:
Select the model for indoor or outdoor use	**PNLTW**
Select the table configuration	PNLTW**A**
Select the solid core surface finish	PNLTWA**1A**
Select the frame finish	PNLTWA1A**QG**

weights

Point Long Island Side Table	33 lbs
Point Long Island Coffee Table	55 lbs
Point Long Island Rectangle Coffee Table	55 lbs

indoor / outdoor construction

Point Long Island Occasional Tables provide added elegance and are appropriate for any indoor lounge setting while constructed to stand up to the elements when used outdoors.

solid core high pressure laminate tops

Work surfaces are constructed from a durable solid core substrate and topped with a durable matte high-pressure laminate that is designed to withstand UV exposure, exposure to the elements and withstand wide swings in temperature.

outdoor rated paint

Point Long Island Table frames are constructed of extruded aluminum and finished in a textured paint formulated to withstand prolonged UV exposure and the weather. Point Long Island Tables are not available in any of Studio TK's Fundamental or Fashion Paint finishes.

outdoor bracket

Secure your Point outdoor furniture with optional brackets available in a black finish. Each set includes two corner brackets designed to anchor two legs to the ground. Installation requires drilled holes and appropriate hardware, which needs to be supplied by your installer according to your specific installation needs.

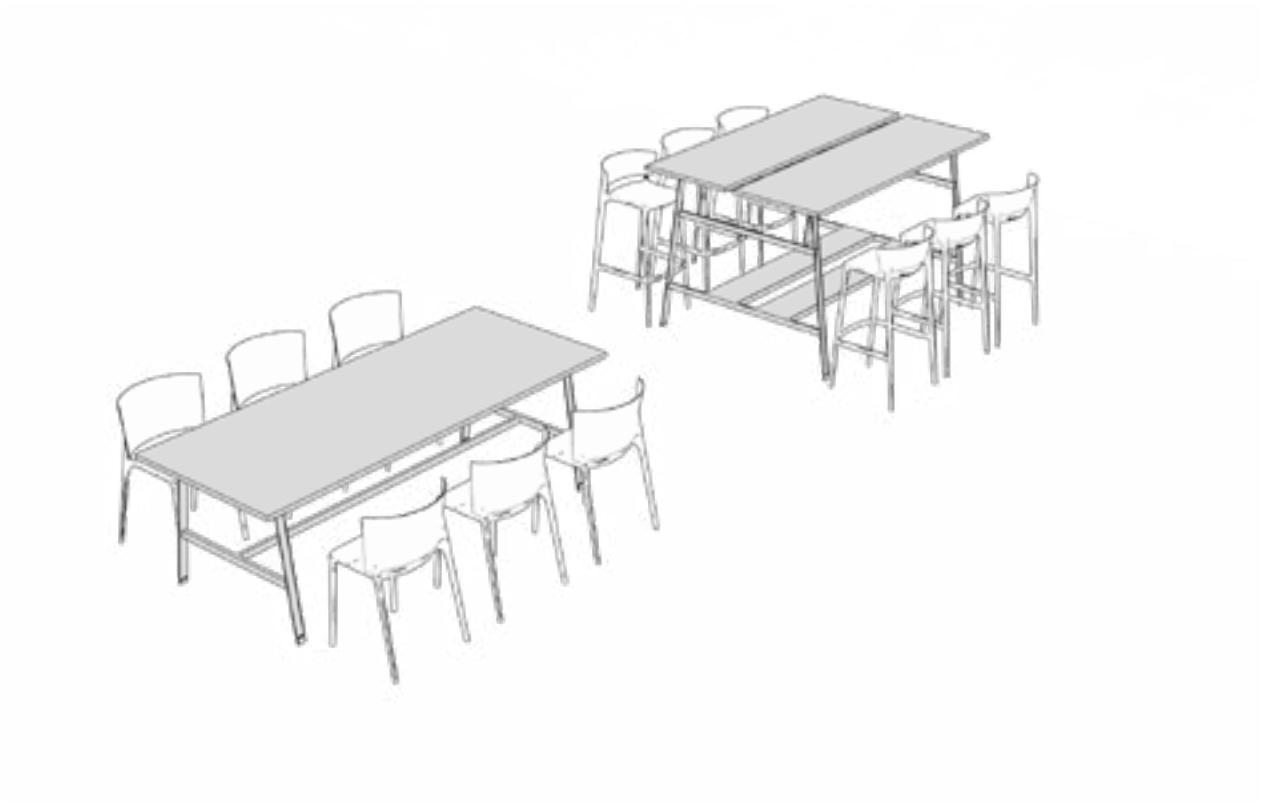
rec

features

Designed by Christophe Pillet, Rec worktables are inspired by the raw, rectangular worktable from the industrial age, Rec creates high work postures ideal for today's social spaces. Rec worktables provide compelling high work settings for the more active worker and creative types – those who need to sit or stand and accomplish solo, heads-down work. Rec supports applications that serve both perimeter and open space planning, for personal touchdown, quick gatherings and longer-term collaborative work scenarios.

Rec worktables are offered in three popular heights. Two top styles in multiple sizes are available in linoleum, laminate and veneer. Three base styles are offered in a wide variety of powder coat colors.



rec

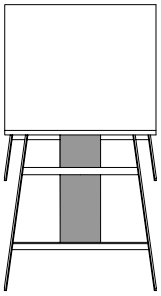
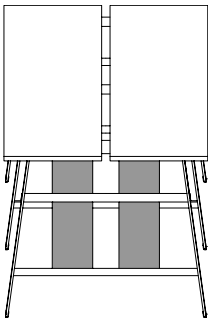
rec details

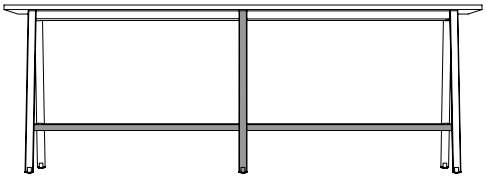
Thin cross rail on the 29" x 29" high or 36" high models of all rec tables



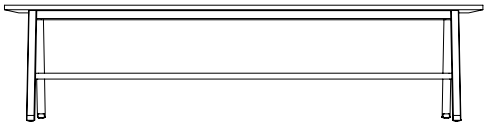
Single footrest on the 42" high x 23" deep or 36" deep tables



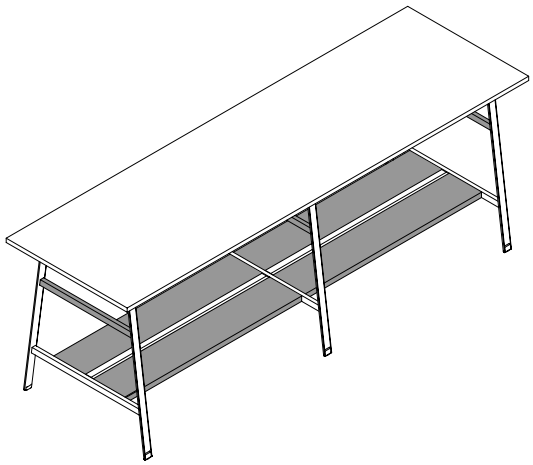
Double footrest on the 42" high x 48" deep tables



The 119" wide tables at 36" and 42" high will now have a third (middle) leg.



The 29" high will remain with 2 legs.



The 36" deep and 48" deep tables at 42" high have a crossbar in the leg for all widths.

rec

planning

A variety of configurations can be achieved with Rec Tables, allowing for various configurations. The following typicals demonstrate the versatility that can be achieved.

STYD / STYE **rec** power bump accessories

Power Bump accessory power units are available for use on the Rec single top workshop tables (STMA and STMB). **Rec tables require a power cut out(s) in the worksurface, which must be specified at the time of order.** Reference the table notes for power cut out up-charges and see the Power Accessory section for Power Bump specifications, model numbers and unit pricing.

sly

features

The Sly Table series is illusory, tricking the viewer's eye. Although the table surface appears to be angled, it is perfectly level.

Sly is a crafted, light-scale occasional table series with a simple, unbalanced approach. The edge detailing creates a sense of non-conformity to traditional norms. Surface materials include linoleum, laminate, veneer and back-painted glass. An exposed plywood edge detail is featured with linoleum tops.

The unique base design incorporates three diameters and heights, comprising Side, Occasional and Coffee Tables. Various base sizes increase visual interest in a setting when multiple Sly tables are specified, and enable the overlapping and nesting of tables.

The materiality of the inset top, in combination with an expansive base palette, allows designers to create iconic lounge, greeting or public settings.

waltz

features

Designed by the team at Studio TK, the Waltz series of tables includes a laptop/task table for temporary workspace and three design matched lounge tables that tie your space together. The laptop/task table is available in a fixed 29" height, perfect for lounge applications, or a height adjustable version that easily raises or lowers for users in any style of seating. A large surface supports a laptop with room for accessories and the open base design easily nestles around a chair leg, allowing the table to be pulled in close for comfortable use.

The lounge tables are designed matched, allowing for a cohesive design throughout your space, and feature three top sizes, each available in a 12", 15" or 18" height. Individually the tables can be used as a side or a coffee table and when grouped together in varying heights, the tables nest in multiple tiers for added visual interest.

With a high degree of material choice, tables can match, complement or contrast in your space with table tops available in a durable laminate, veneer, back painted glass, or environmentally friendly Polygood plastic made from 100% recycled materials from refrigerator appliances and single use cutlery. Aluminum bases are lightweight and can be finished in any of Studio TK's Fundamental or Fashion paints.

sustainability

Waltz table frames are constructed of aluminum and easily deconstructable at the end of useful life for recycling.

Table surfaces are available with a Polygood plastic tabletop made from 100% recycled plastic materials from refrigerator appliances and single use cutlery.

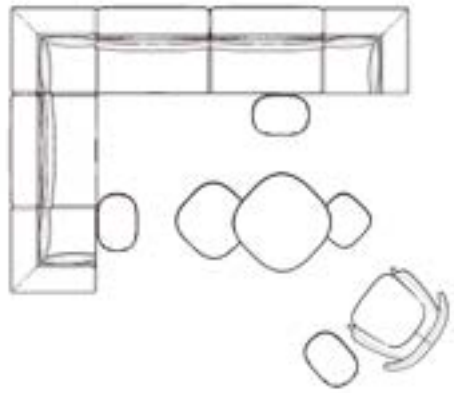
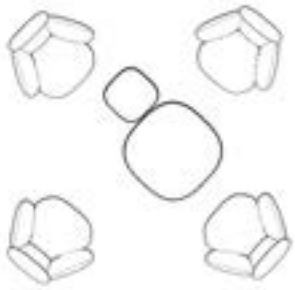
Waltz Coffee Table
(STZLC)

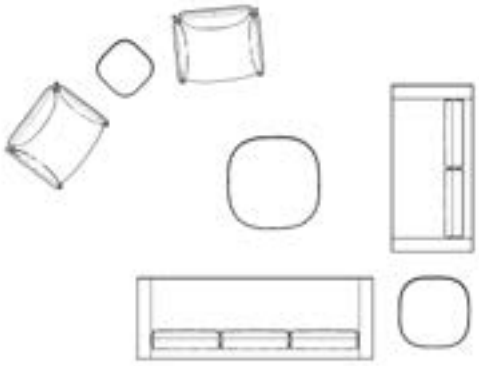
waltz

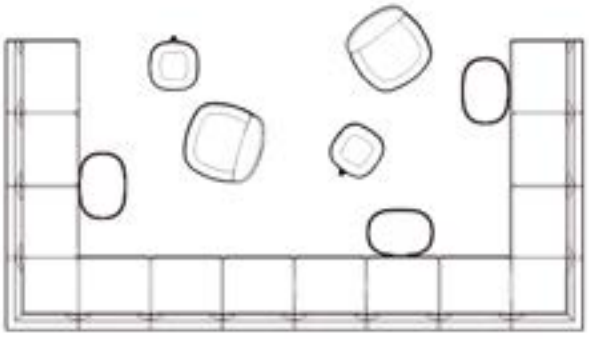
planning

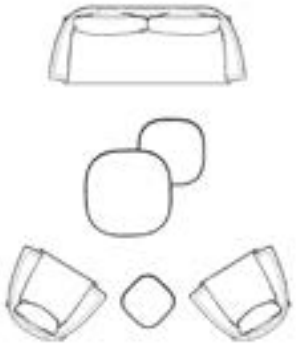
The Waltz collection features a fixed and adjustable height laptop / task table and three sizes of lounge tables that are available in multiple heights. The fixed height laptop / task table is ideally suited to work with any lounge seating while the height adjustable laptop / task table easily changes height for any size use in any type of seating. Lounge tables are available as a side, occasional, or coffee table in 12", 15" and 18" heights that allow tables to nest together for added visual interest.











specifying waltz finishes

Waltz laptop and lounge tables are available in a variety of combinations, allowing for an expressive use of color and material. Work surfaces are framed with an aluminum track that runs the full perimeter of the surface. The aluminum frame is finished in the same color as the base.

specification example

Waltz is available as a laptop/task table or lounge table in three top sizes and three heights. The following demonstrates the order that must be selected and will vary dependent on features.

Steps involved in specifying Minuta	Example:
Select the table style	**STZLC**
Select the table height	STZLC**12**
Select the surface finish	STZLC12**W7**
Select the base finish	STZLC12W7**20**

weights

Waltz Fixed Height Laptop/Task Table	14.5 lbs
Waltz Height Adjustable Laptop/Task Table	14.5 lbs
Waltz Side Table	16 to 18 lbs
Waltz Occasional Table	23 to 25 lbs
Waltz Coffee Table	32 to 34 lbs

surface construction

Laminate and veneer surfaces are backed with a MDF core that is edge band sealed. The top flush insets into the aluminum frame and the edge band protects the core from moisture intrusion. Edge banding is not visible.

height adjustment

The height adjustable laptop task table features adjustment from 22 1/2" to 29 1/2" using a spring adjustment within the upright tube. Height adjustment is regulated by the end user with a tensioning knob.

nesting

Waltz Lounge tables feature a center positioned leg that allows tables of various heights to overlap work surfaces for added visual interest. Work surfaces are available in a 12", 15" and 18" height in all top sizes.

PLW1818 Pillow, 18 x 18 Knife Edge Square	
1 Side A upholstery Gr.4	335
2 Side B upholstery Gr.6	73
Total:	$409

COM/COL material requirement

Yardage is based on a non-patterned fabric. Additional yardage may be required for pattern repeats and the matching required. Leather yield may be affected by the quality of the COL. However, variance in the size of the hides will not affect the yield.

SINGLE UPHOLSTERY	COM [yards]	COL [sq. ft.]
12×16 Pillow	3/4	2-1/4
10×22 Pillow	3/4	2-1/4
18×18 Pillow	1	3
22×22 Pillow	1	3

MULTIPLE UPHOLSTERY

Pillows specified with multiple patterns or colorways on side A and B use the same yardage as above for each side. In total, twice the yardage is required when multiple patterns / colorways are used.

indoor vs outdoor pillow construction

Pillows are available to specify for use in either an indoor or an outdoor environment and have unique model numbers. The overall appearance is the same, however, there are additional construction elements necessary for pillows intended for use outdoors where it is exposed to the weather.

cushion water barriers

When specified for use in an outdoor environment, accessory pillows include a water barrier to provide a protective barrier to prevent the foam from absorbing moisture.

outdoor rated textiles

Pillows specified for use in an outdoor environment will be limited to order in finish textiles that are specifically designed to withstand prolonged UV exposure and outdoor elements. Pillows ordered for use in indoor environments are available in a wider range of textiles that may include textiles also suitable for outdoor use.

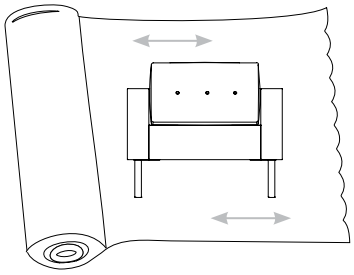
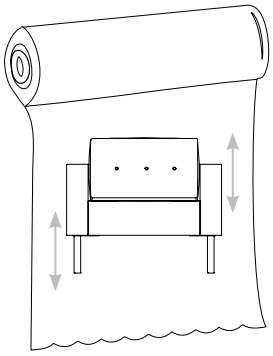
railroad vs off the bolt upholstery application

Studio TK upholsters most seating products in an Off The Bolt direction, but some product lines have unique characteristics, which require them to be upholstered in a Railroad direction.

When selecting Studio TK products that are upholstered in a Railroad direction, consideration should be given to any textile that includes patterns or texture as these will present differently than other seating upholstered in an Off The Bolt direction using the same textile.



Railroad Direction
When upholstered in a Railroad direction, the textile is applied left to right when facing the seating.



Off The Bolt Direction
When upholstered in an Off The Bolt direction, the textile is applied front to back when facing the seating.

The following product lines are upholstered in a Railroad direction only.

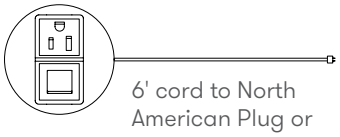
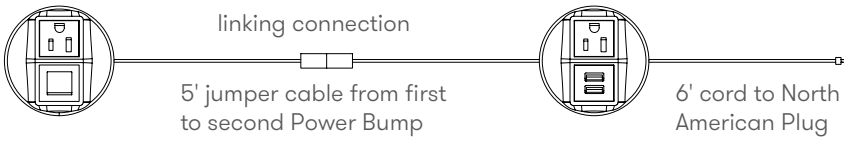
linking power

Power Bumps and Power Cores are available in two configurations:
- One Power Bump (requires one grommet cut out)
  Includes a 6' power cord or hardwire connection
- Two Power Bumps or Power Cores (requires two grommet cut outs)
  Includes a linking connection and includes a 6' power cord or hardwire connection
- Multi power unit kits daisy chain using color coded connectors and have one plug to the outlet

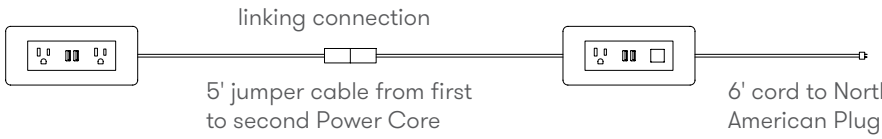
Power Accessories Single Round Power Bump **(STYD)**



Power Accessories Dual Round Power Bump **(STYE)**



Power Accessories Dual Rectangular Power Core **(STYZ)**

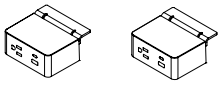


linking power on seating

clique

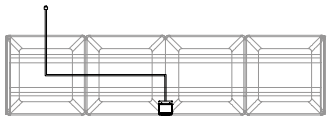
The following accessories are available on Clique seating.

Single Power Accessory **(STYC)**
- One unit with 1 Simplex, 1 USB-A, 1 USB-C

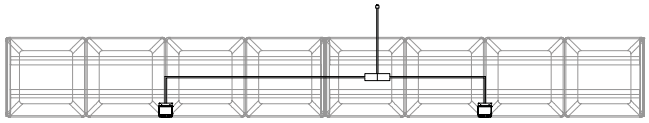


Dual Power Accessory **(STYB)**
- Two units with 1 Simplex, 1 USB-A, 1 USB-C

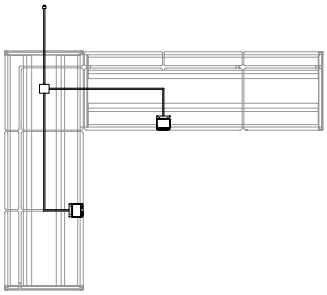
The following outlines applications with Clique Power Accessories.



Single Bench Applications
- Single Power Accessory **(STYC)** is recommended
- **STYB** is possible if more power is desired



Side by Side Single Bench Applications
- Dual power accessory **(STYB)** is recommended
- Includes a junction box to allow the power to run from bench to bench

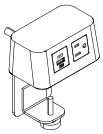


L-Shape with Bench Dual Power Application
- Dual power accessory **(STYB)** is recommended
- Includes a junction box to allow the power to run from a bench to bench

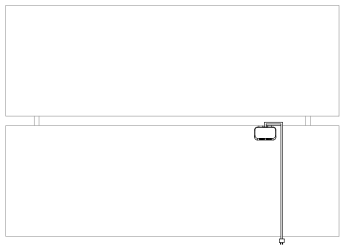
linking power on tables

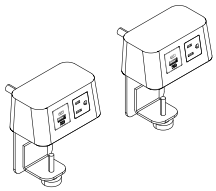
rec

The following power accessories are available on Rec tables.
- Single Power Accessory configurations feature a single 10' power cord or hardwire connection
- Dual and Quad Power Accessory configurations feature a single 6' power cord and 5' jumper cable connections to each additional power unit

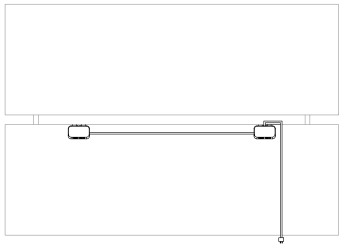


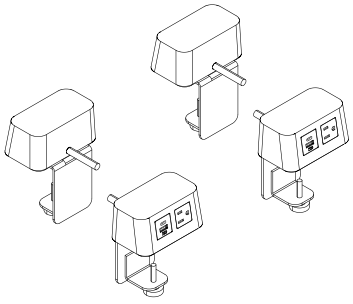
Single Power Accessory **(STYQ)**
- Single power unit with 1 Simplex, 1 USB-A and 1 USB-C



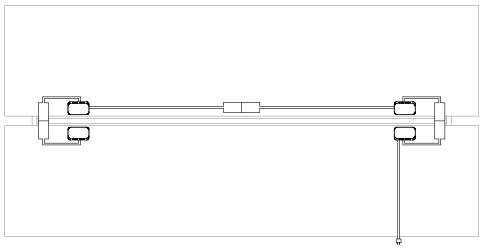


Dual Power Accessory **(STYR2)**
- Two power units each with 1 Simplex, 1 USB-A and 1 USB-C





Quad Power Accessory **(STYR4)**
- Four power units each with 1 Simplex, 1 USB-A and 1 USB-C

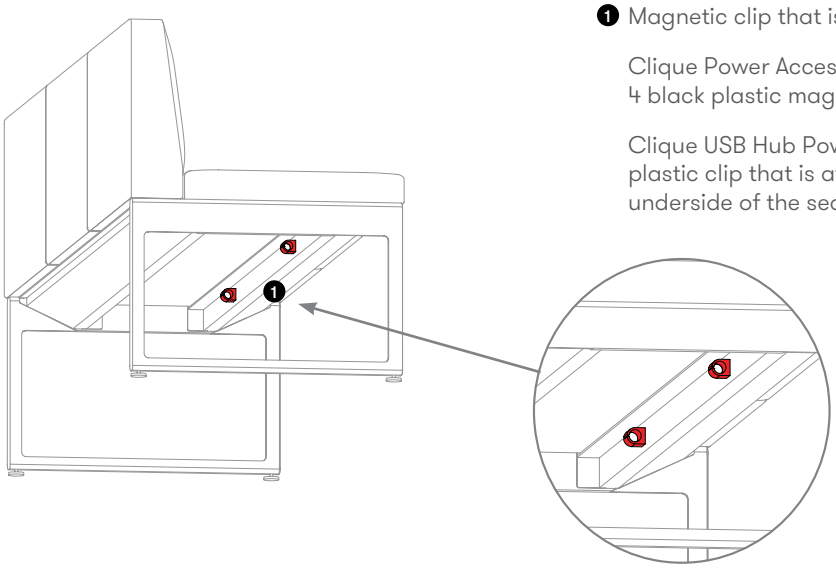


power management on seating

Power management is available on Studio TK seating.

clique

Cable Managers are magnetic and can be re-positioned anywhere on the underside of a bench.



Power Routing

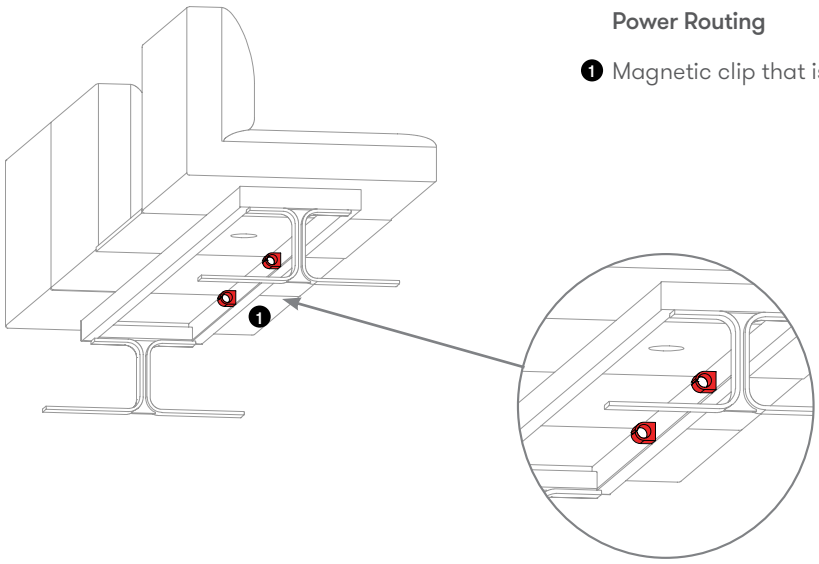
❶ Magnetic clip that is attached under the bench

Clique Power Accessories (STYB and STYC) come with 4 black plastic magnetic clips.

Clique USB Hub Power Accessory (STYU) is a white plastic clip that is attached with a screw to the underside of the seat pan.

vettore

Cable Managers are magnetic and can be re-positioned anywhere on the underside of a bench.

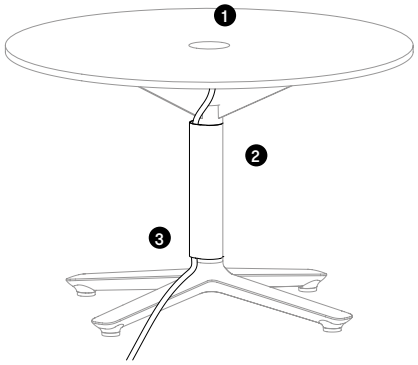


Power Routing

❶ Magnetic clip that is attached under the bench

power management on tables

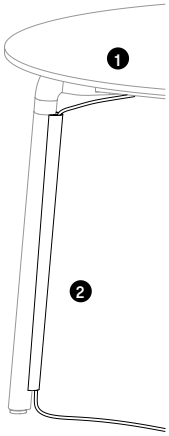
bevy occasional and work pedestal tables



Power Routing

1. Power is routed from a Power Hub on the worksurface.
2. A zippered felt basket below the worksurface provides easy access cord storage.
3. The power cord routes down the table leg with a wire manager that attaches to the center column. The wire manager is cut to length based on the table height.

bevy work table



Power Routing

1. Power is routed from the Power Hub on the worksurface down the leg of the table with wire management that attaches to a leg.
2. Wire manager is cut to length based on the height of the table.

bevy table finishes

The wire manager is ABS plastic and coordinates with Very White and Granite.

Very White wire manager will only be used when a Very White base is ordered. All other base finishes have a Granite wire manager.

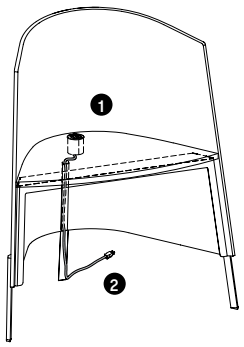
fractals nook



Power Routing

1. Power is routed from the Power Hub on the worksurface down one leg of the table through a wire manager cover.
2. Wire manager has an adhesive backing and attaches to the leg.

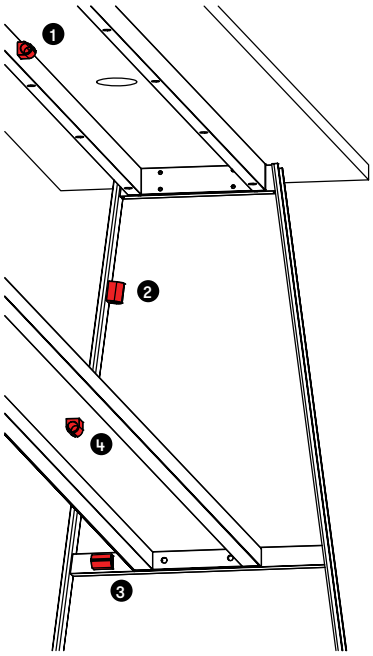
The wire manager is Black ABS plastic.

power management on tables

rec

Cable Managers are magnetic and can be positioned anywhere on the metal structure of the table:

- Included when a power cut out is specified
- Available for single and split tops
- Single Tops accommodate the STYD and STYE Power Bumps
  - 58", 70", 88" include 4 cable managers
  - 99" and 119" include 6 cable managers
  - 163", 187", and 227" include 12 cable managers
- Split Tops accommodate the STYQ and STYR Power Bumps
  - Single power units include 4 cable managers
  - Dual power units include 6 cable managers
  - Quad power units include 12 cable managers



Magnetic cable managers are finished in Black.

Power Routing

1. Place at least one magnetic manager on the sub-top rails to ensure cable is not visible underneath top.
2. Place at least one magnetic manager on the inside of the table leg to route the power cord down the leg. If power monument is located at one table end you may use two managers here. (Inside of leg is recommended however you could also place on outside of leg.)
3. Place one magnetic manager on the cross beam of the leg assembly to either go to the floor (if monument is at end of table) or to route to center manager.
4. Place one magnetic manager directly above floor power monument (if between table legs) to route cable to the floor.

metropolitan 14

Metropolitan 14 is the reinterpretation of the classic Metropolitan chair. The volume of the chair has become thinner and the surfaces have enhanced their flowing design with a fully integrated seat cushion. The chair design is an invitation to sit down and enjoy a moment's rest while still interacting with the environment from a comfortable position.

Designer: Jeffrey Bernett

ac executive

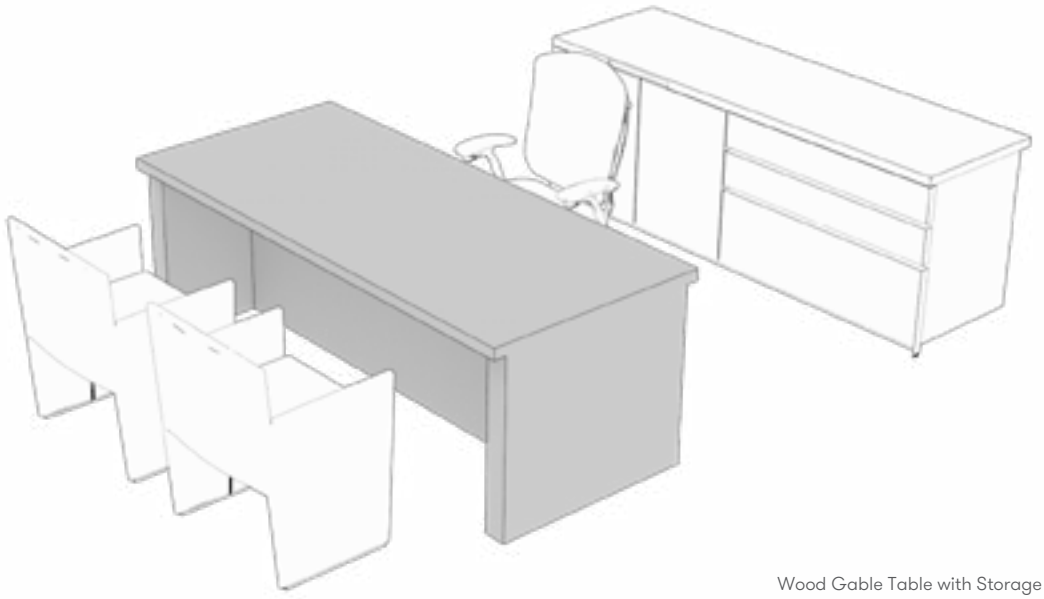
Designed by Antonio Citterio, AC Executive provides a distinctive range of wood-based furniture designed for executive offices, meeting rooms and home office.

Select from a complete series of Storage Walls, Bookcases, Credenzas, Desks and Tables to create a beautiful and functional workspace. Hand-selected horizontal grain veneers are finished with a matte sheen and complemented with polished chrome legs and accent detailing. Product features include: concealed soft-close hardware, veneer-matched drawer boxes, back-painted magnetic glass, LED lighting, wire access/management and acrylic floating dividers.

AC Veneer Group includes these finishes only: (P7) Grey Oak, (P8) Light Brushed Oak and (P9) Smoked Oak.

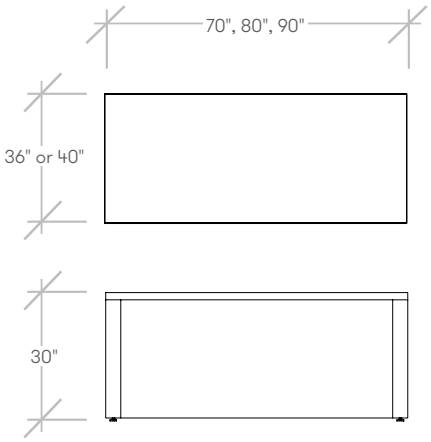
tables

Tables are available with wood gables or with X-Legs. These tables are intended for private offices or small meeting rooms.



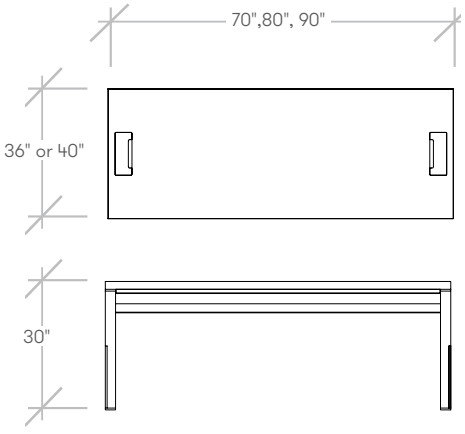
Wood Gable Table with Storage Wall shown

dimensions



Wood Gable Table - ZXWT

- Is a table desk with no pedestals and options for no modesty, a half modesty or full modesty
- When no modesty is selected the desk will have Polished Chrome decorative rod between the gables
- End Gable is 3 1/2" wide and recessed 1 1/2" from each side of the worksurface
- Zero or two grommet can be specified
- When no modesty is specified, a Chrome cross beam will be between the legs



X-Leg Table - ZXXT

- Is a table desk with X-Legs and no pedestals
- Zero or two cut outs can be specified

ZXWT **ac executive** wood gable table
