

teknion laminate lockers

teknion

01 handle

For aesthetic variation, locker handles can be specified as monotone, or with different interior and exterior colors. Handles are available in Accent, Foundation and Mica Paint finishes.

02 mail drop

The mail drop slot accepts standard size envelopes, while enhancing locker ventilation.

03 label holder

The label holder provides locker identification and visual display of information such as names, asset codes and serial numbers.

04 lock mechanism

Four lock mechanism options are available - key lock, numbering lock, digital lock and RFID lock.

05 finishes

To expand design options, the locker case and door front can be specified in different finishes. Nine Source Laminate choices are available.
