update summary

Please be advised that information has been updated within the Audience Tables & Collaborative Spaces Reference Guide. To highlight these updates, a summary has been created for your reference.

new

The following new products are now available and have been added to all relevant pages:

- Square Height-Adjustable Table Lounge-to-Task (ATHLS)
- Rounded Square Height-Adjustable Table Lounge-to-Task (ATHLR)
- Round Height-Adjustable Table Lounge-to-Task (ATHLC)
- Square Height-Adjustable Table Task-to-Standing (ATHTS)
- Rounded Square Height-Adjustable Table Task-to-Standing (ATHTR)
- Round Height-Adjustable Table Task-to-Standing (ATHTC)

revised

WE Connect has been temporarily removed..

First orders for new products will be accepted on February 23, 2026. All software will also be updated by February 23, 2026. If you have any questions regarding the information enclosed, contact your Teknion Customer Service Representative.

what is audience tables & collaborative spaces

Audience Tables & Collaborative Spaces is a comprehensive collection of Audience tables created to meet the diverse needs of modern workspaces. Audience is designed with a clean, simple aesthetic offering a quiet, architectural presence that complements a wide range of environments—from casual cafes and collaborative gathering spaces to formal meeting rooms.

Flexibility is at the core of Audience. The collection supports a full range of finish combinations, allowing seamless integration with any interior palette or material program. Whether it's wood, laminate, or mixed materials, Audience provides the freedom to design with intention.

Recognizing the importance of technology in today's workplaces, Audience is available with a variety of integrated power and data solutions. Surface-mounted and below-surface options ensure users stay connected without compromising the table's refined appearance.

Engineered with cost-effectiveness in mind, Audience delivers thoughtful design and robust functionality at an accessible price point. Its platform-based approach simplifies specification while maximizing application possibilities across the entire floor plate.

audience is more than a table

It's a collection designed to adapt, connect, and perform wherever people gather.

what is audience tables & collaborative spaces

meeting tables

Meeting tables are available in five worksurface shapes: Square (Straight or Radius edges), Rounded Square, Circular, Rectangular (Straight or Radius edges), and Rounded Rectangle. You can choose from Fixed Post or Stretch legs, with either Levelers or Casters. The tables offer several electric cut out options.

casual tables - cafe

Cafe tables available in a range of sitting or standing heights and are designed to maximize both functionality and style in any space. These tables provide the flexibility to serve as a casual dining spot, a quick meeting hub, or a comfortable standing workstation. The tables can accommodate electrics both below and above the worksurface.

casual tables - lounge

Lounge tables create a comfortable and functional space. They are designed to complement relaxed seating, encouraging informal conversation and collaboration. Their lower height makes them ideal for holding drinks, books or devices.

casual tables - dining

Dining height tables in an office create a comfortable and familiar setting that promotes a more relaxed and collaborative atmosphere. Their traditional height is ideal for sustained team meetings, focused project work, or even serving as a casual lunch space, offering a versatile alternative to formal conference rooms.

meeting tables

MEETING TABLE FEATURES

Worksurfaces are available in the following styles:

Square (ATMH)
(Straight (S) shown)

Rounded Square (ATMG)

Circular (ATMJ)

Rectangular (ATME)
(Straight (S) shown)

Rounded Rectangular (ATMQ)

Square and Rectangle Meeting Tables have two corner styles available:

Radius (R)

Straight (S)

Height: 29"

Leg styles are available in the following options:

Fixed Post Legs (P)

Fixed Post Legs
with Casters (M)

Stretch Legs (S)

Stretch Legs
with Casters (C)

Electric Cut Out options include, None or the following:

Available for Rectangular and Rounded Rectangular

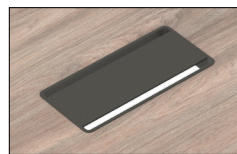

7" Compact Recessed
Access Door (AB)

Dual Flush Power
Module Cut Out (H)

Triple Flush Power
Module Cut Out (AJ)

12" Compact Recessed
Access Door (AF)

All electric modules must be ordered separately, refer to the Electrics Section in *Complements: Teknion's Ergonomics & Accessories Program*.

When the 7" Compact Recessed Access Door (AB) and 12" Compact Recessed Access Door (AF) is specified, the access door is included with the table and does not need to be ordered separately.

electrical

ELECTRICAL CUT OUT LOCATIONS

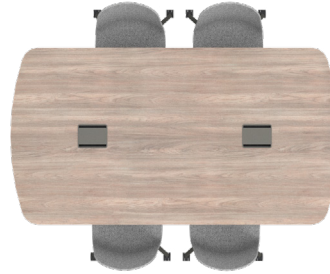

Electrics location for single power modules.

Module is centered

Electrics location for double power modules.

If more than one electric module is specified, refer to the Electrics Section in *Complements: Teknion's Ergonomics & Accessories Program*.

Center Distance -
width of table divide by 2

WIRE MANAGEMENT FOR MEETING TABLES

For Cable Management options refer to the Electrics Section in *Complements: Teknion's Ergonomics & Accessories Program*.

Cable Manager for Meeting, Conference & Workshop Tables (YZNEC)

WIRE MANAGEMENT FOR CASUAL TABLES

A through hole in the metal post leg allows for the Below Power Module (AB) wire to run down the post leg as a wire management solution.

For ATETB, ATEDB and ATERB wire enters from the center of the worksurface down through the post leg.

If the electric floor box is flush to the floor, the table can sit directly over top.

electrical

WORK TABLE ELECTRICS

Grommets on Work Tables are located along one width of the Work Table surface and are ideally suited for single person usage of the table. In shared applications, Grommets are not recommended.

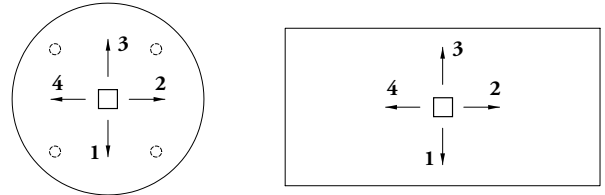

AUDIENCE BOARDROOM TABLE ELECTRICS

- Standard and CALA unit can be field-installed using the template provided with the product, but tables can be ordered with the recessed power/data cut out pre-cut
- Special configuration recessed modules are available up on special request

Module Orientation in Table

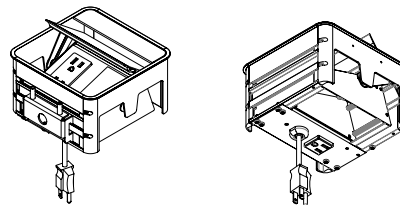

- As cut out in table for recessed power/data module is 6" x 6" square, unit may be oriented in 1 of 4 directions as shown at left
- Unit can be re-oriented easily with only one tool (screw driver)
- If unit is field installed, a template is provided with the product. A 6" by 6" hole must be drilled

Data Port Configuration Options

Communications Opening can accommodate data plates and connectors from many manufacturers such as Amp, Panduit, Hubbell, Leviton, Northern Telecom, AT&T/Lucent and others to have up to four data ports

- Data cables may be exited from unit on right side of frame (1) or on bottom (2)
- Bottom-Mounted outlet can accommodate large brick-style plugs with integrated transformers (3)
- Voice/Data Face plates, Jacks and Cables are not included and must be field-supplied and installed

Wire Pass through on two sides
1-1/8" high
