

teknion upStage

teknion

Just as mid-century modern design transformed 20<sup>th</sup> century interiors, upStage™ brings a new topography to today's office. Based on a simple platform or stage, upStage frees users from the constraints of a benching frame or panel, allowing you to build along a horizontal or vertical plane to create layered workspaces and multi-story volumes.

upStage sets the stage for creativity, innovation and transformation, exhibiting characteristics such as:

- Real Furniture – a refined design emulates high-end residential furnishings
- Creative Freedom – a rich material vocabulary provides opportunity to be original and bold
- User Choices – an array of versatile furniture pieces enables tailoring of workspace layouts

A clean, light residential aesthetic and a rich material vocabulary create an appealing office landscape enlivened by a creative use of vibrant color and varied textures. Design details,

such as the elegant wood and metal Y Leg, endow the furniture with a level of refinement that approaches that of high-end residential furnishings.

## finishes

A rich material vocabulary provides an opportunity to be original and bold. upStage offers a myriad of color and texture options, including wood veneers; translucent, tinted and back-painted glass; perforated metal; and a range of beautiful painted metal finishes.

- 01, 02 The Shared Glass Back Hutch Stacker creates a sense of privacy and division between workstations while maintaining open sightlines and allowing plenty of light to pass through.
- 03 The Storage Cube is a casual, mobile personal storage unit that fits neatly under the stage.

A truly unique structural solution, the staging unit integrates a full complement of desks, height-adjustable tables, cabinets, shelves, cubbies and screens. Every element moves into place and fits together, offering fresh design concepts.

01 upStage's unique Y Leg provides a two-tone expression with a combination of metal and wood. Darker metal and wood finishes convey a classic look.

02 Mobile and Fixed credenzas serve double duty as a casual seating area when cushions are applied.

03 Paper management is facilitated both horizontally and vertically using the Hutch Accessory and Mobile Cubby Trays.

04 Bookcase Stackers provide casual, see-through privacy, separating workstations from adjacent areas.

#### meeting tables

upStage Meeting Tables are thoughtfully designed to bring warmth, versatility, and function to collaborative spaces. Available in rectangular, square, and round formats with wood or metal legs, these tables blend refined

materials with purposeful form, offering flexible options for any meeting environment. The line's distinctive Y-Leg coordinates seamlessly with those offered for upStage worksurfaces, allowing for harmony of design throughout the office.

Shelves: *Foundation  
Laminate, Atrium White*  
Frame: *Mica Paint, Gilded Ash*

planters  
Accent Paint, *Mulled Wine  
Accent Paint, Matcha*

01  
upStage tables suit a variety of applications, from a structured meeting area, to casual touchdown spot to catch up on email or gather for a meal with colleagues.

02  
The table's Y leg borrows its design from the greater upStage family, allowing for harmony of design throughout the office.

03, 04  
Tables are offered with a surface-mounted power integration options: 7" recessed access door or dual- or triple-flush power cut outs.
