ballad plastic outdoor stool
product information

Elevate the rhythm of your outdoor spaces with Ballard Plastic Outdoor Stools, a continuation of the Ballard collection created by Patrick Norguet. Designed in an armless silhouette with two functional heights, bar and counter. Ballard Stools offer a refined simplicity ideal for collaborative moments or quiet interludes. Engineered for outdoor spaces, each stool features UV-protected frames and plastic seats. With eight distinct frame finishes and three plastic seat colors, the collection offers a rich palette of options, allowing you to compose your space with intention and individuality.
